BOUNTIES LAST YEAR  
NEARLY THREE MILLIONS

Iron and Steel Products Figured Largest on the List of Beneficiaries

Canadian Petroleum a Close Second With the Millions of Gallons Output Yearly--Oil from New Brunswick Shale Expected to Largely Increase the Amount--Figures Taken from Parliamentary Paper Too Late for Session.

(Special to The Telegraph.)  
Ottawa, Aug. 24.—A return prepared for presentation to parliament last session, but completed too late for the purpose, shows the amount of money paid in bounties to the iron, steel, petroleum and binder twine industries during the fiscal year 1908 to be \$2,787,354.  
On steel manufactured in Canada during the year ended March 31 last bounty was paid on 661,940 tons at \$1.65 per ton, or a total of \$1,092,200. The Canadian pig iron used in the production of this quantity was 530,102 tons; foreign, 24,238 tons.  
The aggregate of bounties paid was: On pig iron, \$888,514; on steel, \$1,092,200; on wire rods, \$347,134; or a total on iron products of \$2,327,812. Then there were paid in bounties on lead, \$91,001; on manila fibre entering into the manufacture of binder twine, \$42,000; on Canadian petroleum, at 14 cents per gallon, \$391,217; a total in bounties of \$2,787,354.  
That the bounty payments for the present year will exceed the foregoing figures is evident from the fact that the allowance on manila fibre has been extended to cover manila and in the production of cordage generally, instead of being con-

A HORSE RACE  
WORTH SEEING

Forty-Four Fliers to Contest for \$50,000 Purse at Readville.

NOVEL CONDITIONS

Handicaps According to Records for Each Contestant--Sonoma Girl and Sweet Marie Among Those to Start--Turf Men from Every Quarter Will be on Hand.

Boston, Mass., Aug. 24.—The great harness event of the year, the American Trotting Derby, with a purse of \$50,000 as an incentive will be held tomorrow on the Readville track in connection with the second day of the grand circuit, with conditions which make the event unique in the history of horse-racing in this country.  
Forty-four harness horses with marks for the mile all the way from 2.05 to 2.15 are entered for the event and will compete not on equal terms, but upon a system of handicaps. The slowest horse will start from the three-quarters of a mile post, or a quarter of a mile behind the wire, and the fastest horse 530 feet in the rear, all the horses leaving their marks at the sound of a bell from practically a standard instead of scoring side by side for the wire.  
As the field is believed to be too large to send away at the same time, the race will be run with two preliminary heats, with eight horses to qualify for the final, which will be held late in the afternoon.  
The heaviest handicapped horse in the race are Sweet Marie and Sonoma Girl. The conditions of the race are so novel to both drivers and horses that past performances are not expected to count in estimating the result. The fastest horse will have large fields through which they must push their way, while the distances are all new and the starting unusual.  
There is great interest in the race, not only among the owners and drivers, but among the general public. It is believed that if the race proves a success it may revolutionize the sport in this country and make it immensely attractive not only for horsemen but for spectators.

HOUSE CLEANING  
WALL STREET

Exchange to Investigate Suspected "Wash" Transactions

ENORMOUS TRADING

More Than 1,000,000 Shares Dealt in Saturday in Two Hours--Magnitude of Sales Aroused Suspicion as Prices Were Not Greatly Affected.

New York, Aug. 24.—A special committee of five members of the New York Stock Exchange will conduct an investigation of the transactions which took place on the floor of the Exchange Saturday when more than 1,000,000 shares were bought and sold in enormous blocks and in such a manner as to arouse suspicion that the sales were so matched as to create a fictitious impression of activity.  
The governing committee of the Exchange took up the matter after trading had closed today, and in a brief session authorized the president of the Exchange, R. H. Thomas, to appoint an investigating committee. The names of the members of the investigating committee probably will be announced tomorrow.  
Some took up the matter after trading on Saturday in two hours was 1,000,000 while in the five hours of trading today, 387,000 shares were traded in.  
The belief that Saturday's sales were manipulative had its origin in the fact that shares were bought and sold in tremendous blocks without greatly affecting the market price, while the real purpose has not been ascertained.  
The matter before the investigating committee will be the identity of the prime movers in Saturday's extraordinary market. If it is found that the orders were matched, severe measures may be applied.

ONE LEG AND ONE  
FOOT CUT OFF

Robt. Connell, I.C.R. Engineer, Terribly Injured at Campbellton

JUMPED FOR ENGINE

Fell, and Legs Went Under the Wheels of Chief of Police Crawford Breaks Up a Card Game, Makes Four Arrests, and Fines of \$20 Each are Paid.

(Special to The Telegraph.)  
Campbellton, Aug. 24.—In attempting to board an engine in motion here today Robert Connell had one leg cut off below the knee and the other foot also cut off. He has been operated on in the hospital and tonight is as well as could be hoped for. He lost a great deal of blood and is greatly weakened.  
The accident occurred with the engine of the Ocean Limited which was on the way from Montreal to Moncton. The engine was being run down at fair speed to the coal shed when Connell, who is an engineer on the I. C. R., attempted to jump into the cab. He missed his footing and his feet slipped under the wheels. As quickly as possible he was removed to the hospital where Drs. Pinault, Martin and Price operated on him. Connell is about forty years of age and a resident of Campbellton. The news of the accident has been received with very general regret.  
Chief of Police Robert Crawford, who has been particularly active in seeing that the law is enforced, made a raid on a house yesterday and effected the arrest of four men on a charge of gambling. He received information that a quiet game was in progress in the house of Silas Roy, who lives in the upper part of the town and on going there alone had no difficulty in gaining admittance.  
He mounted the stairs to the top floor where the game was said to be going on, and although an effort was made to lock the door, made his way into a room where he discovered four men, a quantity of playing cards and money. He arrested Silas Roy, Edward Hinchey and an Italian. The four were before the police magistrate today, and against each fined \$20. The money was paid.

AGAINST A THIRD  
FORWARD MOVEMENT

Baptist Convention Gives Attention to Educational Matters at Acadia

ROCKEFELLER HAS BEEN COMMUNICATED WITH REGARDING FURTHER CONTRIBUTION--CANADIAN BAPTIST UNION REPORT RECEIVED WITH ENTHUSIASM--LARGE GATHERING AT EVENING PLATFORM MEETING--PROGRAMME OF CLOSING DAY.

The United Baptist conference, at its session Monday morning, approved, by unanimous vote, of the project for Canadian Baptist union. Three business sessions were held and much important work was done. An interesting discussion took place in the afternoon over the finances of the Acadia educational institutions. R. G. Haley, of this city, introduced a motion that a third forward movement be inaugurated. As, however, the sense of the convention was that it would be inopportune, he withdrew it. President Hutchinson intimated that J. D. Rockefeller had lately been communicated with for a further gift to Acadia.  
In the evening a platform meeting was largely attended. Addresses on Christian education were given by President Hutchinson, Principal DeWolfe and Dr. Goodspeed, of Waco, Texas. The business of the convention was then resumed. It was decided to authorize the incoming Sunday school board to appoint a field secretary for the United Baptist churches of the maritime provinces. A good many reports were received during the day.  
Today further reports of denominational committees were received. At 8 o'clock this evening a meeting will be held and addresses on Canadian missions will be given by Rev. I. W. Porter, Rev. W. T. Stackhouse and Rev. E. Bosworth. After this meeting the business of the convention will be closed.  
Morning Session.  
The convention of the United Baptists of the Maritime Provinces was continued in German street Baptist church yesterday morning, when a number of reports were dealt with. The newly-elected president, Chancellor Jones, of the U.N.R. presided.  
The report on the Ministers' Annuity Fund was read and adopted, with the exception of the last clause, which was left open for consideration for another year.  
A report which was submitted by a committee appointed to consider union with the Disciples of Christ, created considerable discussion. Arguments for and against the union were presented, some claiming there was but little difference in doctrine and polity, and the agreement upon a suitable name.  
Rev. Dr. A. A. Cohoon presented the report of the committee on the constitution of a Canadian Baptist Union, as follows:—  
"At the last meeting of the convention I instructed your committee on Canadian Baptist Union to take into consideration the constitution of the proposed Dominion Baptist Union and report such changes and additions as they deemed advisable. After considering the whole question in a meeting of the joint committee at which H. F. La Flamme, J. C. Brown, J. C. Spenceman, Douglas Laing, J. A. Gordon, S. Bosworth, W. T. Stackhouse, D. B. Harkness, H. C. Creed, MacLeod, H. C. Newcomb, J. H. McDonald, C. W. Ross, F. E. Emerson, Z. L. Fash, G. R. White, A. J. Prosser, S. W. Cummings, W. N. Hutchinson, J. W. Manning and A. Cohoon, members of the committee were present, also Brothers T. DeWolfe, W. E. McIntyre, J. W. Porter and W. V. Higgins, by invitation, your committee recommends:—  
"That for the present the objects of the union be foreign missions, such home mission interests as require a dominion appeal, publication and Sunday school work and the subjects of temperance, moral reform and Christian stewardship.  
"That the working out of the details of the organization be left to the delegates who shall assemble at the first meeting of the union.  
"Your committee further recommends that the first meeting of the union be held in Ottawa in October about the time of the convention of Ontario and Quebec as the joint committee may be able to arrange and that the delegation be as far as possible as indicated in the proposed constitution.  
"The section recommending that home missions should be controlled by the union on instead of by the provincial boards, created some discussion, but the report as a whole was finally adopted.  
When action on this matter had been settled, there was a burst of applause from the delegates and they rose and sang, with fervor, "Blest be the Tie that Binds."  
Rev. Dr. E. M. Kierstead, of McMaster University, was invited to a seat in the convention and responded with a few words of thanks and expressed the hope that the deliberations would be productive of much good.  
Acadia Reports.  
The report of the treasurer of Acadia, Rev. Dr. Cohoon, was submitted. Following is an abstract of the current accounts for the year:

TAFT WILL LIKELY GET  
THE CHINESE VOTE

As That China is Great Country and the United States Would Welcome Her Industrial Growth.

Hot Springs Va., Aug. 24.—Judge Taft took occasion today to express himself as heartily favoring the efforts of American manufacturers to employ the most effective method of bettering the condition of the nation and of establishing cordial relations between the Chinese empire and the United States. This expression was given in an extended conference with Rev. Geo. W. Payter, thirty-five years a missionary at Hang Chow, China, for the Presbyterian church.  
Rev. Dr. Payter came here to give Mr. Taft all the information he had gathered of the international political situation with respect to China. He said China was awakening from a sleep of ages with anger at the nations which were seemingly dividing up her territory among themselves.  
After the conference Mr. Taft said for publication:  
"The United States and others who favor the open door policy will, if they are wise, not only welcome, but encourage the great Chinese empire to take long steps in administrative and governmental reforms in the development of her natural resources and the improvement of the welfare of her people. I do not view with alarm the growth of China into a great industrial empire. I believe that this, instead of injuring foreign trade with China would greatly increase it."  
"We ought to welcome China's growth as an important power. We ought not to be jealous about it, for it is the blindest kind of a policy to retard the development of a nation in the hope of thus increasing our trade. Our greatest trade is with the most prosperous. The Chinese are a great people and they ought to be helped to develop."

R. KENDALL, M. P. P.  
TO SUE SYDNEY PAPER FOR CRIMINAL LIBEL

(Special to The Telegraph.)  
Halifax, N. S., Aug. 24.—A writ has been issued but has not yet been served against the Sydney Daily Post by Dr. Arthur Kendall, M.P.P., charging that paper with criminal libel in an article published on August 17 and 18, which contained the accusation that the doctor had received "consideration for supporting Alex Johnston in the federal election of 1904."

HALIFAX CHILD  
BADLY BURNED

(Special to The Telegraph.)  
Halifax, N. S., Aug. 24.—A three-year-old girl named Hill was almost burned to death tonight. Her clothing caught fire from a falling lamp and the child was terribly injured. A general alarm was sounded, the onlookers thinking the house was in danger. The child was removed to the hospital.

BRIDE WITNESSED  
HUSBAND DROWN

Frantic Woman Waded Into Mill Pond to Rescue Him, But is Dragged Ashore by Friends.

Seituate, R.I., Aug. 24.—Thrown from a capsize boat and begging his frantic bride for four weeks to save him, John Colon, age 28, was drowned here yesterday afternoon in Spencer's Mill pond. Mrs. Colon waded out shoulder deep in an effort to reach him and after the body had disappeared became hysterical, and had to be dragged ashore by neighbors to prevent her diving for the body.  
Colon was superintendent of the Spencer farm, which adjoins the mill pond, and in company with a man named William Reed, started fishing in an old row-boat. When about twenty feet from the bank, where the water is 12 feet deep, the boat began to fill. Colon, who could not swim, attempted to reach a balling can in the front end of the boat. He stood up and the boat capsized. His wife was seated at a window in her home near the bank of the pond watching the two men. She ran to the water's edge and waded out. Reed was dragged down twice by her husband, who is a heavily built man. Then he swam ashore to save his life, and Colon sank.  
The body was recovered an hour later by Charles Bowen and a man named Otto who brought it to the surface. Dr. Bernard Arnold, of North Scituate worked on the man, but all efforts to revive him failed.  
Colon is survived by a brother in Cranston and another in Woodstock. He came here about two years ago from Montreal.

CANOEED FROM NEW YORK  
TO CHARLOTTETOWN

Mr. and Mrs. Henry A. Wood Paddled All the Way But a Few Miles.

(Special to The Telegraph.)  
Charlottetown, P. E. I., Aug. 24.—Henry A. Wood and Mrs. Wood, of New York, arrived here today after an eventful and adventurous canoe voyage from New York. The only portion of the distance not paddled was a few miles across New Brunswick from the Bay of Fundy to the Strait of Northumberland, at Cape Tormentine. From this point they crossed Northumberland Strait on Friday, running into this rough weather, but getting across safely.  
Both voyagers are well and in the best of spirits after their voyage. Mr. Wood is a member of the New York Yacht Club, whose pennant, together with the Stars and Stripes, the canoe flies. They have been a little more than three weeks coming from Gloucester (Mass.). Their canoe is in perfect condition and has stood the trip well. They will remain in Charlottetown till Friday, when they will return to New York via Halifax, taking their canoe back as luggage. There have been many enquiries from New York the past few days relative to Mr. and Mrs. Woods whereabouts.

GENERAL BOOTH  
PLEADS FOR WOMEN

London, Aug. 24.—General William Booth, of the Salvation Army, has issued a long manifesto, eloquently pleading for the equality of women with men and exhorting every member of his army to embrace this view and train his children to this end.

MRS. BARBITT GOT  
BIG RECEPTION

Fredericton Tennis Champion Welcomed by Crowds on Return Home—Coming Wedding.

(Special to The Telegraph.)  
Fredericton, N. B., Aug. 24.—The nuptials of Miss Millie Tibbits, youngest daughter of Deputy Provincial Secretary Tibbits and Walter Gilles, of the civil service, Ottawa, will take place here September 16.  
Solicitor General McLeod returned today from a fishing trip to the Miramichi.  
Mrs. Harold R. Babbitt, who won the New Brunswick tennis championship at Bathurst last week, arrived home this evening and was accorded a hearty reception by members of the club. A large number of them met her at the depot and their congratulations had been extended to her both drivers and horses that past performance are not expected to count in estimating the result. The fastest horse will have large fields through which they must push their way, while the distances are all new and the starting unusual.  
There is great interest in the race, not only among the owners and drivers, but among the general public. It is believed that if the race proves a success it may revolutionize the sport in this country and make it immensely attractive not only for horsemen but for spectators.

ENGLISH LADY  
FOULLY MURDERED

Wife of Major General Luard Shot in Lonely Wood and Rings Torn from Her Fingers.

London, Aug. 24.—The wife of Major General Charles Edward Luard was mysteriously murdered today in a desolate wood near Seven Oaks, which is a short distance outside London. No trace of the murderer has been found, but the motive was robbery, valuable rings having been taken from the woman's fingers.  
The circumstances surrounding the tragedy are inexplicable. The general and his wife were started to go on a holiday and the general suggested that they walk from their residence at Igham Knoll, a short distance to the golf links to fetch some things which they needed. They started making a short cut through a wood belonging to a neighbor which the general had the privilege of using. Half way along Mrs. Luard, becoming tired, decided to alight her husband to proceed alone, she declaring her intention to return home. The general went on, but after a short time he returned, stating that he was lying behind the summer house used for picnics, while other reports state that it was lying behind the summer house. As the general approached the spot, his wife's favorite terrier rushed to meet him and then returned, mouthing over his dead mistress.  
Mrs. Luard had been shot with a revolver, one bullet entering the temple and another striking her behind the ear. From the position of the body apparently she had faced her assailant, and he had shot her just below the left eye. The second shot seemingly, was fired after the woman fell on her face. Her hand had been pulled back and three rings were taken from the fingers. Her dress, also was torn almost from the body. The summer house is a mile distant from any dwelling. A farm hand heard shots in that direction about half-past three, or half an hour after General Luard had left his wife.  
Mrs. Luard was a tall and handsome woman, about 38 years of age.

LEWIS J. NORTHRUP, OF  
BELLEISLE CREEK, DEAD

Lewis J. Northrup, of Belleisle Creek, Kings county, passed away at his late home at Belleisle, on Saturday, 22nd inst., at the advanced age of eighty years. Mr. Northrup was a man of exemplary life and was respected by all with whom he was associated. He leaves, to mourn their loss, his wife, three sons—Charles H., Wilfred L. and Burpee J.; and five daughters—Mrs. R. A. Brown, Mrs. George W. Woodland, Mrs. George E. Wannamaker, Mrs. Joseph L. Preston, all of Belleisle (Mass.), and Mrs. Edward L. Parsons, of Boston, who has spent several months with her father during his illness and who was with him at the last.  
The funeral service will be held at the Church of England, Belleisle Creek, on Wednesday the 26th inst., at 2 o'clock in the afternoon.

NEW YORK COMMISSIONER REPORTS  
THAT DISTRICT ATTORNEY DISCHARGED HIS DUTIES FAITHFULLY.

Albany, N. Y., Aug. 24.—Richard L. Hand, of Elizabethport, who was appointed by Governor Hughes to take testimony and report his findings upon the charges filed against District Attorney William Travers Jerome, of New York County, by a minority stockholders' committee of the Metropolitan Street Railway Company in a report submitted to the governor today finds that not one of the serious charges is proved, but that all are disproved upon the evidence. He recommends the dismissal of the charges.  
A request was made for Mr. Jerome's removal. Governor Hughes has not acted upon commissioner Hand's report.  
"My conviction upon the whole case," says the report, "is that the respondent has been shown to have discharged the duties of his office with zeal and ability, having the public good as his motto."

ACADIA MATTERS

Report on the Educational Institutions Suggestion of Third Forward Movement Made, Opposed and Withdrawn--Interesting Discussion.  
The report of the governors of Acadia University was then presented by Prof. Osborn, of Wolfville. On his motion the report was adopted as a whole and taken up section by section.  
The report of the governors of Acadia told of the largest attendance in the history of the college—181 students, being 67 men and 44 women. The closing exercises were reviewed and changes in the staff referred to. Dr. Raymond C. Archibald, professor of mathematics, resigned in March and Wilbur A. Galt, of the State University of Vermont, appointed. Professor Roland P. Gray, resigned the chair of English language and literature and negotiations for a successor were now in progress.  
Referring to Horton Academy, the report stated that the enrollment last year was 102 but that attendance was less regular than usual. The resignation of Principal Merceveau was told of. Ernest W. Robinson, M.A., had been appointed in his stead. Joseph E. Howe, B.A., has been appointed house master in place of John M. Shortliffe. Arthur D. W. Foster has been appointed teacher of the English branches and elementary mathematics. Foster Camp and J. H. Gledhill retired from the staff. Les Seaman will direct the manual training in place of Ira Moland. Miss Cassie Benjamin, B.A., will teach stenography and typewriting, in place of Miss Margaret Keeser. Mr. Kaiser will continue as teacher of the business branches.  
Dealing with Acadia Seminary, an enrollment of 291 pupils was reported, of these 113 were in residence. The following were the changes in the teaching staff: In the place of Miss Minnie Chipman, of the art department, on leave of absence for a year, Miss Isabelle Andrews, of Toronto; in the place of Miss Ida Bisbee, of the art department, Miss Iva Richardson, of the Massachusetts Normal Art School; in the place of Miss Frances, teacher of physical education, Miss Frances D. True, post graduate of Emerson College. She will carry not only the work of the physical culture department, but be associate in education. Mrs. J. Christian Ringwald, who assisted in the pianoforte department last year, will be continued on page 8, first column.
