

T. EATON CO.
Canada's Greatest Store.
190 YONGE ST., TORONTO.
June 23, 1896.

Last Chance! \$49 Wheels!

We're selling away at the last of the '96 Bicycles, which means we shall buy no more this season. The market is weakening all over and high-grade wheels cost less now than ever before, but nothing anywhere has equalled the value we're giving in men's bicycles at \$49.00.

The best evidence of their superiority is the fact that we've sold lots of them. The handful that's left will be gone before you know it and then you'll have to pay more. No possible chance of cheaper wheels this season unless someone deliberately chooses to lose money.

Hartford wheels have been reduced to \$75, \$60 and \$50. That ought to clear them out before stocktaking.

Second Week Trunk Sale!

A special sale here usually means something. When we organize a special movement in anything it's a direct bid for more trade. Sometimes we go into the market prepared to buy great quantities of goods to sell quick. That's the case with Trunks. We saw an opportunity for reduced cost and quicker sales, and here we are, selling both Trunks and Valises at prices little dreamt of before. It's our opportunity and yours! It makes trade, makes friends and makes a new reputation for the store. It ranks in importance with the semi-annual Furniture Sale, and enlarges the possibilities of comfort for those who travel whether on business or pleasure. This is Trunk week! Special prices, special values, special enthusiasm! If you need a new Trunk now, or are likely to need one soon, we shall be pleased to show you what we mean by dry goods prices.

In Six Days Stocktaking!

That accounts in a measure for the downright sacrifice in perfectly new goods. Such things as we've too many of are marked to sell now for as little as we can possibly afford. Profit and part of cost are wiped out entirely on these special values for Wednesday morning:

| Furniture | |
|---|------|
| Verandah Rocking Chairs, slat seats and back, smooth finish, unpainted. Special at... | .50 |
| Widow Tables, cherry and mahogany finish, plush top, brass mounted, regular price \$2. | 1.25 |

- 7-National defense.
- 8-Encouragement of immigration.
- 9-Administration of Newfoundland to Confederation.
- 10-Maintenance of Canadian credit.

THE ELECTION OF 1896.

The general election of 1896 will prove a memorable one in Canadian history. Never before have the people of Canada taken such a keen interest in a general election. While the political question has become the most important issue of the campaign, the Manitoba school matter has aroused a greater degree of enthusiasm and excitement. The leading feature of the election is the double-headed policy of the Conservative party, the Manitoba question, the National Policy, and the National Defense. It will not be determined till after the election is over whether or not the Conservative party will propose a double-headed policy for Manitoba. If a sufficient number of anti-Remedial Conservatives are returned the Government cannot of course carry out its Remedial policy. If, on the other hand, the Government obtains a majority over the anti-Remedialists, the Remedial policy will be carried out. It is extremely difficult for any one to forecast the immediate political future. There may be a deadlock and another appeal to the country thereby rendered necessary. What is more probable, however, is that the two sections of the Conservative party, when they meet, will proceed to carry out the unmistakable desire of the electorate in upholding the National Policy. We are thoroughly convinced that the sense of the country is in favor of protection. It is in favor of protection. It is necessary to put these issues before the electorate once again, but the public may rest assured that neither will the N.P. be disturbed, nor Manitoba coerced.

THE UNIVERSITY AND PATRIOTISM.

President Angell of the University of Chicago delivered his 55th annual address to the graduating class on Sunday last. In the course of his remarks he gave the students some valuable advice on patriotism. According to President Angell the University should not confine itself to the teaching of purely academic subjects. The University is equally concerned in inculcating in young men the duty of citizenship. They should be taught to cherish the sentiment of patriotism, says the head of the celebrated university at Ann Arbor. We quote a paragraph from the President's address:

"We profess, as individuals and as a nation, to be governed by the principles of Christian ethics. We are agreed that the highest duty of a citizen is to do his duty to his country. It is to be respected by others or by self-respect."

"If this principle is a sound one, and we do not believe anyone will dispute it, Toronto University should be remiss in the obligation it owes the country to teach its students the duty of patriotism to Canada is at least questionable."

THE DEMOCRATIC CONVENTION.

The Republican convention at St. Louis, which has just closed, has taken the action the Democrats will take on the same question. The Democratic convention at Chicago on Wednesday, which is usually well-informed on such matters, states the situation: "Recent advances have seemed to make it probable that the free coinage, though perhaps not the nomination, unless the two-thirds rule should be adopted, it seems clear, however, that a serious depression, induced by the problem of depression, led by the free silver men have been during the last week or two recovered some degree of confidence, or, if not confidence, at least resolution to make an earnest struggle for the control of the convention. The victory of the gold men in some close States recently has contributed to this feeling of confidence, which has not been lessened by the success of the silver men. There is now every prospect that the silver men will not be allowed to shape the action of the convention without a strong fight for mastery."

Crucial in the Crisis.

Last evening the members and teaching staff of the Technical School, who accepted the friendly invitation of Mr. P. B. Polson, Vice-President of the board, to a sail on the lake in the yacht "Cruiser," were treated to a most enjoyable evening. The sail was completed during the evening Mr. Polson performed his duty as a most capable and efficient skipper. The sail was a most successful one. The sail was a most successful one. The sail was a most successful one.

The World has secured special wires from the G.N.W. and C.P.R. Telegraph Companies for the Election Returns.

MASSEY HALL "PACKED"

WITH THOUSANDS OF FORGED PLATFORM TICKETS

Issued by the Government's Opponents for Mr. Charles Fagge's Meeting Last Friday Night—Mr. E. F. Clarke Makes an Exposure of the Trick—Mr. Clarke's Prophecy of Future Success for Canada—To-Day's Victory Assured.

Mr. E. F. Clarke's condemnation of the cowardly tactics pursued by his opponents, in their efforts to defeat him, and Mr. F. Clarke's sensible, straightforward utterances on the trade question, formed the features of last night's meeting at the Massey Hall, which was attended by several hundred enthusiastic electors.

Mr. F. Clarke occupied the chair, and there were also on the platform, Mr. C. G. Robinson, John Laxton, F. W. Ellis and John T. Taylor, managers of the Toronto Radio-Manufacturing Co.

City Controller Graham, the first speaker, thought it would be foolish to discuss the matter of the schools in Ontario.

In conclusion, he said Thomas Crawford, the last speaker, gave a majority of 2000 in West Toronto, and if the electors did their duty, the Conservative and Liberal parties would have a similar majority.

Notably Timid.

Mr. E. F. Clarke observed that the desperate position of the opponents of the Remedial policy was reflected in the timidity of the speakers at the meeting. These opponents had forsaken the platform to meet Friday night at the Massey Hall, and distributed tickets to the hundreds in the audience who they urged to pack the great auditorium for Monday evening.

A voice—"We'll get our revenge tomorrow." (Great applause.)

Then, went on the candidate, these opponents, while they told the Orange League that they were not going to meet at the Massey Hall, at the same time issued a despicable circular, urging the Orange League to meet at the Massey Hall, and to pack the great auditorium for Monday evening.

Mr. F. Clarke observed that certain gutter-snipes were watching his house by night, and whispering to the streets that he was in the house. He said he was in the house, and he was in the house.

Canada's Resources.

Mr. Oiler, on rising to speak, received another ovation. He said the rest of the world seemed to be looking to the British Empire, and the Empire seemed to be looking to Canada. He said the British Empire was the only power in the world that was not corrupt. He said the British Empire was the only power in the world that was not corrupt.

A Straight Fabrication.

The following letter has been sent to the Globe:

"Editor Globe: You were not satisfied with my article in your issue of Saturday last, and in this morning's issue you published a straight fabrication. I am sorry to hear that you have taken the liberty to publish a straight fabrication. I am sorry to hear that you have taken the liberty to publish a straight fabrication."

Wallace Endorsed at the Junction.

At the Junction there was a big Wallace meeting last night. Kilburn Hall was crowded, and the speakers were given a good hearing. The speakers were given a good hearing. The speakers were given a good hearing.

Clark Wallace Endorsed at Both Meetings.

The two meetings at the Hubner and at Parkdale, last evening, called by Mr. Clark Wallace, were both successful. Resolutions were passed at both meetings endorsing Clark Wallace. Resolutions were passed at both meetings endorsing Clark Wallace.

UP TO WORK EVERY DAY.

Paine's Celery Compound Renewed His Life.

FARMER SMYE SAYS: "I AM A LIVING WITNESS."

Mr. George J. Smye, farmer of Sheffield, Ont., writes as follows: "I testify to the value of your great medicine, Paine's Celery Compound. For nearly two years I suffered from indigestion, acidity and liver troubles. After trying several medicines that did not effect a cure, I decided to try your Compound. Before using it I was low in health, not able to eat or sleep. I could not lie in bed owing to pain in my back; it was only by resting on my elbows and knees I was able to obtain a slight degree of ease. Before I had fully taken one bottle of your medicine I began to feel better. I am now a living witness to the value of your Compound. I am now a living witness to the value of your Compound."

Guinane Brothers

Good Shoes now—Fine Shoes—we've sold the last pair of damaged shoes, and to emphasize our return to the regular shoe business we present for sale.

2000 PAIRS

of the finest shoes ever made—shoes in which you can see the style and feel the quality—and they are made and marketed by Trimby & Brewster, the great Rochester shoe manufacturers.

In the regular way these shoes sell at \$4, \$5, \$6 and \$7 a pair. In the Guinane way they sell at \$2 A PAIR.

AN EXHIBITION OF BUTTER.

From Which Much Valuable Information May be Gathered.

Exhibits will be telegraphed for and subjected to the most careful inspection by Experts—Past Atlantic Line Tenders. The splendid capacity of the Canadian Soo Canal demonstrated—Ottawa News.

Ottawa, June 22.—(Special.)—Prof. Robertson, Agricultural Commissioner, leaves for Quebec in a day or two to attend an exhibition of butter advanced by the Provincial Government for the purpose of determining the quality of the butter produced in the Province. The exhibition is to be held in the Agricultural Museum, and will be open to the public for a period of two days. The butter is to be examined by commercial experts and medals will be given to the winners. The Agricultural Commissioner will examine the butter and will send letters to the creameries pointing out any defects either in making or packing and how they may be remedied. The exhibition is to be an excellent test of the value of the Danish method, and will assist in improving the quality of the butter produced in the Province.

THE CATTLE EXHIBITION BILL.

MARKET FOR OUR BOAT.

Canadian boat dealers will probably find this year to be a very busy one. The surplus production of Canada, as well as the surplus production of the United States, is being sold in the Mother Country. The surplus production of Canada, as well as the surplus production of the United States, is being sold in the Mother Country.

PERSONAL AND OTHER NOTES.

Mr. J. J. McGee, Clerk of the Privy Council, is in Montreal to-day in attendance at the Cabinet meeting held here.

Mr. Haggart was in town for an hour or two this morning and afterwards left for Perth, where he will remain until after the election. Mr. Haggart was in town for an hour or two this morning and afterwards left for Perth, where he will remain until after the election.

THE VENEZUELAN TROUBLE.

New York, June 21.—A special cable dispatch to The Herald from Caracas, Venezuela, says: "The Government of Venezuela has received reports from the Venezuelan consul at Trinidad, which stated that the recent engagement between the British and Venezuelans on the frontier of Guayana was not at all serious. The exact location is unknown, but the Government has reasons to suppose that the engagement was not at all serious. The exact location is unknown, but the Government has reasons to suppose that the engagement was not at all serious."
