PROMINENT BUILDINGS IN THE BUSINESS AND RESIDENTIAL SECTIONS OF OMAHA,
WHICH WAS SWEEPED BY TERRIFIC CYCLONE CAUSING DEATH AND INJURY TO HUNDREDS

FARNAM STREET, OMAHA'S BUSINESS DISTRICT

RESIDENCE OF GEORGE A. JOSLYN

Here are shown scenes picturing some of the most prominent buildings in the city of Omaha, where hundreds of persons were killed and injured in the great cyclone which swept over the West and South. One of the photographs shows a scene in the business district, where a great deal of damage was done. As a result of the storm, from the Omaha Field Club to the Carter Lake Club there is now a wide lane of tangled and smoking wreckage. Many of Omaha's most beautiful homes are now in utter ruins.

BIG FREIGHT TRAIN

DERAILED BY WASHOUT

Fourteen Cars Ditched Near
Bridgetown, N. S.—American
Schooner Ashore at
Digby—Other Items.

Bridgetown, N. S., Mar. 28.—A freight train of fourteen cars was derailed by a washout on the Dominion Atlantic Railway near Roundhill station last night. Six of the cars derailed. No one was hurt.

Moncton, N. B., Mar. 28.—Melting snow and rain has resulted in the surrounding country being flooded. It is feared that considerable damage has been done. A washout has occurred near Macan and several trains are stalled.

Schooner Wrecked.
Digby, N. S., Mar. 28.—A telephone message at three o'clock this morning announced that the American schooner Quickstep, Capt. Mathews, was ashore in St. Marys Bay. The crew were rescued. The vessel is but slightly damaged and it is thought she will be floated on the next tide.

Hydroplanes to Arctic.
San Francisco, Mar. 28.—Captain Amundsen, discoverer of the South Pole, has signed a contract to buy two hydroplanes which he will take with him on his voyage of exploration to the northwest passage.

Smugglers Arrested.
New York, Mar. 28.—Officials in the office of the United States District Attorney say that one of the biggest plots for smuggling in the history of the country has been uncovered as a result of the confession of two women who have been engaged in the traffic. This band has been smuggling goods to the value of \$3,000,000.

To Deport Suffragettes.
London, Mar. 28.—Lord Robert Cecil, member of the House of Commons, in a letter to the London papers, advocates the deportation of militant suffragettes to some distant island.

BLACK FOXES FOR SALE

For sale three pairs Black Foxes, guaranteed pedigree, Dalton's and Tuplin best blood. Will sell and retain interest, also board if desired. Reasonable rates. Price right. Further information, apply W. F. Weeks & Son, Fredericton, N. E. I.

Takes Up Insurance Business.
G. G. Kennedy has resigned his position as an employee in the I.C.R. yards to accept a position with the Prudential Insurance Company. Mr. Kennedy was popular with his fellow railway employees who presented him with an address and a gift for a remembrance.

A Presentation.
William Smallridge, foreman for the contracting firm of M. Sullivan and Co., who are building the new armory, was agreeably surprised yesterday afternoon when the bricklayers and laborers under his control presented him with a pipe. Walter Allingham made the presentation. Mr. Smallridge replied in a suitable manner. Mr. Smallridge left last evening for Kingston, Ontario, where he will take charge of another contract for the Sullivan Co.

Liquor Case in Court.
In the police court yesterday afternoon P. M. O'Neill was before the court on the second charge of selling liquor to an Indian. The Indian who gave evidence some days ago on the first charge, testified that he had been in the O'Neill saloon on Mill street on the second occasion and purchased liquor. The case was adjourned until Monday afternoon.

MONTREAL STANDARD

ISSUE BOOMS ST. JOHN

Special Number Containing
Twenty Pages Tells of Great
Development in "The Front
Door of Canada."

Striking testimony to the growing importance of St. John is afforded by the special St. John development number of the Montreal Standard, the best known of the illustrated weeklies published in Canada. Over twenty pages of this week's issue of the Montreal Standard is devoted to St. John. The first page of the illustrated development number is given over to pictures of the work at Courtenay Bay and on the West Side, which illustrate in a concrete way the importance of the developments in progress here; and this section also contains a fine panoramic view of the city.

The special supplement devoted to St. John contains twenty pages, and the articles cover nearly every phase of the city's development, and are illustrated by numerous views. Typographically the number is gotten up in splendid style and altogether it is as much a tribute to the enterprise of the publishers as to the growth of St. John as leaped into the national limelight.

On the first page of the supplement the headlines read:
"Story of St. John is one of the most romantic of all Canadian narratives."
"The rail and harbor city of Canada is now leaping ahead with giant strides."

"Civilized pluck and millions of money will make St. John the Front Door of Canada and one of the greatest ports in the world."

The articles deal with the development of the winter port, the inauguration of the works at Courtenay Bay, the real estate opportunities, the marvelous growth of St. John's industries during the past ten years, the work of the Board of Trade, the city commissioners, and the increasing importance of St. John as a financial centre.

Mayor Frink and J. M. Robinson, the president of the Board of Trade, give their opinions in interviews on the possibilities of the city, and Commissioner Schofield contributes an article, urging the need of greater speed in the development of the harbor facilities.

Miss M. O. Magee, who has been acting secretary of the Board of Trade, contributes an interesting article giving a glimpse of the wonderful possibilities of the city.

Most of the articles on St. John were prepared by Colin McKay, of the staff of The St. John Standard.

WAS BURIED AT SEA.
Vineyard Haven, Mass., March 22.—The British schooner *Battle* of Yarmouth, N. S., which sailed from Gloucester, Havt, March 7th in ballast for Turkey Island, was driven high on the beach on the south side of Martha's Vineyard early today. The crew jumped ashore dry shod. The vessel will be floated without damage. Four days out of Gloucester, Captain Purdy of the *Battle*, N. S., died suddenly of heart disease and the body was buried at sea.

Happy is the city whose walls are rising.

ful improvements to be made in St. John in the near future.

J. B. Daggett, secretary of the Department of Agriculture, writes of the orchard opportunities in New Brunswick, and S. L. Harrison of Moncton, compares conditions in the East, and the West in a way that is flattering to the Province of New Brunswick.

An article on the developments in New Brunswick during the year 1912 tells how the spirit of optimism has projected itself into a vast programme of practical development, and pays a tribute to the work of the Flemming government in giving impetus and direction to the forward movement throughout the province.

Space is given to Hon. W. P. White's address at the inauguration of the Courtenay Bay works, in which he painted a brilliant picture of the future of St. John.

The city council and the Board of Trade have two pages in the issue, advertising the advantages and possibilities of the city, and many of the local manufacturers and real estate men and others have advertisements, directing attention to the progress and opportunities of the city.

There are quite a number of statistical tables, which show the growth of the winter port business, the development of industrial production, the increase in bank clearings, and other features of the growth of the place.

An article on St. John as the Front Door of Canada after recounting the facts and figures which are contributing to make St. John a great city, says:

"But more significant than its material development, more full of promise of progress and future greatness is the spirit that has seized upon the people of St. John. A rampant optimism prevails; the people are alive to their opportunities and determined to make the most of their advantages. The young men are stopping home, and the old men are determined to be a great city. A mighty quickening of the intellectual life of the city is in progress, the pamphlet spirit is abroad, and the outlook is bright and broad as its commerce and that is world-wide; and with the broadening of their outlook the glamour of distant places has lost its power to lure the young men from home. St. John for citizens has become the centre of the universe, and with real pride they repeat the motto on the coat of arms of the old loyalist city:

"O Fortunate Quorum Jam Maenia Surgunt."

"Happy is the city whose walls are rising."

Most of the articles on St. John were prepared by Colin McKay, of the staff of The St. John Standard.

WAS BURIED AT SEA.
Vineyard Haven, Mass., March 22.—The British schooner *Battle* of Yarmouth, N. S., which sailed from Gloucester, Havt, March 7th in ballast for Turkey Island, was driven high on the beach on the south side of Martha's Vineyard early today. The crew jumped ashore dry shod. The vessel will be floated without damage. Four days out of Gloucester, Captain Purdy of the *Battle*, N. S., died suddenly of heart disease and the body was buried at sea.

Happy is the city whose walls are rising.

PICKING THE WINNER.

"Who's going to win the pennant?" That line I hear each day. So often that an answer pat I've got—'tis this I say: If the Cubs should be weaker, And New York not so strong, And all the dope on Doolin's team Should turn out to be wrong, And if the Reds are better, Or that one lead by far, Take wise the Pilgrims, too, And Bos' Huggins should get a bunch Of stars to help him through; Or if it should be otherwise, Right up and down the line, Or one should show much weakness And another loom up fine, And this one should be that way, Or that one lead by far, Then I should say some team should win The rag—and there you are."

NEW STRENGTH

IN THE SPRING

Nature, Needs Aid in Making
New Health-Giving Blood

In the spring the system needs a tonic. To be healthy you must have new blood just as the trees must have new sap to renew their vitality. Nature demands it, and without this new blood you will feel weak and languid. You may have twinges of rheumatism or the sharp, stabbing pains of neuralgia. Often there are disfiguring pimples or eruptions on the skin. In other cases there is merely a feeling of tiredness and a variable appetite. Any of these are signs that the blood is out of order—that the indoor life of winter has lessened your vitality. What you need in spring is a tonic medicine to put you right, and in all the world of medicine there is no tonic can equal Dr. Williams' Pink Pills. These pills actually make new, rich, red blood—your greatest need in spring. This new blood drives out the seeds of disease and makes easily tired men, women and children bright, active and strong.

Mr. John Walford, La Have, Islands, N. S., writes: "I take great pleasure in telling what Dr. Williams' Pink Pills have done for me. I am a fisherman and fifteen years ago through hard work my system became run down and I could scarcely work at all. I lost weight; my blood became poor and I was very weak. I consulted several doctors but their treatment did not help me so I decided to try Dr. Williams' Pink Pills and in a short time I was entirely well again. My wife and daughter also used them with benefit. We think so much of the Pills as a family medicine that we always keep a box in the house."

These Pills are sold by all medicine dealers or can be had by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

NOVEL ENTERTAINMENT IN ST. STEPHEN'S SCHOOL

In the school room of St. Stephen's church last evening there was a very pleasant entertainment in the form of a ballad concert and the production of a dramatic "fantasie" to which additional interest was brought by the fact that it was from the pen of Miss Jean Leavitt. The concert programme came first and proved delightful, while the little playlet was well acted and much enjoyed.

The following was the cast of characters:

All the World's a Stage.
The World—Mrs. Paterson.
Vicar of Wakefield—R. Davidson.
Mrs. Primrose—Miss J. Leavitt.
Mrs. Gummidge—Miss Sarah Collins.

A Suffragette—Miss Winifred Paterson.
A Jester—E. Thompson.
A Philosopher—G. Morrissey.
Becky Sharp—Miss Mary MacLaren.
Colonel Osborne—R. Leavitt.
Miss Fodenap—Miss Marion Frink.
Mr. Grouper—Lorenze Scoville.
The participants in the musical programme were Mrs. B. L. Gerow, Mr. and Mrs. Griffiths and Mr. Garret. There were also several choruses.

DIED.

McAFEE—Entered into rest on Thursday, March 27, 1913, Ray Gurney and Vera Mildred, only son and second daughter of Robert and Lily McAfee.

Funeral from Mission church, St. John Baptist, Saturday, March 29, Requiem celebration of holy communion 9.30 a.m. Funeral service at 2.30 p.m.

STILL AT THE TOP
For ten years the sales of
SHREDED WHEAT

have never failed to show an increase over the sales of the previous year, and this without any "free deals" for grocers or "premiums" for consumers. The supremacy of Shredded Wheat among cereal foods is unchallenged. After you have tried all the new ones you will come back to Shredded Wheat, the one universal cereal breakfast food, always fresh, always clean, always pure, always the same. Contains more real nutriment than meat or eggs, is more easily digested and costs much less.

For breakfast heat the biscuit in the oven a few moments to restore crispness; then pour hot milk over it, adding a little cream; salt or sweeten to suit the taste. It is deliciously nourishing and wholesome for any meal with stewed prunes, baked apples, sliced bananas, preserved peaches, pineapple or other fruits. At your grocer's.
