TRIAL NECESSARY

Woman M. P. Confident Nation
Will Emerge Triumphant
From Strike

By LADY ASTOR.
Member of the British Parliament.
Written for the United Press.
LONDON, May 7.—The British general strike is, like all wars, a conflict of ideas. The factors are: First, the miners; second, the owners; both stubborn and both wrong; then the trades union machinery which had to be used.

It is quite obvious in the House of Commons that Trades Union leaders have long favored a settlement. No one is happy, least of all the socialists. Only the hot-heads of both parties rejoice. And their rejoicings are being still by the soberness and sincerity of the majority.

SCHOOLBOYS RULE
BROCKTON FOR DAY

Hold City Offices and Control
Street Traffic; Was Citizens'
Day

BROCKTON, Mass., May 4.—From 1 o'clock in the afternoon until late at night, recently, Brockton's destiny was in the hands of boys. It was citizens' day of Loxley, Vex. The city had a boy mayor, Robert F. Keene, Jr., president of the senior class at Brockton High, a boy fire chief, Walter Bateson, B. H. S. football star, and a boy city marshal, Robert Toms, and a lot of other boy officials.

BOY TRAFFIC "COPS"
The most active group in the entire city was the squad of 20 boy traffic officers, who took the places of the regular traffic squad, and they did keep things moving. Honorary mention goes to Bolus George, a letter man of the Brockton High School football team for three years. Given the worst center in the city, Main and Centre streets, he was voted as good as the regular officers and had a big crowd watching him all the afternoon. Ralph Condon, another member of the squad, had a big afternoon and nobody got away with anything as long as he was on duty.

Boy City Marshal Toms got busy as soon as he went on the job and booked four drunks in regulation order. Boy City Treasurer Warren Leonard awarded a \$300,000 loan, in anticipation of taxes, to a private concern, and then

GIRLS' COLLEGE PUTS
TABOO ON PLUNGE

Wellesley Athletes Have Some
Rather Strict Training
Rules

Wellesley athletes are no longer required to take a cold plunge every morning, according to the training rules recently announced by the college. This and other changes were welcomed by the girls.

The hour for retiring is now 11 p.m. instead of 10 p.m. As before three regular meals a day are demanded and must be eaten without hurry. Only fresh fruit may be taken between meals, but two pieces of candy may be substituted for dessert if eaten within 10 minutes of the end of the meal.

One cup of coffee or tea is allowed at breakfast. Formerly, a girl in training for membership on a team crew could not take a solitary sip of coffee

or tea during the five weeks of training. The girls are advised but not required to take a cold shower every morning, a rest for one consecutive quarter hour at least between 11 a.m. and 6 p.m., and a daily run of 800 yards for "getting up wind."

Cod Liver Extract in Sugar Coated

In just a few days—quicker than you ever dreamed of—these wonderful health builders get your money back. Most people know that from the liver of the lowly codfish, the richest of the first class is extracted—the cod liver oil which is the most powerful and effective of all the natural health builders.

Followed by his cousin, King Albert of Belgium, and four princes, Victor Napoleon's body was borne to the church for funeral services. Imperial Eagles stood guard over the coffin, while requiem mass was said.

HEIR AND DUKE HEAR
REPUBLICAN TALK

LONDON, May 6.—The Prince of Wales and the Duke of York today were present in the House of Commons when George Buchanan, a Laborite member, declared that he was a republic and would like to see the British Throne abolished tomorrow. Buchanan was participating in the debate and his remarks were made good naturedly, causing no flurry.

SPANISH AIRMAN
NEEDS NEW MOTOR

Loriga Can Continue Flight to
Manila By Replacing
Engine

Madrid, May 7.—If able to replace his motor, which was damaged in a forced landing several days ago, 100 miles from Manila, Captain Loriga, Spanish aviator, will be able to continue his flight to Manila. He is in a message to the chief of the Spanish air service, Loriga was forced down while enroute from Manila, French India, China, to Manila, a Portuguese dependency near Canton, China. He has sent to Manila for a new motor.

Captain Loriga, who also is piloting a plane on the Manila flight, arrived safely at Manila, although his machine too was damaged in landing. It is being repaired in preparation for the next hop, which will take the aviator from Manila to the Philippines.

Merit Wins
Butterkrust BREAD
Made only by Robinson's Ltd.
One day after Butter-Krust Bread was introduced to Saint John it took rank as leading favorite. There must be something special to a Bread that wins its way into the homes of a city in but one day. You'll agree there certainly is something special to
