LAGONDA BOILER TUBE CLEANERS

The latest Lagonda Water and Air-Driven Boiler Tube Cleaners are the most powerful and efficient tube cleaners made. They develop higher speed and greater power than has heretofore been secured with any Turbine Cleaner, and their use will materially shorten the time required in cleaning boilers.

These new Lagonda Cleaners are built for all sizes of tubes, either straight or curved, and they can be driven by water, air or steam.

Ask for Catalog L.

LAGONDA Multiple Water Strainers

The Lagonda Multiple Water Strainer in your water supply main will remove all objectionable solid matter and insure constant and economic conditions of pump and condenser operation. They are easily and quickly cleaned, without interruption of water supply, and take up small floor space. Ask for Catalog R-2.
