CAR IS RECOVERED

Automobile in Which Guy McKibbin Lost Life, Taken From Miramichi. Newcastle, N. B., July 11—The car, which Guy McKibbin drove over the Morrisey bridge on Wednesday morning when he lost his life, was recovered about 8 o'clock this afternoon. The car was badly damaged. The windshield had been driven against the steering wheel and the front seat was pushed about a foot out of place, probably done when the car struck gates on bridge or the water in its drop of about 20 feet to the river. When recovered the emergency brake was fast on showing that the unfortunate man had made an effort to bring the car to a stop but without avail. Grappling is still being carried on for the body but it is unlikely that it will be recovered until it comes to the surface as the river is very deep at the point where the accident occurred and the tide very strong.

MOTHER PLEADED TO LAST FOR MUIR

Third Death in Connection With Valleyfield Shooting Occurs.

Montreal, July 11—Three corpses lie in the path of Walter Muir's bullet—his own, that of Henri Laviolette for whose murder, a 21 year old New York student, paid the supreme penalty of the law, at Valleyfield yesterday, and that of Bertha Reed Laviolette, a 17 year old girl, and niece of the victim of the murder, who succumbed to shock and heart break, due relatives declare, to pining over the death of her uncle. The girl was seized with a paralytic stroke at her home on Thursday morning, and died a few hours later.

A Mother's Efforts The efforts of Mrs. Muir, extended up to the very last minute of her son's life, to obtain intercession for the youthful slayer, make up a story of despair.

The mother of the young man left nothing undone to obtain stay of execution, and not until the black flag was flying from the staff at Valleyfield Jail, did she cease her efforts, brought at last to the realization that her son had expired his crime.

Madame Laviolette's comment was "A husband is dearer than a son, that's what I will tell her if she asks me to intercede for her boy. All the money in the world cannot give me back the best man in many countries."

Several hours before the time fixed for execution, Muir's mother was in front of the prison, seated in a room at the railroad station for a while when about to leave for Alexandria. A young man fired at him and then threatened the police commandant.

The assailant was rescued with difficulty from the crowd and was placed on the train, while Zogoul Pasha was removed to his home.

A despatch from the United Press says the Premier was shot in the right lung, but that his condition is satisfactory.

WANTS CROW DECLARED A PUBLIC NUISANCE

New York, July 12—Because Miss Virginia Pope's pet crow cawed at the broadcast version of the Democratic convention as it was received in the home of a neighbor, Mrs. Kuni Schlotz, the latter has requested Magistrate Oddman in police court to declare the scolding bird a public nuisance.

Virginia denies that the crow cawed every time she heard; "Delaware casts six votes for Salisbury."

I was in the milk business in St. John for 20 years, and am quite willing to let my reputation as a dealer in pure milk speak for itself. What does Mr. Tilley mean by saying my re-entry into the business would result in a poorer quality of milk reaching the consumer and a financial loss to Mr. Geldart himself? Mr. Geldart so far had not decided to abandon the project.
