

The water reservoir of the

Imperial Oxford Range

is so designed that it keeps a large volume of water at a high temperature. This reservoir attachment of the Imperial Oxford Range is so arranged that it comes in close contact with the heat flues and keeps a plentiful supply of hot water ready at hand. The range is also fitted with an exceedingly powerful water front for use in connection with a kitchen boiler. If your dealer doesn't handle the Imperial Oxford, write to us for particulars.
