HAY'S LINIMENT. NO FICTION—This extraordimary chemical composition, the result of science and the invention of a celebrated medical man, the introduction of which to the public was invented with the selemnity of a feath-bed bequest, has since gained a reputation unparalleled, fully sustaining the correctness of the Isamented Dr. Gridley's last confession, that "he dated not dis without giving to posteriy the henefit of his knowledge on this subject," and the therefore bequeathed to his friend and attendant, Solomon Hays, the secret of his discovery. It is now used in the principal hospitals, and the private practice in our country, first and most certainly for the cure of the Piles, and also so extensivey and effectually as to ballle credulity, unless where is effects are witnessed. Headache, Sick or Nervous. Headache, Sick or Nervous.

The extraordinary reputation that Dr. Spohn's remedy for this distressing complaint is every day gaining is certainly a matter of much astonishment. That so much suffering should have expisted for ages without any-discovery of an effectua preventive, or cure, is truly a subject of much regret, but Dr. S. now assures the public that such a remedy has bean fixented as will convince the most credulous.

—The principles upon while it acts are simple and plain. It is an admitted fact that this complaint, whether called Sick Headache, or Nervous Headache, esserted that this organ, the stomach—those who think they have the Nervous Headache may rest assured that this organ, the stomach is the first cause, that the system has become vittated or debititated, through the same channel must they expect a restoration of the nature and healthy functions of the system. This object Dr. Spohn's remedy is eminently calculated to attain. The truth of this position cannet be controverted, and the sooner sufferers with the headache become convinced of it, the sooner will their sufferings end in restoration of health.—Dr. Spohn pledges his professional reputation on this fact.

BALDNESS.

A BEAUTIFUL HEAD OF HAIR, A BEAUTIFUL HEAD OF HARK, Is the grandest ornament belonging to the human frame. How strangely the loss of it changes the countenance, and prematurely brings on the appearance of old age, which causes many to recoil at being uncovered, and sometimes even shun society to avoid the jests and sneers of their acquaintance; the remainder of their lives is consequently speht in retirement. In short, not even the loss of property fills the generous thinking youth with that heavy sinking gloom as does the loss of his bair. To avert all these unpleasant circumstances, OL-DRIDGE'S BALM OF COLUMBIA stors, the To avert all these unpleasant circumstances, OL-DRIDGE'S BALM OF COLUMBIA stops the hair from falling off on the first application, and a few bottles restores it again. It likewise produces eyebrows and whiskers; prevents the hair from turning gray, makes it curl beautifully, and frees it from scurf. Numerous certificates of the first respectability in support of the virtues of Oldridge's Balin are shown by the proprietors.
