LEWIS WINS WELTERWEIGHT CHAMPIONSHIP

Schenectady, N. Y., Nov. 8.—Harry Lewis knocked out Fighting Dick Nelson in the first half of the second round here last night. Nelson was out of his class from the first, taking the count of nine in the first round. At the beginning of the second round, Lewis caught him full on the point of the jaw, and it was several minutes before Nelson was himself.

The fight was scheduled to go 10 rounds, and outlasted for the welterweight championship of the world. Lewis weighed about 15 pounds the heavier, and the result was never in doubt.

Nelson went to the floor three times

KILBANE GOOD TO OLD FOLKS

JOHNNY KILBANE.

What do you think of a boxer within reaching distance of the featherweight title, who supports a blind father, a mother and two little sisters with his ring earnings? Well, that's Johnny Kilbane, the featherweight who gave Abe Attell 10 pounds and fought him to a standstill in Kansas City. Reference Leo Shea gave Attell the verdict, but the crowd declared it was a draw and a good draw. So did the newspaper men present. Shea, they said, was blinded by the radiance cast by a champion when he lifted Attell's hand after 10 rounds of milling.

Kilbane has been coming for a couple of years, and today he is one

56 TROTTERS IN 2.10 LIST

400 Horses Have Lowered Mark Set by Jay-Eye-See in 1884—Records of the Year.

Boston, Nov. 8.—The standard of speed by which trotters and pacers who race on mile tracks are judged is 2.10. It is true that in many races down the big line 2.10 is not touched, but in the campaign this past season from Terre Haute to Lexington there was not a race winner who could not shade this time, and the heat winners who had not 2.10 ability can be counted on the fingers of one hand.

The remarkable increase in the number of 2.10 trotters tells in no uncertain manner of the improvement in the breeding of the American light harness horses. This year 56 trotters have gained entrance to the 2.10 list, which is a greater number than this exclusive circle could muster at the close of the season of 1896. This means that in the past 12 years 400 trotters have touched a mark first set by Jay Eye See, Aug. 1, 1884.

The new 2.10 trotters of this year range in age from 2 to 12 years, Miss Stokes and Justice Brooke being the infants and Alice Roosevelt the "old maid." Six foals of 1897 dropped in to the list, almost doubling the three-year-olds in membership. Colorado E. Grace, Lou Billings, Emily Ellen, J. Malcolm Forbes and George Todd being the additions.

The 4-year-olds number nine: Joan, Billy Burk, Gold Dollar, Vito, The Plunger, Captain George, Dr. Treg, Silver Silk and Martha Tipton. Of the new comers 21 are stallions, 19 mares and 16 geldings.

Peter the Great First.

Peter the Great 2:07 1/4 ranks as the leading sire in this list with four to his credit. The Bandman has three. Todd two, Margrave a like number, as has Arion 2:07 3/4. Bingen has one representative while three of his sons are among the list of sires. Four sons of Baron Wilkes and three sires, the founder of the Wilkes family, have representatives.

Alice Roosevelt and Major Strong are by pacing stallions. Joan, Peter Donna, Peter Dorsey, Margate and Captain Cate are out of record-pacing mares. Ormonde has the honor of being the only new coming stallion with one of his get also in the list. Capt. David A. Shaw of Cleveland is the owner of Joan, Grace, Peter Dorsey and Miss Haritone, the latter being the only Massachusetts-raised addition. Patches Wilkes farm owns three, Miss Stokes, Peter Donna and Crystalline. Walnut Hall farm owns two, the young mares Silver Silk and Martha Tipton. Frank J. Jones were served by Mr. Harkness for breeding purposes.

Willie is the first European-bred horse to earn a place in the list and he is a trotter, that breeders on the other side of the water may well be proud of. Major Wellington was bred in Canada. Chester W. Lasell, J. J. Ryan and Frank J. Jones were the only amateur retrainers who drove their own trotters to a place in the list.

London, Nov. 8.—Playing at Leeds, George Gray, the "boy wonder" from Australia, created a world's record by making a break of 985 (969 off the red ball). Gray is a master of losing hazard play. His plan is to get the white ball out of the way, either in

KRAMER WAS RACE WINNER

Veteran Cyclist With His Mate Covered 1345 Miles 8 Laps in Week's Grind—Kramer Won Sprint.

Frank Kramer, of East Orange, N. J., and James Moran, of Chelsea, won the six day bicycle race, at Boston, their mileage of 1345 miles and 8 laps marking a new local record for a ten hour a day six day bicycle race. The previous record made by Lawson and Anderson in 1908 was 1320 miles and 1 lap.

When the race was finished there were five teams tied for first place, and a bunch of four teams but one lap behind while Jokus and Schiller were two laps behind the leaders. To settle the ties a one-mile sprint race was run off for each division, giving the teams the positions indicated in the following table:

	M. I.
1—Kramer and Moran...	1,345 8
2—Fogler and Collins...	1,345 8
3—Hohr and Goulette...	1,345 8

FREDERICTON FOOTBALL TEAM TO PLAY HERE.

Arrangements have been practically completed for a Fredericton football team to play an all-St. John team picked by Capt. Grierson of the St. Johns on Saturday afternoon.

Both of these teams have defeated the U. N. B. team and are very evenly matched. It will be the first big game here this season and should prove interesting.

Story of Canadian West at "Nickel."

"More than His Duty" is a fine Edison production dealing with life in the Canadian west, particularly about Regina, where the North-west Mounted Police are housed. The picture herein mentioned is a charming story of manliness on the part of one of the mounted policemen, and all St. John people who see it will surely be pleased with the American appreciation of this type of soldier. Another film which will cause comment will be the French historical story "Etienne Marcel," the good Mayor of Paris in 1358, who led a rebellion against the king after the English had defeated the French at the battle of Poitiers, when so many French noblemen were taken prisoners. The king pillaged from the poor peasants to pay off the ransoms on his favorite noblemen held by the English and Etienne Marcel overthrew him. This is a magnificent story film. Two ludicrous Biograph comedies, "The Masher" and "The Lucky Toothache," also an extra film in the afternoon will complete the picture bill. Miss Foley and Mr. Mayson in late songs. Orchestra at night.
