Collegiate association football team in Winnipeg. Through ill health he retired from participating in sports a year ago, but continued to be one of the chief directors of the brilliant career of the Terminal City lacrosse club until his death. The funeral took place at 10 o'clock this morning from the family residence to the Church of Our Lady of Holy Rosary.

George McInnall, of Montreal, has been visiting the mines in Cariboo in the interests of Eastern speculators. He speaks enthusiastically of the prosperity of British Columbia.

The Bridge river gold mine is said to be panning out well, while glowing accounts come from Kasloa Bar. The manager of the Gold Co. has been working with encouraging stories and fine samples of ore.

H. Arboott and Mr. Bapton returned from their Cariboo visit last evening. Both gentlemen are interested in the Horse Fly creek claim, which is being developed at considerable expense. Water has to be brought a great distance, and already ten miles of pipe has been laid down. The machinery and supplies the company has found it necessary to open a road from 108 mile post on the Barkerville stage road to the mine, a distance of 45 miles. It was learned that those in Queenella are making from \$10 to \$50 a day with the rocker; gold going in down to China without passing through the bank.

Cecil Smith brings from Lytton a report of a rich strike of gold in Bootake Creek. Mr. Smith and partners took up 160 acres of the Bootake claim, and on the 1st of July last, and have at length reached the pay streak. The gravel in the pay shaft tunnel yields at present \$8 a yard. The prospectors claim to have looted the bed of the former stream. A company is being organized with shares of \$100. The claim is two and a half miles from Lytton, on the Thomson river.

### AUSTRALIAN STEAMSHIPS.

Reported Hitch in the Arrangements for the Queensland Subsidy.

Advice from Australia indicates that a hitch has occurred in the legislation contemplating a subsidy of 25,000 yearly from the Government of Queensland to the new Canadian-Australian steamship line. The Government of Queensland wished to make the subsidy conditional upon an arrangement whereby two ports in that colony would be visited by the steamers; but Premier Dibb, of New South Wales, objected on the ground that his Government paid double the proposed subsidy, and would send that Sydney, N. S. W., continued to be the chief terminal point in Australia—Ottawa paper.

John Redmond Warns the Irish Against This "Deadly Peril."

DUBLIN, Oct. 9.—John Redmond, M. P. for Waterford, and leader of the Parliaments addressed a Pall Mall meeting in this city this evening. He warned the Irish members of Parliament against "the deadly peril" of supporting the Gladstone policy of hanging up Home Rule, while using Irish votes to pass a number of English reforms.
