A NEW, NOVEL, FLEXIBLE STEEL WIRE DOOR MAT,

Woven so as to form a series of scrapers for removing mud, snow, ice and water quickly and effectually from the feet.

It is flexible and will adapt itself to uneven floors like a rug.

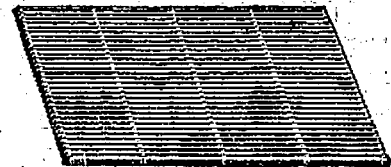

It does not fill up, break down, or become soggy, is made from hard steel wire and thoroughly galvanized to protect it from the weather.

It takes the place of the rubber and fiber mats, and fills a long felt want. It possesses every essential feature of a thoroughly first-class door mat, combined with strength, durability and neatness.

ELASTIC STEEL DOOR MATS.

16 x 24 18 x 30 20 x 32 22 x 36 24 x 48

Made with thin bars of steel placed edgeway up, every bar forming an independent scraper effectually cleaning the sole of boot as wearer passes over the mat.
