PREPARATION OF SEED WHEAT.

By sifting, with suitable sieves, the large plump berries may be separated from the small and shrivelled, which will make a great improvement. Then wash thoroughly in water, stirring violently, and skim off all floating substance. Violently washing will rub off the seeds of fungus which might cause smut or other diseases, and destroy the eggs of insects; and by skimming, the light seeds and other refuse substances may be excluded.

Various steps are used as a further prevention of smut, &c, for which we have recommended violent washing. The following is cheap, convenient, safe, and probably as effective as any; and it has the important advantage of floating oats, and grain of comparative lightness, that sink in pure water.

Make a solution of salt, as strong as it can be made, which is probably about one quart of salt to two gallons of water. In this steep the wheat, and remove worthless matters that rise, also the grains of wheat of comparative lightness. It is best to soak the wheat twelve or twenty four hours; but when thus prepared, if the weather is favorable, it will keep in good condition for several days or weeks, if the brine is strong, as it will not vegetate in it.

We have kept wheat a week or two in this way; and a farmer informed us that he had prepared his wheat in brine, when his interval where he intended to sow, was overflowed, and he kept it in the brine three weeks, and as it was ate, he then spread and dried it, and sowed the next spring with success.

After soaking wheat in brine, drain off the brine which is a good manure, and add sufficient slaked lime to make it dry enough to sow. Sow soon after the lime is added. If any accident or storm prevents sowing soon, return the grain to the brine, as the best preservative.—N. E. Farmer.

HINTS FOR JUNE.

Look at your newly planted apple trees; examine if any noxious insects have commenced their ravages. Fruit trees of all kinds are liable to considerable injury by the attacks of a great variety of insects, such as the caterpillar, green louse, &c. The operations for destroying insects are various, and in most cases must be regulated according to the species. I would here only recommend from experience the dusting of lime, or the application of tobacco water as most beneficial. One lb. of tobacco steeped in three gallons of hot water, will dress one hundred young trees. Apply the water with a small brush or sponge, when cold. You will find it death to all kinds of insects, and life to the trees. E. HUBBARD.

CHARCOAL.

Powdered charcoal, or the refuse of the pen, should be thickly strewed over every place where filth is allowed to accumulate. It absorbs the bad smell, and makes an excellent manure of what otherwise would not only be useless, but offensive. It also prevents the larvæ of insects from becoming flies or moths. Pigs like to eat charcoal—are thought to fatten on it, and, in the course of the summer months, I frequently have a bushel or so at a time thrown over the pen. It makes the manure so much more valuable, that I find it worth while to buy it for the purpose.

GUANO AND BONES.

The supplies of Guano, save from the almost inexhaustible stores in Peru, are now very limited, and prices have in consequence risen considerably. A large quantity of Peruvian was lately imported into Liverpool, no less than 1200 tons; 200 of this import was an order, and 1000 tons were sold by auction at from £9 12s 6d to £10 2s 6d per ton. When retailers' profit, freight, &c., are added this Guano must at present be an expensive manure. These high rates have led to extensive demand for bones, which are now selling at 2s 4d per bushel; and we understand that the dealers in bone dust have more orders than they can supply, as the raw material of this manure is by no means plentiful.

DR. JAMES HOPE'S VEGETABLE PURIFYING HEALTH PILLS.

Dear Sir,—You may very safely and with every confidence recommend the above PILLS, as a very superior Medicine in cases of Indigestion, Bilious Attacks, Sick Headache, Giddiness, Loss of Appetite, Lowness of Spirits, with sensation of Fullness at the Pit of the Stomach, Pains between the Shoulders, Acidity in the Stomach and Bowels, Flatulency, Spasms, Heartburn, Dimness of Sight, Drowsiness, and the Distressing feeling arising from Debility and Indigestion.

All these diseases have each something in common, each some principle of CONTINUITY, which, amid all their apparent variety, establishes their unity of type, one remedy alleviate or cures them all, and that remedy is DR. HOPE'S PILLS.

They are the very best remedy, and can be taken at any time, without any danger from wet and cold, requiring no restraint from business or pleasure; they act mildly on the bowels, without pain or griping, giving strength to the stomach, and promoting a healthy action of the liver, by which they prevent and cure Jaundice and Dropsy, clear the skin, remove Sallowness and Pimples, purify the Blood, brace the Nerves and invigorate the whole system. Females at a certain age should never be without them. BUTTLER & SON, Cheapside, London.

From what I know of the above PILLS, I can unhesitatingly recommend them as a valuable Medicine, especially for the diseases mentioned above.

SIR HENRY HALFORD'S IMPERIAL BALSAM,

FOR THE CURE OF RHEUMATISM, ACUTE OR CHRONIC, RHEUMATIC GOUT, NEURALGIA, AND DISEASES OF THAT CLASS.

THIS extraordinary and potent compound is made according to a favorite prescription of the above eminent Physician. Sir Ashley Cooper, also, frequently referred his students to the compound as eminently calculated for the cure of Rheumatism, and other diseases of that class.—its ingredients are entirely from the Vegetable Kingdom, and if any medicine could legitimately be denominated a specific, this remedy is preeminently entitled to that appellation. But the Proprietor does not believe in INFALLIBLE SPECIFICS for the cure of any disease, yet his confidence in this medicine is such from personal knowledge, as to supply it, when taken under his own supervision, on the condition of "NO CURE NO PAY." Its success, in almost every case where it has had a fair and honest trial, fully confirms its general reputation, of being the very best medicine in the world, for the cure of RHEUMATISM, GOUT, NEURALGIA, &c., Toronto, 14th December, 1848.

Sir,—Having for a considerable time severely suffered from an attack of Rheumatism, in my right arm and side, I applied to one of our respectable Physicians; but his treatment was of no permanent benefit to me. I was, therefore, induced to procure a bottle of your IMPERIAL BALSAM, which has completely cured me, having now been perfectly free from any kind of pain for twelve months. You may use this communication as you think proper, and refer enquirers to Yours, very gratefully, GEORGE CLEZIE, Cabinet-Maker, No. 4, Adelaide Street, East. Price 2s. 6d., 3s. 9d. and 5s. per Bottle. The above Medicine is for Sale by S. F. URQUHART, General Agent, 69, Yonge Street, Toronto.

Dear Sir,—Being for the last four years subject to severe attacks of Rheumatism, Gout, or Rheumatic Gout,—I know not which; and having tried many remedies, prescribed by different parties, I have now no hesitation in stating that your Medicine, called SIR HENRY HALFORD'S IMPERIAL BALSAM, has stopped the complaint in the preliminary stages, four times over, in a few hours. Indeed, although you prescribe it to be taken four times a-day, I have never had to resort to it more than twice. Not only myself, but some friends to whom I have given some, were similarly relieved;—and in no case have I found it to fail. This is the first FALL, for four years, I have escaped the affliction, and which I attribute, under Providence, to the use of your Medicine.

JOHN CRAIG, Painter and Glazier. 76, KING STREET, WEST, Toronto, 16th December, 1849.

A Case of Chronic Rheumatism of fifteen years standing, cured by Halford's Balsam and Hope's Pills. Toronto, 14th December, 1848.

DR. URQUHART: Dear Sir,—I hereby certify, that I have been afflicted with Rheumatism for fifteen years; for a considerable time I was confined to bed, and the greater part of that time I could not move myself; some of my joints were completely dislocated, my knees were stiff, and all my joints very much swelled: for the last three years, I was scarcely able to do three month's work without suffering the most excruciating pains, I was doctored in Europe by several physicians of the highest standing in the profession as well as in this province, I was also five months in the Toronto Hospital, and, notwithstanding all the means used, I could not get rid of my complaint, indeed I was told by a very respectable physician that I never could be cured, so that at the time my attention was directed to your SIR HENRY HALFORD'S IMPERIAL BALSAM, for the cure of Rheumatism, and Rheumatic Gout,—and Dr. HOPE'S PILLS, I was despairing of ever getting cured; when I called on you, I was hardly able to walk, and what was almost miraculous, in three weeks from my commencing to take your medicine, I gained fourteen pounds in weight; my health was much improved, and in about three weeks more my Rheumatism was completely gone and my health perfectly restored. I now enjoy as good health as any man in Canada. Since my recovery I have walked forty-six miles in one day with perfect freedom, and I assure you, Sir, that I feel truly thankful. You can make any use of this you please; my case is known to several individuals of respectability in this city their names you know and can refer to them if necessary. Yours, truly and gratefully, THOMAS WRIGHT.
