MURDERED WITH BOMB

A LOUISIANA EX-MAYOR DONE TO
DEATH IN HIS HAMMOCK.
Ridgeway, Va., July 25.—Former
Mayor A. H. Bousman was assassinated
by a dynamite bomb which was
thrown under a hammock in which he
was lying last evening. He died an
hour after the explosion. No clue to
the identity of the murderer or the
cause of the crime has been found.

Former Mayor Bousman had
been spending the last evenings sleep-
ing in a hammock swung between two
trees on the lawn in front of his resi-
dence. Without a word of warning
about 10 o'clock the dynamite bomb
was thrown by someone passing along
the street. It landed in the hammock
at his feet, and in an instant explod-
ed. The mayor's feet were torn away
by the burning shell, and his legs
frantically flung out in great agony
as he died an hour later.

As mayor of Ridgeway Mr. Bousman
presided over the police court of the
town trying petty cases. It is thought
that some person upon whom Bous-
man in his court had passed sentence
of punishment had a grudge against
him, and had been awaiting an op-
portunity for vengeance.

HYMENEAL

LEMON—CHAMBERS

A pretty home wedding was solemn-
ized at the home of Mr. and Mrs.
Wm. Chambers, Cottage Avenue, this
afternoon, when their daughter,
Blanche May, was united in marriage
to Mr. Frank Arden Lemon of St.
Thomas.

The ceremony was performed by
Rev. Jas. Wright of Smithville, pro-
cession in-law of the groom, at half
past two o'clock in the presence of
only the immediate relatives. The
wedding march was played by Miss
Carrie Hunt, and during the signing
of the register "Beeches" was sweet-
ly sung by Mrs. J. S. Clarke, sister
of the bride.

The bride, who was unattended
was prettily gowned in cream silk,
and carried a bouquet of roses and lily-
of-the-valley.

The groom's gift to the bride was
a pearl pendant, and to the pianist
and soloist, pearl pins.

Mr. and Mrs. Lemon will spend
their honeymoon in Muskoka, and will
reside in St. Thomas.

NO TRACE YET OF MISSING WOMAN

The Strange Disappearance of
Mrs. Walter Jones of Moffat
—Detectives at Work

Guelph, Ont., July 26.—If the earth
had opened up and swallowed Mrs.
Walter Jones, of Moffat, Ont., and
closed up again, hiding her forever
from the view of those who know her
so well in this little village on the
C.P.R. not ten miles from this city
her disappearance could not have been
more complete or mysterious than it is.

A week ago last Friday she left her
home, and was seen walking around
a corner of the street in the direction
of the station, and since then no word
has been heard or no trace found of her.

The anxious husband, an honest,
hard-working farmer and thrasher,
whose home is just on the outskirts
of the village, has had enquiries made
in Toronto, where it was at first
thought she had gone, and in Detroit,
where she had a daughter working
in a hospital as a trained nurse.

Detectives in both these places were
put to work, but all of no avail. The
stationmaster, who was on duty the
day that Mrs. Jones was last seen
was a new man, and not acquainted
with her, so that he was unable to
state definitely whether she had left
the village by train or not. The theory
that she may have gone out into some
lonely wood not far from Moffat and
committed suicide is borne out to some
extent by the fact that a lot of
logs is missing from its place on a
cubboard shelf. Some of the neigh-
bors state that shortly before her dis-
appearance Mrs. Jones seemed to be
strangely and appeared to have mel-
ancholic moods at times.

The husband, who was always kind
and considerate, states, however, that
she did not complain to him of any-
thing and that their domestic life
was a reasonably happy one.

Mrs. Jones is about 40 years of age
and an attractive little woman. They
have two daughters, one at home and
another in Detroit, a trained nurse.

This morning, between 30 and 40
men practically all the male inhabit-
ants of the village, were organized
into a search party, and set out to
look through the woods thoroughly,
and any likely place in the neighbor-
hood. The anxious husband is a mem-
ber of the party, and the men are closed
down for the day so that the employes
may take part in the search. The
party had not met with any success
up to six o'clock to-night.

Charged Apostasy From Race.

Ottawa, July 27.—H. N. Bourassa's
campaign against Hon. L. P. Bro-
deur's son, who is a naval cadet, has
somewhat fallen flat from the visiting
card point of view. Mr. Bourassa ac-
cused the lad of forsaking his mother
tongue for the more plebeian language
of the vile sassenach, and of dis-
gracefully talking English instead of
French in the city of Halifax. The
Quebec Nationalist has stated also
that young Brodeur's cards are print-
ed in English. The card reads "Ca-
dets Victor Brodeur, C.G.S., Canada."
This card is purely French, except
the letter "S" for steamer, and if "C"
for Croiseur had been used it would
have been a card truly Parisian or
Bourassite.

An official of the Marine Depart-
ment naively suggests that there's no-
body in Halifax to talk French to
except R. L. Borden.

Preacher Has a Title.

New York, July 27.—Considerable
attention has been attracted by the
following newspaper advertisement.
"Preacher Rev. Mr. Charles Dun-
bar, Hart, desires temporary or len-
thened change of preaching tour in
U.S.A. Episcopal or other denomina-
tion; New York, Kingston, Eng."
He succeeded to the baronetcy last
June, and in a letter says: "I would
much like to visit America as an ex-
tempore preacher—a privilege I have
never hitherto enjoyed, but have al-
ways desired."

New Calgary College.

Calgary, July 27.—The new college
to be started by the Methodist Church
in Calgary will be ready to receive
classes in September, and a staff
of professors and teachers will be en-
gaged at the earliest possible moment.
Pending the erection of the proposed
college building, the classes will be
held in Blow's new block, on Eighth
avenue, rent and heat free of cost.

Verdict of Manslaughter.

Sherbrooke, July 27.—The coroner's
jury at Phillipsburg returned a ver-
dict of manslaughter against William
Richards in connection with L. B.
Doherty's death at that place on Sun-
day. The doctors stated that Doherty
died from hemorrhage caused by the
blows on the head.

No King George Coins Yet.
Ottawa, July 27.—There will be no
issue of a new coinage bearing the
effigy of King George until January.
The new dies are being designed in
England, and Canada and Britain are
expected to have the first coins of the
new reign simultaneously.

CHATHAM'S TAX RATE

INCREASE OF A QUARTER OF A
MILL DUE TO EDUCATIONAL
NEEDS.

Chatham, Ont., July 26.—Chatham's
tax rate for the year will be twenty-
seven and one-quarter mills. Last
year the rate was 27 mills, and the
increase is caused through unforeseen
and necessary expenditure for educa-
tion. The Board of Education exceed-
ed their estimate of last year almost
two mills. The rate is viewed as very
satisfactory locally. Chatham's com-
paratively high tax rate is caused
through the many public improve-
ments made of recent years.

MINISTER IS INJURED.

Rev. W. J. McCaughan Nearly Killed
In Belfast Fire.

Belfast, July 27.—Fire swept through
the Kelvin Hotel yesterday, burning
to death three employees, while sev-
eral guests received frightful injuries.
Five of the guests were dangerously
burned and others are in a serious
condition.

Among those surviving who suffer-
ed most were Rev. William J. Mc-
Caughan, for several years pastor of
St. Andrew's Church, Toronto, Ont.,
and later of Chicago, and his wife.
The McCaughans were caught on
an upper floor, and in attempting to
find an exit through the hall were
terribly burned. Their escape through
the usual exits being cut off by the
flames, the minister and his wife finally
threw themselves from an upper
window. Both struck the pavement
with great force and when they were
removed to a hospital it was found
that Mr. McCaughan's skull had been
fractured. Mrs. McCaughan's injuries
are less serious.

Earthquake Works Havoc.

Tokio, July 27.—Tremendous earth-
quakes and a volcanic eruption have
worked havoc on Usabay, on the
southern part of the Island of Ha-
kaido, according to advices received
here yesterday.

For four days a panic has reigned
in the vicinity of the mountain, and
8,000 refugees have abandoned their
homes and fleeing inland for their
lives.

The meagre advices received here
state that there was a terrific up-
heaval of the bottom of Usabay, and
that the harbor and practically all of
the shipping in the bay were destr-
oyed. Several war vessels were hastily
loaded with supplies yesterday, and
will be rushed forward at once.

The public apprehension was in-
creased when the Government an-
nounced yesterday that it had re-
ceived word from Hakkoide, the large-
est of the islands, a town of about
50,000 people. It is feared the city has
suffered heavily as the result of the
earthquake.

Think Dentist Is Crazy.

Toronto, July 27.—Divine revelation
played a prominent part in the arrest
of Dr. J. R. Irish, an aged dentist
with offices at 90 West Queen street,
who was taken into custody yesterday
morning by Detectives Murray and
Wallace, charged with being insane.

Complaint was made to Acting Staff
Inspector David McKinney by a pa-
tient of the dentist, who says that he
went to consult him about a tooth
earlier in the morning. The doctor
produced a formidable array of for-
ceps and declared that he had just
received a message from God, that he
must extract all the teeth, and that
he intended to obey. The patient im-
mediately declared that he too had
received a message to the effect that
he must not have them out that day,
but must wait till to-morrow. This
appeared to satisfy the doctor, and
the extraction was postponed.

Head Hit Pavement.

Kingston, July 27.—Chilton of the
Ottawa postal service came here with
the old boys and while in Dr. Bo-
gar's automobile had an accident
that kept him two days in the Gen-
eral Hospital, fearing concussion of
the brain. When the auto elevated
and bumped a pavement he jumped
and lit on his feet, but fell, striking
his head on the cement.

A sad accident occurred out at
Odessa, on Saturday evening, when
John McEwen of Wilton, who in com-
pany with his brother, Isaac, was re-
turning from Kingston, pitched over
the rear of the wagon and broke his
neck, death following instantly.

Spas Tvanoff, a Pole, working on a
gravel train on the Kingston & Pem-
broke Railway, was run over by a
handcar at Lavant. He was brought
to the Hotel Dieu, and is improving.

Accident on Transcontinental.

Belleville, July 27.—John Donovan
of this city received word that on Fri-
day afternoon last an accident occur-
ed on the line of construction of the
Transcontinental Railway at a point
about 230 miles north of Quebec City.
Donovan & Doherty are contractors
for the construction of the new rail-
way in that section. As the result
of the accident nine men were killed
and several injured, some of the lat-
ter such an extent that their lives
are despaired of. It appears that an
explosion occurred of a large quantity
of dynamite and giant powder.

Three boys, aged 12 to 14, were cap-
tured while breaking into a store in
Hamilton.

The wife of Thos. J. Millward, 79
North John street, Hamilton, and two
children are missing.

THROUGH THE NEW TUNNEL

First Passenger Train Passes
Through Tubes Which Con-
nect Canada With U.S.

Windsor, Ont., July 26.—The first
passenger train to pass through the
\$12,000,000 Detroit River tunnel
started from this point this morn-
ing and came out on Canadian soil
in a short space of time.

This marks the formal opening of
the wonderful tubes connecting the
Dominion of Canada with the United
States at this point.

The first train to pass under the
Detroit River was drawn by one of
the new electric locomotives and was
made up of two passenger coaches
filled with officials of the Michigan
Central Railway from all over Canada
and the United States.

Among those who were on the spe-
cial train were W. C. Brown, presi-
dent of the M.C.R.; R. H. Elford,
general manager of the road; S.
Kinneer, chief engineer; M. B.
Snow, general superintendent; Mr.
Russell, legal adviser, as well as many
other prominent officials connected
with both the railroad and the tunnel
company.

TRAIN STRUCK AUTO

THREE KILLED WHEN THE COL-
LISION OCCURRED.

Grand Junction, Colo., July 26.—
While racing with a Denver and Rio
Grande passenger train in an automo-
bile, Walter Hodgins, of Grand Jun-
ction, Miss Leona Adams, of San Fran-
cisco, and Miss Gladys Carlyle, of Chi-
cago, were instantly killed yesterday
afternoon. G. H. Charman, of Grand Junction
and Chauffeur Thomas Book, of Den-
ver, were seriously injured.

The auto passed the train and Book
attempted to cross in front of the lo-
comotive. The locomotive struck the
rear of the automobile.

LOCAL OPTION UPHELD

VOTERS' LIST USED WAS SUFFI-
CIENT SAYS CHIEF JUSTICE.

Toronto, July 26.—Chief Justice
McRae yesterday gave judgment
dismissing with costs the motion of
Ryan vs the council of the town of
Allison.

The motion was to quash By-law
227, the local option by-law.

The main contention was that there
was no lawful or sufficiently revised
voters' lists upon which to carry on
the voting on such a by-law.

In his judgment, the Chief Justice
says that his investigation in the case
"points to the conclusion that the last
de facto certified voters' list filed in
the office of the clerk of the peace is
all that the clerk is to concern himself
with, and leads necessarily, I think, to
the conclusion that where an election
has been held at which such a list has
been used, it was not intended that
the election should be open to attack
because of some informality or omission
on the part of the judge or of any of
the officers, entrusted with duties in
connection with the list in the per-
formance of their duties under the
Act in accordance with its provisions."

J. H. MacKenzie appeared for the ap-
pellants and Bell, K.C., for the re-
spondents. This judgment has been
waited for since April.

Lieutenant-Governor Gibson laid the
corner-stone of the new Presbyterian
church at Dixie, Ont.

American settlers into the Canadian
west, have brought \$50,000,000 in cash.

Constable Campaign. of the Hamilton
police force, has received a threaten-
ing letter from the Black Hand So-
ciety.

THE FAULT USUALLY LIES WITH
THE COFFEE.

The cook is often blamed for poor
coffee, when the fault lies not with
the cook but the brand of coffee used.
Even those who are unsuccessful with
ordinary brands make a wonderfully
fragrant and delicious beverage when
they use White Swan Brand.

THE WEATHER.
