RECORD OF A GREAT MEDICINE

Prominent Montreal Woman Tells How Lydia E. Pinkham's Vegetable Compound Completely Cure Her.

the women of America is attracting the attention of many leading scientists, and thinking people generally.

great merit, otherwise ft could not produce such marvelous results among sick and ailing women:

Dear Mes. Pinkham "Soor, after my marriage my health began to decline, My appetite failed me: I was unable to sicep, and I became very nervous and had shooting pains through the abdomen and privic organs, with bearing-down pains and constant headaches, causing momuch misery. The monthly periods became more and more painful, and I became a burder and expense to my family instead of a he'p and pleasure. Lydia E. Pinkham's Vegetable Compound cured me within three months. Soon after I began using it I felt a change for the better, and at the time of my next period I noticed a great difference, and the pain gradually diminished until I was well. I am stronger and look better than I did before I was married, and there is great rejoicing in the house over the wonders your medicine worked." Mrs. . A. C. L. tellier, 782 Cadieux St., Montreal,

If you have suppressed or painful periods, weakness of the stomach, indigestion, bloating, pelvic catarrh, nervous prostration, dizziness, faintness, "don'tcare" and "want-to-be-left-alone" feeling, excitability, backache or the blues, these are sure indications of female weakness, or some derangement of the organs. In such cases there is one tried and true Canpound.

SAYS THIS IS BEST

A leading health journal in answering the question, "What is the best prescription to clean and purify the blood?" prints in a recent issue the following

A well-known physician states that these are harmless vegetable ingredients, which can be obtained from any good prescription pharmacy.

This mixture will clean the blood of all impurities. In just a few days the skin begins to clear of sores, boils and pimples. It puts vigor and energy into run-down debilitated men and women. For many years Sarsaparilla alone has been considered a good blood medicine. But while it built up and made new blood, the impurities remained within and the good accomplished was only tempor-Sarsaparilla, however, when used in combination with Compound Salatone and Extract Dandelion, works wonders. This combination puts the kidneys to work to filter and sift out the waste matter, uric acid, and other impurities that cause disease. It makes new blood and relieves rheumatism and lame back and bladder troubles.
