For a Broken Down Arch \$1.00 Each a Pair

We have just received a new lot of these valuable supports to those who require them.

German Silver 1-4 elevation, all sizes

WATERBURY & RISING

King St. Union St.

Boys' Belts with Pistol Attached, 25c
Ladies' White Wash Belts, 15c
Ladies' Black Silk Belts, 25c
Ladies' Leather Belts P. C. Corsets—At
WETMORE'S, 59 Garden Street.

TWO PIECE or OUTING SUIT

READY TAILORED

No article of Men's Wear has shown a more decided improvement than the two-piece so-called Outing Suit.

Our Outing Suits are perfectly correct for business wear as well. They are made from a variety of light wool fabrics chiefly in Greys and Browns. The coats are partly lined and the trousers cut moderately full from the hip down and are finished at the bottom either with or without a two inch turn up.

The prices are \$8 and \$10 to \$18. Those at \$8 and \$10 were \$12 and \$15 and were reduced because some of the sizes are sold out.

Outing Trousers, \$2.50 to \$4.50; White Duck Trousers, \$1.25 for \$1.50 quality.

Summer Vests—\$1.50 and under in price, now \$1.00; all others at 25 per cent. discount.

Gilmour's, 68 King St.

NEW DEPARTURE IN CATHOLIC GOVERNMENT

United States Will be on Same Footing With the Vatican as European Catholic Countries.

URGES COOKING COURSE TO OFFSET DRINK EVIL

Boston Teacher Does Not Blame Men for Trying to Drown Thoughts of Soggy Meals.

WASHINGTON, D. C., July 6.—That the pontifical order reorganizing the jurisdiction of the propaganda announced from Rome today will mark a wide departure in Catholic Church government was the declaration today of Monsignor Bonaventura Chertelli, the auditor of the papal delegation who confirmed the news.

It is expected that the change, the movement for which has been in progress for some time, against the propaganda of state and will have the same standing at the Vatican as France, Spain or Austria.

IS YOUR SHIRT COLORED?

If so, You are a Sinner, Says the London Lancet.

LONDON, July 6.—According to The Lancet, the man who wears colored shirts is a sinner. The medical journal also declares that colored handkerchiefs are an abomination. "When a man finds it convenient to wear colored shirts and cuffs," is the medical journal's argument, "it means a reality that he can carry dirt for a little longer without giving offence than if he wore spotlessly white material. Materials which do not compel constant change by becoming offensive to the eye if ever so slightly soiled are bound to be worn too long. By wearing only religiously clean linen a man reduces his chances of picking up bacteria."

CHILD STOLEN BY BLACK HAND SOCIETY.

NEW YORK, July 6.—Every policeman in the greater city is searching today for three year old Frances Allegro who, they believe, has been spirited away by Black Hand agents and is being held for ransom. The child has not been seen since last Saturday. Today the parents of the little girl received a letter informing them that Frances would be restored to them upon payment of \$500. The letter was a typical Black Hand missive and its receipt spread terror throughout the whole neighborhood in which the Allegro family lives.

July 7th, 1908.

3 Warm Weather Worthy Items....

WHITEWEAR SAMPLES

at Manufacturers prices. New lots white and colored Muslins in Wash Goods Department.

Fresh Whitewear at Tempting Prices.

Samples.

CROP OUTLOOK IN THE SASKATCHEWAN BRIGHT

Acres Under Seed Much Greater and the Crop is Well Advanced.

REGINA, Sask., July 6.—The crop outlook is about the only subject discussed in the local press today. Just at this season of the year that the wheat passes through its most critical stages and every reliable piece of information is eagerly sought by the business interests. So far advanced is the crop that tendency to exaggerate seems great.

Recognizing this fact, the local Department of Agriculture has issued a bulletin in which reports of about 800 conditions in the townships for which they report. Some reports have been received since the beginning of June from the editors of newspapers in different parts of the Province, and while they do not give in detail as did the regular correspondents, the estimated increase in acreage, their reports are valuable as they indicate the condition of the crops during the first week in June. While some of the correspondents report that precipitation was very light in June and that the crops were likely to suffer from a lack of moisture, the later reports show that copious rains fell early in June and that the crops are making strong and rapid growth. Their reports do not bear out the statements that have appeared recently in some of the newspapers some of which stated that the crops were from 20 to 30 inches high. Such reports, it is not necessary to state, do not correctly represent conditions throughout the Province. They may be true for very small fields in favored locations, but certainly not for the whole of the Province. The crops are sufficiently advanced, however, to make a splendid showing even when the facts are stated without exaggeration, and conditions at the present time leave little to be desired. Compared with last year the season is much further advanced than on the same date a year ago. Seeding was begun in all parts of the Province about April 10th or 12th, whereas in 1907 very little seed was sown before May 15th.

A GOVERNMENT ESTIMATE.

"During May correspondents were asked to inform the Department of Agriculture on May 31st concerning conditions in the townships for which they report. Some reports have been received since the beginning of June from the editors of newspapers in different parts of the Province, and while they do not give in detail as did the regular correspondents, the estimated increase in acreage, their reports are valuable as they indicate the condition of the crops during the first week in June. While some of the correspondents report that precipitation was very light in June and that the crops were likely to suffer from a lack of moisture, the later reports show that copious rains fell early in June and that the crops are making strong and rapid growth. Their reports do not bear out the statements that have appeared recently in some of the newspapers some of which stated that the crops were from 20 to 30 inches high. Such reports, it is not necessary to state, do not correctly represent conditions throughout the Province. They may be true for very small fields in favored locations, but certainly not for the whole of the Province. The crops are sufficiently advanced, however, to make a splendid showing even when the facts are stated without exaggeration, and conditions at the present time leave little to be desired. Compared with last year the season is much further advanced than on the same date a year ago. Seeding was begun in all parts of the Province about April 10th or 12th, whereas in 1907 very little seed was sown before May 15th."

BIGGEST CROP EVER.

Thus with an increase of at least 27 per cent. in the acreage under crop and with the brightest of prospects there is every reason to believe that this year's crop will be the heaviest ever shipped out of the Canadian west. Throughout the north country crop prospects are excellent. In the more northerly portions the grain is patchy, owing to the fact that there was no spring rain until the end of May, but apart from that the crops are looking splendid. While the districts away north only promise an average crop the districts south of that, in central Saskatchewan, look like a bumper yield. The weather during June was favorable to growing crops. The early part of the month was rather cold and light frosts were recorded in some districts, doing damage to tender garden plants only. Heavy rains fell almost incessantly for over a week about the middle of the month. Since then the weather has been dry and very hot, the thermometer registering between 85 and 88 for the last week. This extreme dry weather, following the heavy rains has been exceedingly beneficial to the grain and the growth of the last few days being very noticeable.

WATCHES.

Watches are adjusted to heat and cold by being allowed to stand first in a room heated with dry heat to 120 degrees and then in cold storage, being regulated after each treatment.

FORCES ARE UNITING AGAINST BRYAN.

His Opponents Striving to Put Him Out of the Running — Bryan Men Confident.

DENVER, Colo., July 6.—Tonight the anti-Bryan men made another effort to concentrate opposition against the nomination of the Nebraska, and asserted that they were now encouraged for the first time since the delegations began to arrive. The movement is not, however, taken with deep seriousness by any of the men who are leading the Bryan forces.

The greatest effort was made today to keep the meeting secret, those who were present being summoned by small cards which were quietly passed around.

The meeting was largely directed by Mr. Sheehan who declared that the only way to focus the opposition to Mr. Bryan was to give it a standard around which it could rally. The consensus among those present was that if New York will declare against Bryan and stand firmly by its declaration, there exists a chance of defeating him.

DENVER, Colo., July 6.—Georgia is against Bryan if there is any chance of encompassing his defeat but probably will vote for him on Thursday next unless it is demonstrated in the meantime that a decided stand in opposition can be made. This position of the delegation was announced at the conclusion of the caucus this afternoon.

The delegation enthusiastically endorsed Clark Howell for the vice-presidency.

DENVER, Colo., July 6.—"Massachusetts will cast her vote for W. J. Bryan," declared Dr. John W. Coughlin, newly-selected member of the national committee from Massachusetts upon the adjournment of that state's caucus this afternoon. "We have held no conference as to the vice-presidential and are leaving that matter in abeyance. Governor Douglas has said he cannot run and we are proceeding accordingly."

WINDING UP ORDER FOR ONTARIO BANK.

TORONTO, July 6.—Two petitions for winding up order have been filed at Ontario Hall against the Ontario Bank, returnable Thursday. One petition is a continuation of one filed a year ago by the late P. E. B. Coughlin. The new petition is filed by the Bank of Montreal claim is stated in a nominal way as "in excess of \$1,000." The Bank of Montreal assumed the Ontario Bank's liabilities.

The Bank of Montreal's application is a friendly one and follows a conference with the directors. In fact it is in accord with the procedure in such cases of liquidation. The order issued Thursday will be only for the purpose of calling a meeting of the shareholders and creditors as required by the Winding Up Act.

SAFETY BOARD.

A meeting of the safety board was held last night. George E. Nelson was granted half pay for twelve days' illness and Aaron Hastings for fourteen days.

Mary E. Amos was granted the renewal of the lease for a lot on St. John street, West End, for \$34.00.

The resignation of Robert Cunningham from No. 2 Salvage Corps was received and Dr. Warwick and Robt. W. Wigmore were appointed members of No. 1 company.

A communication was received from the Board of School Trustees enclosed a report of the subject of his plans of the proposed fire escaped. The estimates are as follows:

Alexandra	\$3,359.00
Bentley	1,637.25
St. Peter's	347.50
St. Patrick's	389.00
Albert	1,328.00
La Tour	772.00
St. Paul's	89.25
Centennial	1,007.50
Manual Training	35.50
St. Vincent's	298.25
St. Malachy's	610.25
St. Peter's	545.50
Victoria Annex	347.50
Victoria	1,150.00
St. Joseph's	788.50
High	797.00

HAPPY HALF HOUR.

One of the best programmes yet presented to patrons of the Happy Half Hour was given yesterday. Niagara Falls in Winter is a beautiful picture of these famous falls. Besides several close views of the falls, the magnificent figures caused by the giant icicles make the picture one of the handsomest ever seen here. One gentleman, a commercial traveller, said: "I have seen the falls many times, and pictures of them innumerable, but this is the handsomest picture I have ever seen."

The Doctor's Forgiveness is a powerful dramatic picture, splendidly acted and the photography is beautiful.

An Indecent Father and Son is a laugh from start to finish. A Faithful Governor Rewarded is another pathetic dramatic story. Prof. Ticia made a hit with his song, In Old Ireland Meet Me. There are many beautiful pictures of Ireland being shown. Harry Le Roy has a winner in his song, Meet Me. Sweet Kathleen in Honeyuckle Time, and received many encores. Pictures of Gens and the new champion Nelson were shown. Same pictures today, and the pictures of Gens and Nelson will be shown for the last time.

AFTER THE QUARREL.

Kind Old Gentleman—Why have you had trouble with this poor little boy?

Kind Old Gentleman—(haughtily)—No trouble at all, mister. I done him up with one hand.

A LAC OF RUPEES.

A lac of rupees means 100,000 rupees. As the rupee varies in value, there is no fixed sum equivalent to a lac. At the nominal value of a rupee, 50 cents, a lac would mean \$50,000.

TENNIS HATS

If you want the correct Hat for playing Tennis in get one of Our White Felts. They are Light, Cool, Comfortable.

Ladies' Hats, \$1.00, \$1.25

Men's Hats, 1.00, 1.50

These may be cleaned after becoming soiled. Very easily carried as they roll up so as to go in the pocket

D. MAGEE'S SONS, 63 King Street.

AMUSEMENTS.

NICKEL'S COOL ENTERTAINMENT

For cool, wholesome, refreshing entertainment these hot afternoons and evenings the Nickel is the central spot. Last evening with the quicksilver hovering around the eighties this big, airy picture house was perfectly ventilated and comfortable. The air vents were working to capacity, creating a continuous draft through the doors and windows and across the floors. The people said they hardly realized it was the old institute, such a wonderful change in ventilation had been brought about. The new show of pictures pleased everybody, the leading feature being a changed bit of sentimental music. The new show of pictures pleased everybody, the leading feature being a changed bit of sentimental music. The new show of pictures pleased everybody, the leading feature being a changed bit of sentimental music.

GOOD-LOUD LAUGHTER AT THE UNIQUE.

What is beyond a doubt the best comedy picture ever shown in St. John is now on at the Unique. It is called Troublesome Theft. The synopsis of the story is this: A man stopping to rest on a bench in the park, lays a bundle down beside him. A sneak thief comes up and steals the bundle. The man gets up and finds it gone and is surprised to find it in a large tin can. Thinking it is an infernal machine he leaves it and is starting away when a man calls him and orders him to take it away. He endeavors to give it in several places, but is unsuccessful and finally he takes it to the police station. The police, however, refuse to have anything to do with it and he has to take it with him. On leaving the station he meets the owner of the can and is only glad to give it back to him. Anxious to find out what the can contains, he follows and is almost shocked to death to see the man take a quantity of estates out of it.

One of the other pictures is called The New Maid, and is over 1,000 feet in length. The other picture is called Mysterious Flames, and is one of those beautiful transformation pictures. All these films are Pathe's latest subjects and are being shown here for the first time. New songs by Miss A. O'Leary, mezzo-soprano, of London, Ontario, and Will Harrison, lyric baritone, of Halifax.

AT THE PRINCES.

Despite the fact that yesterday was the warmest day that St. John has experienced in years, and that thousands of citizens attended the circus, the Princess Theatre was well attended by a large and young crowd who thoroughly enjoyed the excellent programme of pictures shown, and the coolness of the theatre was indeed a remarkable contrast to the severe heat outside. Mr. Farnham's shipwreck were seen to great advantage and the picture was a decided hit. The Student's Predicament proved a screen from start to finish while "Flat to Let" and "Servant Wanted" proved to be two other comedy pictures that were much appreciated, as were the illustrated songs by A. Munroe Dor.

NEW YORK, July 6.

In the six months ending Tuesday 27,464 of the laboring element of St. John has left the country for Europe. In the same period only 19,848 arrived here. Mr. Gustav H. Schwab, of the Board of Immigration, said that he has been making a study of the question, and that it was not a decided increase in the immigration in the next six months the figures for the year would be less than 40,000. In the first six months of 1908, 73,048 alien storage passengers landed in America, and only 115,782 returned to their European homes.

A STRANGE WILL.

A law case with strangely dramatic adjuncts was lately before the superior court of St. Petersburg. The odd circumstances leading to the legal proceedings were as follows:

One of the wealthiest land owners near Stockholm did not long ago, and after the funeral his heirs looked vainly for the will, but without success. A few days later a young man, seeing a graphophone on a table in the dead man's library, put into it a record which he supposed to be that of a popular Russian song. It is amusing and terror, instead of a song he heard the voice of the dead man recite the words of the missing will.

The heirs were notified of the discovery, lawyers were summoned, and they lost no time in examining the record containing the will. It was found to be flawless and the question then arose whether a will left on a graphophone cylinder would be deemed valid by the courts. It is, therefore, on this unique point that the superior court must render its decision.

HAPPY ADAM.

Adam never drove a horse road. And, furthermore, Eve never wore a corset. A waist that buttoned down the back, —Kansas City Times.
