

writers have taken to describing themselves and their charms—the boys are as bad as the girls. Now, why does not someone write and tell of the friendships they have made through the medium of the paper, it would encourage the more timid and lonely ones to write and make friends too. I wonder if you have any members of the Loyal True Blues among your readers. I would like a few correspondents from Ontario and Manitoba. I will gladly give any information I can about this part of B.C. to any who wish it. I suppose I had better say that I am not sweet sixteen, but am on the sunny side of 40. Thanking you in advance and wishing you every success. My address is with the Editor.

Dear Editor: Kindly allow another bashful fellow to say a few words in praise of your valuable paper. Since becoming a subscriber nearly a year ago, I have looked forward for each new issue, and take my first pleasure from the Correspondence column, but must say the other parts receive the attention due them. I suppose it is rather out of date to say anything about dancing, but my opinion is, everyone should do as their conscience tells them is right. For my part I dance and can see no harm in it if it is carried on properly. Baseball and hockey are my favorite sports, but hockey is my hobby—I suppose because

we farmer boys do not take much pleasure out of a baseball practice after a long day's work in the summer. Old Homes Joy wrote a splendid letter. Now girls my address is with the Editor, and if any of you wish to volunteer to help a lonely bashful boy of about twenty to pass some of the long winter evenings, just come along, and in time I believe I will not feel so out of place in this world. Wishing the W.H.M. every success. I remain,

"Whisky," said Beecher on one occasion, "is a good thing in its place. There is nothing like it for preserving a man when he is dead. If you want to keep a dead man, put him in whisky;

if you want to kill a live man, put whisky in him.

Impersonating a Constable

The other day a man with a red nose was brought before a magistrate, charged with impersonating a police officer.

"What have you to say?" asked the magistrate.

"I am innocent," replied the man.

"What did he do?" asked the magistrate.

"Why, he tapped three times at the door of a public-house on n. beat, and when the landlady shoved the beer out through the half-closed door he took it and drank it. That's what he did!"

The case was dismissed.

Pennsylvania

Man Thankful

Mr. C. E. Brooks,
Marshall, Mich.

Dear Sir:— Perhaps it will interest you to know that I have been ruptured six years and have always had trouble with it till I got your Appliance. It is very easy to wear, fits neat and snug, and is not in the way at any time, day or night. In fact, at times I did not know I had it on: It just adapted itself to the shape of the body and seemed to be a part of the body, as it clung to the spot, no matter what position I was in.

It would be a veritable God-send to the unfortunate who suffer from rupture if all could procure the Brooks Rupture Appliance and wear it. They would certainly never regret it.

My rupture is now all healed up and nothing ever did it but your Appliance. Whenever the opportunity presents itself I will say a good word for your Appliance, and also the honorable way in which you deal with ruptured people. It is a pleasure to recommend a good thing among your friends or strangers. I am,

Yours very sincerely,

JAMES A. BRITTON.

Recommend From

Texas Farmer

C. E. Brooks,
Marshall, Mich.

Dear Sir:— I feel it my duty to let you, and also all people afflicted as I was, know what your Appliance has done for me. I have been ruptured for many years and have worn many different trusses, but never got any relief until I got your Appliance. I put it on last November, but had very little faith in it, but must say I am now cured. I have laid it away— have had it off for two weeks and doing all kinds of farm work with ease. While I was wearing it, I had

lagrippe and coughed a great deal but it held all right. Words cannot express my gratitude towards you and your Appliance. Will recommend it to all ruptured people.

Yours sincerely,

J. E. LONG.

Others Failed But the Appliance Cured

E. Brooks,
Marshall, Mich.

Dear Sir:— Your Appliance did all you claim for the little boy and more, for it cured him sound and well. We let him wear it for about a year in all, although it cured him 3 months after he had begun to wear it. We had tried several other remedies and got no relief, and I shall certainly recommend it to friends, for we surely owe it to you. Yours respectfully,

Cured at the Age of 76

Mr. C. E. Brooks, Marshall, Mich.

Dear Sir:—

I began using your Appliance for the cure of rupture (I had a pretty bad case) I think in May, 1905 On November 20, 1905, I quit using it. Since that time I have not needed or used it. I am well of rupture and rank myself among those cured by the Brooks Discovery, which, considering my age, 76 years, I regard as remarkable.

Very sincerely yours,
SAM A. HOOVER

Child Cured in Four Months

21 Jansen St., Dubuque, Iowa

C. E. Brooks,

Dear Sir:— The baby's rupture is altogether cured, thanks to your appliance and we are so thankful to you. If we could only have known of it sooner our little boy would not have had to suffer near as much as he did. He wore your brace a little over four months and has not worn it now for six weeks.

Yours very truly,

ANDREW EGGENBERGER

Ten Reasons Why

You Should Send For Brooks Rupture Appliance

1. It is absolutely the only Appliance of the kind on the market today, and in it are embodied the principles that inventors have sought after for years.
2. The Appliance for retaining the rupture cannot be thrown out of position.
3. Being an air cushion of soft rubber it clings closely to the body, yet never blisters or causes irritation.
4. Unlike the ordinary so-called pads, used in other trusses, it is not cumbersome or ungainly.
5. It is small, soft and pliable, and positively cannot be detected through the clothing.
6. The soft, pliable bands holding the Appliance do not give one the unpleasant sensation of wearing a harness.
7. There is nothing about it to get foul, and when it becomes soiled it can be washed without injuring it in the least.
8. There are no metal springs in the Appliance to torture one by cutting and bruising the flesh.
9. All of the material of which the Appliances are made is of the very best that money can buy, making it a durable and safe Appliance to wear.
10. My reputation for honesty and fair dealing is so thoroughly established by an experience of over thirty years of dealing with the public, and my prices are so reasonable, my terms so fair, that there certainly should be no hesitancy in sending free coupon today.
