ing Co., of Winnipeg. As the name implies, the book deals mainly with the country from the great lakes westward to the Pacific coast. It is profusely illustrated with excellent engravings, gleaned from a trip through this vast region. It also contains three maps, one each of Manitoba, the Territories and British Columbia. The reading matter gives a great deal of information regarding that portion of the Dominion west of Lake Superior, commencing with Port Arthur, and going right through to the Pacific coast. British Columbia is well represented. There is also a brief sketch of Canadian history, and a few pages devoted to the older provinces of the Dominion. Mr. E. E. Boyer is now in Manitoba delivering the book.

THE annual meeting of the Manitoba Dairy association took place in the board of trade rooms, Winnipeg, on Tuesday evening of last week. The election of officers being proceeded with by ballot resulted in Mr. Wagner being elected president by 12 to 5 over Mr. Jackson, Major Boulton vice-president and H. Cameron secretary. The following board of directors was elected: Prof. Barre, Joly; Hon. W. Clifford, Austin; J. T. Henderson, Royal; R. Waugh, city; E. A. Struthers, Russell; Charles Mignault, Joly; A. Malcolmson, Minnedosa; C. S. Caron, St. Charles; Mr. Rockett, Manitou. On motion of D. MacArthur, seconded by E. P. Leacock, a committee consisting of the chairman, the secretary and Prof. Barre was appointed to draft by-laws. Mr. Bell suggested that this committee recommend some scheme for the collection of statistics regarding the output of dairy products, and ascertain the feeling among farmers and dairymen as to the advisability of buying and selling butter and cheese on inspection. This was concurred in. A committee consisting of Messrs. Wagner, Boulton, Clifford, Struthers, Ashdown and Cameron was appointed to wait on the Minister of Agriculture and ask him to introduce at the next session of Parliament an Act to promote the development and good management of public dairying. A resolution was also passed favoring the establishment of a board of trade in Winnipeg to promote the dairying industry, said board to hold regular meetings and deal with the transport and disposal of dairy products. A lengthy and interesting paper was read by Major Boulton, relating to dairying in Manitoba.
