200 yards when the ice gave way be-

not ascertain. Did Not Give Name. Waters finally got to a telephone and phoned No. 8 police station, and rang off before he gave either his own panion. Acting Detective Nursey, Mait Aykroyd, and Constable Beach of the Island, were on the scene in a few minutes, but in the gathering darkness all they could see was a small space of black water in the midst of the field of ice, thru which Simmons went to his death. The men could not venture out far enough to attempt to secure the body, and decided to leave dragging operations

over until this morning. life the swift flow from the septic tank causes a deep current in the waters, and Aykroyd believes the body will be found a considerable distance from the scene of the accident.

en's Only Food During Several Days-Inquest Fails to

The first of the winter's skating fatalody in a field on the farm of John Dew, near the corner of Forest Hill road and Eglinton avenue on Dec. 21 The jury returned an open verdict.

Dr. Bond and Dr. Johnson, who per formed the post-mortem, both stated that death was due to starvation and Negro Lad, Police Believe, exposure. No evidence of violence was found on the body, and no poison was found in her stomach. The autopsy report showed that for several days raw corn was her only food. It was also found that she had not been criminally assaulted, which entirely does enticed away by white slavers. The brain was found to be in a normal and neath him and he disappeared. New Law for Ontario Calls for Special Licenses and Examinations on Com-

petence.

After the New Year paid chauffeurs in the province will require special licenses. Legislation to this effect was arranged for last session with an eye to reducing the accidents on highways and making chauffeurs responsible for their passengers. The law now takes effect.

The method of the government involves a system of resident engineers in different centres, all of whom belong to the Ontario Motor League, These have already been appointed in North and East Toronto, Ottawa, Peterboro, Chatham, Fort William, Lord of Avon Wrecked on Way Sarnia, and other traffic centres. Ar-

rangements are incomplete as yet for Toronto, idamilton and London.

The examination will be conducted jointly by the district representative and a police chief. Things demanded include technical knowledge, oral rules, speed laws. rules, speed laws, a road test, and physical and character testimonials. There are twenty-seven points in all and the examinations will be uni-
