CHICAGO, Jan. 14.—Wheat jumped today to a point virtually 10 cents a bushel higher than on Monday last, when speculators were tumbling over each other to sell out, because of talk that the Turks were yielding control of the Dardanelles, and that hostilities by Italy implied a speedy end of the war.

At the summit, May wheat hostiditoday \$1.42 2.5

boiled ever in the last hour when rye, a substitute for wheat, was chalked up on the bulletin boards as commanding \$1.17 a bushel, a price beyond anything known in 50 years.

Piling up of corn here and at other leading centres kept that cereal depressed today, despite the strength of wheat. Oats proved firmer than corn, owing to buying on the part of export houses. More than 400,000 bushels of loats were sold here to go to the seable board, in addition to 175,000 bushels, domestic.

Lower prices for hogs pulled down provisions.

of the Dardanenes, and that nosting they was in the speedy end of the way they wheat to sold at speedy end of the war. At the summit, May wheat brought today \$1.43 3-8, a price not equaled before in years. The chief reason was that exporters wanted more wheat than they could buy in all American markets. Feeling was much unsettled at the close, which varied from the same as last night to 2 1-8c above. Corn finished unchanged to 1-16c up; oats at a gain of 4c to 3-8c, and provisions down 5c to 124/c.

European needs became so acute to day that, finding no wheat available for occars shipment was left in Chi.
