GAY SUMMER CROWDS PLEASED AT THE NICKEL

New Soprano and Clever Kiddies Make Splendid Impression

The Nickel is again furnishing entertainment that sends the crowds away highly pleased. Yesterday exceptionally large numbers watched a splendid 8-reel Vitaphone production, "The Snare of Fate," with a cast of metropolitan favorites—and heard a charming dramatic soprano, Gertrude Townsend of New York. To wind up the bill two little bits of tots, Dot Gray and Leo Lyons sang Scotch and Irish songs in costume, accompanying their dainty efforts with appropriate dances.

It was midsummer gaiety personified. Every man, woman and child patron appeared to be enjoying the show to the fullest. Whatever the big New Imperial will produce in programmes, it is certain no more enjoyment could be meted out than the Old Nickel handed yesterday. Miss Townsend, a young lady of fetching presence and cultured voice, sang "Till the Saddle of the Desert Grow Cold," in a dramatic manner, eliciting rounds of applause. Then came the kiddies with a "straight" song duet, followed by Dot's poney ballet dance; Master Lyons in Scotch song and fling both concluding the act with "Bridger McCue," in costume and breakdown finale. This was a riot.

Today the same programme will be put on, but Wednesday the pictures will be changed, among which will be Captain Scott's vessel, "The Terra Nova," returning minus her heroic crew members and the Canada-United States canoe skiff cup races.

RECENT DEATHS

The death of Mrs. Jerusha Dixon, widow of Edwin Dixon, occurred at the home of Louise M. Dixon, Sackville, Sunday night, at the age of 87 years. The deceased is survived by two daughters, Mrs. C. Ayer, of Sackville, and Mrs. Adelle Palmer, Malden, Mass., one brother, Thomas Anderson, of Dorchester, and one sister, Sarah E. Anderson, of Lowell, Mass.

The death of Mrs. George Townsend occurred at the home of her mother, Mrs. Edwin Alger, Joliette, Saturday morning. Mrs. Townsend was forty-seven years of age and was married by a husband and five children, three sisters, and six brothers.

MONCTON PERSONALS

(Moncton Transcript)
Mr. and Mrs. David Pottinger and family left on Saturday for Shediac Cape to spend the summer months. Mr. Gutelius and family are now in the residence occupied for years past by Mr. Pottinger.

Mr. and Mrs. Frank Dixon announce the engagement of their daughter, Nina M., to Paul S. Duffy of Halifax, the marriage to take place early in September.

Miss Maude L. Cumming of St. John, who has been visiting in Moncton and Charlottetown, for the past three weeks has returned home.

Miss Bessie Tryner, of St. John, is visiting Miss Winnie Lockhart.

A ST. JOHN BRIDE

Frederick Glenzer, the wedding of David Duplessis, of Fredericton, and Miss Edie Noble Mackintosh, of St. John, took place on Saturday at the parish church. Rev. Canon Cowie performing the ceremony. The bride was becomingly dressed in a traveling suit, and after the marriage the happy couple left for Woodville and other river places. After their honeymoon the couple will reside at Fredericton Junction.

C. P. R. FORESTRY SURVEY
Frederick Glenzer, a party composed of Prof. R. B. Miller, dean of the forestry school at the University of New Brunswick, and Jack Hylwell, Hubert DeVosier, and Fred Ross, all sophomores at the University of New Brunswick leave Tuesday for the Miramichi, to conduct a forestry survey for the C. P. R. They will also survey lands in the vicinity of St. Leonard, Edmundston and other points in the northern section of the province.

AN AMHERST WEDDING

Amherst News:—The marriage of Miss Emma Black, daughter of the late Ezra Black to James P. Baxter will take place at the home of Rev. Douglas Chapman, Clarence street, on Wednesday morning next at eleven o'clock. Immediately after the ceremony, Mr. and Mrs. Baxter will leave for a short visit to towns in New Brunswick and Prince Edward Island.

WILL MAKE BRICKS

Amherst News:—A number of Amherst men are purchasing a large tract of land near Oxford Junction, containing vast clay beds suitable for the manufacture of bricks. It was the intention to start operating this summer but owing to the tightness of the money market, the project will probably be deferred until next year.

MILLS START OPERATIONS

Fredericton Chronicle: The Phoenix Mills started operations this morning for the season. It is expected that the rebuilt Victoria Mills will start saving for the first time under the management of Fraser, Limited, on Monday next.

A Home Recipe For Removing Wrinkles

(From Woman's National Journal)

Who will blame the modern woman for trying to look as young and attractive as she reasonably can? Why should she be placed at a disadvantage in numerous ways by wearing wrinkles, if she can avoid these hateful marks of advancing age?

Few women, however, know what to do to effectually rid themselves of wrinkles or sagging. None of the advertised preparations is satisfactory and most of them are very expensive. But a very simple and harmless home remedy, which any woman can make, will work wonders where all the patent preparations fail.

Buy an ounce of powdered salicylate at any drug store. Dissolve the whole ounce in a half pint of witch hazel and use it as a wash lotion. The results are practically instantaneous. Marked improvement is noticed immediately after the very first trial. Wrinkles and sagging are corrected and the face feels so refreshed and snug-like.

Sale of Summer Floor Coverings Continued Wednesday... Carpet Dept., Germain Street

Final Clearance Sale of Colored Wash Goods

An Exceptional Chance to Select Bright Summer Fabrics at Surprising Reductions

MANCHESTER ROBERTSON ALLISON, LIMITED.

Fredericton Personals

(Fredericton Chronicle)
Miss Carrie Roach, of Sussex, is the guest of Miss Lucy Anderson.

Misses Eva, Edith and Alice Logan are visiting friends in Westmorland county, and will later go to Nova Scotia on an extended visit.

Miss Bessie O'Leary and Mrs. Annes of Miramichi, are visiting Mr. Patrick Lawney, Waasla Station it being their first visit here in 17 years.

Andrew Morecroft, of Boston, is visiting here after an absence of 81 years and is the guest of her sister, Mrs. A. D. Neaton.

G. W. Harrison, manager of the Canadian Bank of Commerce, returned from his trip to the old country today.

William McKee, who has been the acting manager here, will leave in a few days for Moncton to relieve the manager there.

Albert T. Smith returned home on Saturday after an extended trip to his former home in England.

Joseph Walsh of Regina, is visiting his former home for a few weeks.

Miss Sara H. E. Doone of St. Mary's is visiting Mrs. Roy Raymond of Bloomfield Station, King's county.

Mrs. W. Brown of Vancouver is visiting her mother, Mrs. Jared Boone of St. Mary's. On her return to the west Mrs. Boone will accompany her.

A NOVA SCOTIA COMPLAINT

Kentville Chronicle:—The government pier at Kingsport has been out of public use for some time thus proving a hindrance to the farmers of that locality as well as making them pay very much more to get fertilizer and other articles delivered at Kingsport. The top of the structure being worn out notices were posted warning against its use. It is said that about \$2,500 has been voted by the dominion government for repairs there, but only one-fourth of that amount expended. Why the work has not been completed is a mystery to the people there, as every autumn about 60,000 barrels of fruit and produce is shipped from that pier.

DIED IN BRAZIL

Halifax Chronicle:—At Para, Brazil, on July 18, Dr. F. H. Reid, son of Dr. A. P. Reid, Provincial Health officer for Nova Scotia, died of pneumonia.

Dr. Reid was educated at the Halifax county Academy, and graduated, M.D., at Dalhousie in 1908. He served for two years as house surgeon in the Victoria General Hospital, and afterwards acted as surgeon on one of the prominent steamship lines plying between New York and Brazilian ports. Dr. Reid was a young man of ability and most amiable character and his family will have the sympathy of a large number of friends in their bereavement.

BORING AT SUSSEX

Moncton Transcript: O. P. Boggs, of the Maritime Oilfields, left today with a gang of men for the boring for gas at Sussex. The spot on the east bank of Ward's Creek, selected for the initial operations is about three-quarters of a mile from Sussex in a southerly direction, on the property adjoining the old Arnold homestead, better known as "The Knoll."

After you have shared one of Big Ben's Burgins you will be anxious to have him ring every five minutes all day long.—Corner Main and Bedford.

AVERAGE YIELDS

Why Not Have the Cows Do Better in Fat Producing

A common question round the factory receiving-platform is "how are the cows doing?" What a volume of thought that suggests! If they are doing well is it because of good feed and careful attention; or may it be despite the feed and care they deserve, but do not get? Leaving aside the questions of weather, breed, heredity and persistency of flow of milk, is it possible to account for the remarkable differences in yield that are to be found? For instance, the dairy division at Ottawa found in one locality 100 cows that gave 8,000 lbs. of fat last month, but 100 cows close by in the same county gave only 2,300 lbs. of fat. Another lot of 100 cows in a nearby county gave only 2,300 lbs.

Is the ordinary factory patron's herd keyed up to the pitch of creditable performance, or is it just joggling along in the old rut of "average" yields? Suppose the patron ascertains his herd is doing "about as well" as his neighbor's does it not seem a pity that his ambition should end there?

Average cows can do vastly better if their owners train them and train themselves for better results. If each lot of 100 cows in the dominion gave an additional 500 pounds of fat a month, would that not make a startling difference in the amount of the patron's checks? Cow testing has helped many communities to far larger banking business, because it shows that scores of cows and average herds can be made to produce for more than they do at present. Make each cow pay a good profit.

Two classes of people worry about money—those who have too little and those who have too much.

MORNING LOCALS

John Hunter, an employee of H. Horton & Son, claims to have invented a signal system device which would warn engine drivers of another train coming on the same track and thus avoid collisions. Mr. Hunter intends to have the device patented and is confident of its success.

Patrick Gallagher, aged forty-seven years was arrested last night charged with assaulting young James Lavigne of Erin street. There have been several similar outrages reported recently, including the assault on Arthur Wehber in Rockwood Park and an attack on a young girl near the Aberdeen School.

A dwelling and barn on the Manswagon road, owned by the city, was burned to the ground yesterday afternoon. William Fox of Fairville saw the fire in passing the place and notified the occupants. The fire department was called by telephone but the flames had got beyond control. The origin of the fire, which started in the barn, is unknown. The upper flat was occupied by Mrs. O'Toole and the lower by Mrs. Joyce.

Last night the St. Mary's band under the direction of Bandmaster Charles H. Williams, played on the King Edward bandstand. The City Cornet band, under the direction of Bandmaster Frank Waddington rendered an excellent programme on the band stand on Tilley square, West End.

Some of the barbers granted the demands of the journeymen yesterday, others offered to compromise and half a dozen refused, with the result that their employees went on strike. The demand for a half holiday is one of the matters in dispute and this may be adjusted satisfactorily.

SOMEWHAT SARCASTIC

(Moncton Transcript)
For the benefit of the Moncton Times it may be stated that the editor of the Transcript is quite willing to be judged by what he tried to do for the I. C. R. employees when the Liberals were in power. Our contemporary is rather unfortunate in its reference. The Transcript editor has a gold headed cane given him by the I. C. R. employees. He has a thirty day clock ditto. In his home there is a valuable set of silver spoons, all given by the I. C. R. employees, who appreciated his voluntary work in their interest. He expects by co-operating with the Hon. H. R. Emmerson to be able to help them again in a few months. They are betting now in Westmorland county as to whether Emmerson's majority will be one thousand or two thousand.

By the way do the railway men catch on to the great assistance which they are receiving from The Times in the battle for their rights? Is not it about time that our local contemporary stated that all the interviews were quite satisfactory with the management and the men are quite pleased.

Dr. Morse's Indian Root Pills

are made according to a formula in use nearly a century ago among the Indians, and learned from them by Dr. Morse. Though repeated attempts have been made, by physicians and chemists, it has been found impossible to improve the formula or the pills. Dr. Morse's Indian Root Pills are a household remedy throughout the world for Constipation and act promptly and effectively, and
