recons in the business transacted yesterday were taken as an average amount for the general run of meetings the remark would certainly apply. It was decided that the chairman should call the board together whenever stress of business demanded it and at the least three times a week.

It was presumed that the meeting was called to award tenders for the supply of new City Hall chandellers. But a number of other matters engaged attention, the first being a deputation composed of Ald. Dunn, who asked that city employes be paid for time lost through injuries or sickness incurred in doing the city work. Controller Graham moved: "That the City Works who may be injured in the performance of duty so as to be incapacitated from work, all such cases with attending directions and events as mall such cases with attending directions and desired to make."

Ald. Lamb thought that Mr. Coady was an honest man, but did not communicate enough with the board.

Mr. Coady retorted that he presented full reports, and that it was not his fault if they were not understood by Ald. Lamb.

Auditor Anderson explained that his duttes were to supervise the finances of the city. In reply to Ald. Re Island Water Lots.

Ald. Scott, the City Solicitor and City Surveyor, on behalf of the city, applied to the Commissioner of Crown Lands yesterday for the Issue of a patent of the water lots around the Toronto Island, similar in terms to the one Issued by the Dominion Government to the city in 1896, subject, however, to the existing leases which the Ontario Government gave to the Royal Canadian Yacht Club and John Turner some years ago, and excepting therefrom the portion of land for which the city obtained a patent from the Ontario Government in 1894. Mr. W. R. Riddell, Q.C., and Mr. John T. Small appeared on behalf of several Island residents, and Mr. Raymond appeared for the Harbor Commissioners and Toronto Ferry Company.

After some discussion of Mr. Riddell's Charged With Child Stealing. and Toronto Ferry Company.

After some discussion, at Mr. Riddell's request, it was decided that the matter should stand over for two weeks to see if the form of patent to be issued can be agreed upon between him and the city's representatives. The Commissioner practically decided that he would issue the patent to the city, but the terms of the patent are to be arranged by the parties if possible, or by him if the parties cannot

agree. The matter stands over until the 15th inst., at 11 a.m.

Taxes Paid Signs of Prosperity. Tax Collector Patterson's return, as presented to the Mayor yesterday, gives the tetal amount of taxes collectible for the year as \$2,828,857, payable as follows:

First instalment, general taxes, payable Aug. 9 (postponed until Sept. 9), \$1,189,674; local improvement rates, payable Oct. 3, \$541,987; second instalment, general taxes, payable Dec. 9, \$1,057,940; special, \$38,986. The percentage of payment is the highest since 1800, the amount being \$50,000 over the average of payments since that year, which is another evidence of returning prosperity.

The St. James' Cemetery Matter.

The St. James' Cemetery matter provoked a small fracas.

Solicitor Laidiaw appeared to ask that the proposed St. James' Cemetery extension be not sanctioned until Flett, Lownes & Co. had been reasonably recompensed by the cemetery company for four lots along Castle Frank-avenue. He suggested that his clients be paid either the average of the assessment for the past five years or else a sum to be decided by an arbitrator. Mr. M. B. Jackson produced a petition signed by 66 Rosedale ratepayers against converting the beautiful property into a cemetery.

Mr. Arnoldi, representing the cemetery pointed out that Mr. Laidiaw's clients could not realize anything on the sale of the lots. They only wanted to take advantage of the necessities of the cemetery company. Rosedale was not interested. He believed that a petition to hand Mr. Jackson would be liberally signed. When the committee were discussing the case Ald. Lamb called Mr. Jackson an obstructionist and added that of the 66 signatures to the petition, he believed 66 had signed to get rid of Mr. Jackson an obstructionist and added that of the 66 signatures to the petition, he believed 66 had signed to get rid of Mr. Jackson rose to fils feet livid with rage. Ald. Leslie: Mr. Anderson is an old teacher-sof mine, and I don't want to have him abused.

Ald. Lamb got back by remarking that Ald. Leslie should have been flogged oftener.

Mr. Coady pointed out that there was only \$300,000 of arrears, which could be recouped by sales.

The board will discuss the matter to-day with Messrs. Coady. Anderson and Fleming present.

The board then got down to the business for which the special meeting had been called. Tenders for the supply of chandellers for the new civic, buildings were opened. Of the four contractors, three had given alternate tenders for a more or less expensive article. The prices named by each were as follows:
