**STABILITY.**

NON-IRRITANT.

**Seeley's Hard Rubber Trusses**

Possess all the advantages of others, and are without their faults. They are made in a great variety of styles to suit the various forms and conditions of hernia. They are impervious to moisture: used in bathing, and fitting perfectly to the shape of the body, may be worn without inconvenience by the youngest child, most delicate female, or the laboring man.

These trusses being unaffected by perspiration, are easily kept clean, avoiding all sour, sweaty, chafing unpleasantness, and while extremely light the worst forms of hernia will be held permanently, thereby causing a radical cure where cure is possible by any means.

**ESTABLISHMENT,**
