SPECIALTIES IN WINE
STORAGE SERVICES

Oil, Motors and Various Subsidiaries Under Manipulation in New York.

New York, Sept. 12.—Dealings in stocks today centered largely in specialties, pools returning to the market in the general market, while standard shares retarded the opposing view or sentiment.

The labor outlook continued to be a central operation in the market, which closed at a slight decline, while kindred issues rose and fell.

Special objects of bullish attention from professional investors embraced the oil, motors and their various subsidiaries, tobacco, leathers and food shares, notably sugar.

Features of momentary strength included Fisher Body at an extreme advance of 23 points, with a high of 23 1/2; Louisiana Tobacco, 13; Savage Arms, 17 1/2; Mexican Petroleum, 7; Worthington Pump, 4 1/2, and American Western.

Equipment and shipping owned their intermittent strength in the market, but metals based on reports of a reduced inquiry, and rails were only occasionally quoted at prices extending from fractions to 1/4 points in the investment division.

Among the interesting developments of the session were the movements of the London cable announcing receipt of further consignments of the precious metal from South Africa, partly for shipment to this country. These were offset by small exports from this centre to the British metropolises, part of which was destined for Belgium.

Earlier tendencies for some of the leading rails and industrial issues, Liberty and foreign issues also shading.

Total sales for value aggregated \$15,000,000, U. S. bonds quiet.

CANNERS AND SUGAR
MAKE SHARP GAINS

Effort to Curb Prices of Foodstuffs Disregarded by Market.

Dominion Canners assumed the leadership of the local market yesterday, the price advancing 3/4 points to 54, with 5 1/4 as the final bid. There is no definite explanation of the upturn in the stock in the past few days, but apparently the feeling has gone abroad that the restriction upon the company's operations imposed as a result of the recent federal enquiry is not going to prove very deeply into profits. It might be considered that, with the newly reorganized board of commerce avowedly on the trail of the profiteers, stocks would not be popular with the investing public, but no great alarm appears to have been felt by the board, but the step is not apparently regarded as a ruinous one where the retail sugar vied with Canners in a demonstration of strength, the price of the stock moving up 1/4 points to 54 1/2.

Elsewhere in the list changes were somewhat irregular, with a mixture of small losses and gains. Trading was widely scattered, no fewer than 23 stocks being dealt in for a total of a little less than 2000 shares. The steels were dull, but firm. Dominion Iron and Steel, Canada's largest steel producer, advanced 1/2 point to 69, Canadian Locomotive was in demand and advanced 1/2 point to 100, Canadian common on light trading set up a high record price at 55 1/2, a gain of half a point. Canadian Light, which has developed unusual activity in the past few days, was steady between 10 1/2 and 10 3/4, while Brazilian was a shade easier at 5 1/2. The war loans were quiet and steady.

The day's transactions: Shares, 2388; bonds, \$9,875.

ON NEW YORK CURB.

New York, Sept. 12.—The heavy buying which has been in evidence in the market since the opening of the week continued vigorously today, with the result that this issue advanced over 1/2 points to 64 1/2, closed at 63 1/2, a net gain of 1/2 point.

Dominion Canners advanced 1/2 point to 54 1/2, while the steel issue advanced 1/2 point to 69 1/2, a net gain of 1/2 point.

The market was active and strong, with a heavy buying movement in the oil, tobacco, leather and food shares, which carried the price of the market up 1/2 point to 54 1/2, a net gain of 1/2 point.
