Store Open Until 10 o'clock Saturday Evenings.

### MOOLS LIVE OLANOHOL

Receipts of live stock were light. We failed to get a report from the G.T.R. and consequently are unable to give a detailed statement of receipts, which were in the neighborhood of 50 car loads. Will give full statement on Saturday.

There were few calves to prime cattle on the market, the bulk being of the common to medium class. Trade was quiet, with prices, easy at Tuesday's quotations.

There were few fat cattle offered, which was a good thing, as few were wanted. Several drovers stated that they had sold their cattle for less money than they paid in the country.

Exporters. Two calves well finished cattle, brought in by Sam Hazy of Cremona, were sold at \$5.25. They were the best of their class on the market in six weeks and the only cattle that sold over \$5 per cwt.

Butchers. A very few picked cattle sold from \$4.75 to \$5 per cwt. Loads of good \$4.40 to \$4.60; medium mixed sold at \$4 to \$4.30; common, \$3.75 to \$4; cows, \$3 to \$4.25.

Feeders and Stockers. H. Murby's fair run of stock cattle for this week. Although short-crop feeders were scarce all week, considerable more of the sheep, which were in the neighborhood of 50 car loads, will give full statement on Saturday.

The price received has averaged \$7.50 per cwt., or a gain of 2 1/2 cents per lb. The gain on each of \$4 per cwt. C. J. Brodie bought from McDonald & Maybee 48 yearling steers of choice quality, 450 lbs. each, at \$4 per cwt.

Market Notes. P. J. Henry of Ridgeway was on the market as a visitor. Mr. Henry and wife have just returned from an extended trip thru the Western States, having spent a couple of months in California and British Columbia, where they enjoyed themselves immensely.

### COMPANY WINDS UP.

Frontenac Cereal Food Co. Gets Beyond Its Depth. A winding up order was granted yesterday for the Frontenac Cereal Food Co., Limited, of Kingston. Chief Justice Mulock, who made the order, also made a stipulation that it should be run by Angus J. Macdonald as interim liquidator until the appointment of a permanent liquidator.

The company owes the Kingston branch of the Ontario Bank, of which Macdonald is manager, about \$104,000, and has other debts. It owns a flour mill and elevator, which are mortgaged to the extent of \$62,000, and rented for \$200 a year. In addition to this a cereal food mill, a store, housing and a cooper shop also belong to the company. These are subject to a bonus from the city for operation and a forfeiture of \$10 a day for discontinuance.

### CABINET MINISTERS' SALARIES

Matter of Increase Not Yet Discussed in Council. "It is the first I've heard of," was the comment last night of the Hon. Mr. Cochrane on the intimation in an evening paper that the cabinet ministers were preparing to take the initiative in a movement to secure a higher indemnity for the members.

### INSURANCE BILLS PASS "BIG ONE" AMONG THEM

Satisfactory Progress is Made With Legislation in Armstrong Committee Recommendations.

Albany, N.Y., April 12.—Four more of the bills recommended by the special insurance investigation committee were passed by both houses of the legislature to-day, and by noon to-morrow will be delivered to Governor Higgins, lacking only his signature to make them law.

The senate also put over as a special order for Monday night the so-called anti-perjury bill, which has already passed the assembly, but has been amended by the senate.

Without the technical parliamentary detail the following outline shows the standing of the bills at the close of the week. Nothing will be done with them in either house to-morrow.

Only two of the total of nine bills remain to be acted upon by the legislature, the general bill passed to-day by the assembly and pending in the senate and, generally, it passed there must return to the assembly for concurrence.

The four passed to-day and now awaiting the governor's approval are: The so-called anti-lobby bill, which requires registration of legislative agents and reports of their compensation and expenses to be filed with the secretary of state.

The bill more effectively penalizing falsification of the records of any corporation by any officer or employe. The bill prohibiting political contributions by any corporation, and requiring any participant in a violation to testify regarding it under assurances of immunity from prosecution upon his own testimony.

Qualifies Policyholders. The new bill of the committee qualifying any policyholder of a stock life insurance company to act as a director therein, regardless of whether or not he holds any stock of the company. This bill affects especially the Equitable Life Assurance Society.

Two bills passed earlier in the week are in the governor's hands, the anti-rebate bill and the bill relative to acquisition of real property.

One bill, that postponing the elections of the four mutual companies incorporated under the laws of this state, has already become a law—chapter 124 of the laws of 1906.

### COMMISSION TO NEW YORK FOR YORK LOAN EVIDENCE

Miss McCann's Testimony Expected to Put Finishing Touches on Mr. Curry's Case.

April 23 is fixed as the date of the meeting of the City Realty Company, for the formal transfer of the lands which they held to the York Loan's liquidators. The personnel of the directorate is identical with that of the York Loan.

A subpoena has been sent to the parents of Miss Hope, Miss Robb, who is stated to travel round as an inspector of the Toronto Life. She has been traced to Garden Hill.

Permission having been granted by the attorney-general for the crown attorney to interview Miss McCann, in New York, and Miss Sauter, in Buffalo, both of whom are shareholders of the Toronto Life, the Phillips investigation was adjourned yesterday until Tuesday next.

Magistrate Denton made a faint objection of the suspension of proceedings as he had made arrangements to go on with the case to-morrow and on Monday.

J. E. Jones was another dissenter to the proposal, but Crown Attorney Curry was firm and gained his point. Should the mission prove successful, the evidence will be presented to the court, and it will practically finish the case of the crown attorney.

Joseph Barrett was again in the box at the morning's proceedings yesterday. He stated that he had made the contract in regard to an elevator supplied to the West Piano Company. He went down to the Elevator Company and said he wanted an elevator for the Piano Company. He told them he wanted \$100 commission, to which the people agreed, with the result that he had the money. He denied that the tender was changed after the elevator was sold.

"Did you do with the money" asked Crown Attorney Curry. "Put it in my pocket," witness added that he divided it with no one. "I am told," began the crown attorney. "Who told you?" asked witness. "Some of your business," retorted the crown attorney. "I'll call the Turnbull elevator people concerning this commission."

"All right," said Mr. Barrett. "Lessen Lights." Wm. Payne refuted the declaration

Herbers George, an architect, stated that he had been working for the York Loan at \$20 a week, and \$10 a month. He did some illustrating for the National Monthly for which he was paid by the York Loan, who also paid him when he made out some charts for the Toronto Life.

### SENATORS BY ELECTION.

Motion by U. S. Congressman in Meeting With Favor. Washington, April 12.—A resolution providing for the election of senators by direct vote of the people has been favorably acted upon by the house committee on election of president, vice-president and representatives in congress.

The resolution, which was introduced by Mr. Norris of Nebraska, makes the term of members of the house four years instead of two years. Both propositions are to be accomplished by amendments to the constitution.

Reasons why the term of members should be four years are stated to be because no party can inaugurate its policy in two years.
