Foggy Given Suspension

Horrors upon horrors! Ernie Foggybottom, last man on the Saps Tiddley-Wink Team, has been given a game suspension. This was the result of an investigation by I.C. Verity, president of the Big Two Tiddley-Wink League. The investigation was instigated as a result of the actions of Foggybottom in last Saturday's tiddley-wink tilt against Saint John.

Apparently, a nasty player on the Saint John team kept making references to a certain big pimple on Foggybottom's shoulders and Foggybottom, severely irritated, commenced to thrashing the disrespectful opponent. Referee Morphopolus quickly broke it up and play resumed.

Foggybottom, however, sought greater revenge. When his opponent was yawning, he neatly shot a tiddley right into his mouth, causing him to gag and choke and barf and faint. As a result, Foggybottom got the suspension.

Back-up man Flip Crackup will take over for Foggybottom in the crucial game Sunday afternoon.

Big Four To Expand

The four team Big Four hockey loop will expand to five teams next year and become the Big Five.

Restigouche will be represented next year. Team President Arthur Robichaud, no relation, said that he has been trying to gain entry into the league for 4 years and finally league President George Robichaud gave the go-ahead for next year.

The Restigouche Red Rabbits will be coached by former NHL great Joe Rubberboot and will be made up mostly of this year's five junior teams which won the

Big Two North Shore Hockey League championship.

Robichaud hopes to spend \$350 on improvements to the 45 seat Restigouche Arena. He plans to add a least five more seats and add a small coffee shop. Robichaud has gained most of the money from local contributors and 49% came from the government.

Coach Rubberboot said, "I tink dat hour team will, how do you say, do bon good nex year heven dough dat dey have hexpansion. Jest look hat St. Louis Blues. We have many fine player hand I tink dat we win."

Will The Saps Fool Around Too Long?

As one long-time tiddley-wink fan said "If the Saps fool around much longer, they are going to lose the playoff series with Saint John."

That fan could be right. While there is only a three point difference in scoring between the two teams, the edge has been to the Saint John team, who are up three games in the best-of-nine series.

The Fredericton Saps have been doing a little too much winking and not enough tiddleying so far in this series. Their aim has been off and they haven't been sinking the tiddleys right in the old cup. Team Captain Barney Whozelmire has a pimple on his thumb which has been

affecting his grip on the tiddley.

To make matters worse, Ezekiel Leghorn, the team's top tiddler, has got acute hydrophobia and can't see very well. He w'n't even be able to wink, let alone tiddle. The team is in dire straits.

Barney Whozelmire had predicted that the series would end in six games. The way its going, the six games would end the series, but in Saint John's favour.

The Saps are going to need all the support they can get if they are to pull this one out of the hole. So all you tiddley-wink fans come on out and show the boys that we're really behind them.

The next game will be held at centre ice of the Coliseum on Sunday afternoon at 2:30.

On The Hill Off The Cuff

By J. LESTER McCRAYFISH

This is the first of a series of reports by your friendly neighbourhood CONSERVATIVE M.P. J. Lester McCrayfish. This first report is designed to give the good People of York-Sunbury a genuine insight into the State of Things in the nation's capital.

There are four political parties represented in the house at this time. The most important party is the CONSERVATIVES. They are the Good Guys and they are easily recognized by their party colour - white. In fact the members of this party are always wearing white - underwear. They get special member rates from their leader the Right Hon. Robert Stanfield. (Of course they must pay the full price once they are dis-membered.) Mr. Stanfield is, naturally, a Down Homer. (Canada is divided into three distinct ethnic groups; English, French, and Down Homers. Each ethnic group has its own language and section of the country.)

The next party is the N.D.P. This stands for Nothing Doing Party because whenever one of the other parties ask the N.D.P. for support they always reply "Nothing Doing". This Party is composed mainly of Western fur trappers, loggers and buffalo pelt hunters.

Thirdly, we have the Creditiste Party. I don't speak any French but I'd bet a barrel of fish that Creditiste is French for "separate". Their leader is Ray Al Cowet and I'm sure he's good friends with Renay Leveck.

Last and least there is the liberal party - and I mean party. They are having a ball wasting the country's money on stupid things like NATO and The League of Nations. I say let's keep Canadian money in Canada but last June the people of Upper Canada followed the pied piper, peter trowdough, and us Down Homers will have to dance to his tune for the next four years.

NEXT WEEK: A character study of Robert Stanfield and other Heavenly Bodies.

Council Approves Subway Extension

Last night, at its weekly meeting, Fredericton city council approved the extension of the Subway from its present south terminus on Carleton Street to the Canadian Pacific station on York Street.

This is in anticipation of CP's plans to provide twice-daily express service to Nashwaakias. The cost of the subway extension, \$20 million, will be jointly borne by the federal, provincial and municipal governments, paying 99 percent, one half percent and one half percent respectively.

Council publicly thanked Mr. F.R.E.E. Booter for his efforts on behalf of the railway services.

In other business, council approved the purchase of another bus for Fredericton's Border Transit. The vehicle, a 1937 school bus purchased from the Ontario department of education, is to be used to extend bus service to Trans Canada highway - Smythe Street - UNB area to four times per day.

A progress report was heard on the Walker Memorial Riverside Expressway. The Green has been destroyed and the other half of the St. John River will soon be filled in. Tearing down of homes bounded by York, Saunders, Smythe and Campbell Streets in preparation for the five-level Expressway-cross-river interchange complex is well under way.

Council approved, in principle, the establishment of first-aid stations along Queen Street to treat broken legs, etc. as a result of icy sidewalks. The city clerk tabled letters from the Fredericton Downtown Retail Merchants Association reporting that the association had voted to donate to the city its salt budget for next year to help pay for the first aid station. A check for two dollars was enclosed.

Before adjourning to the Beaverbrook, council congratulated the local kindness club for ducks wintering at the Waterloo Row Sewage Outlet.

Dear Blabby

BY BLABBY VAN

Dear Blabby,

I have a terrible problem, even though it may seem small to you. There is a big wart on the end of my nose. I've been wondering if I should have it removed before my wedding in June. (My boyfriend says he likes it.) Since it doesn't hurt me (and I'm used to looking over it.) I hesitate to take the chance of surgery. What is your advice?

Undecided

Dear Un--

You have got a real problem. My advice is to consult your minister, your mother, your best friend and perhaps a doctor. (P.S. Of course your boyfriend likes it - he doesn't want to hurt your feelings.)

Dear Blabby,

Please help me. I've written to all the columnists in the

other papers and no one has been able to give me advice. Please help me, Blabby. - please! I've written to everyone else. My psychiatrist just had a nervous breakdown and the doctors here tell me he's a patient too! What can I do? Please help me!

Desperate

Dear Des--

Sit tight. In a few weeks they'll loosen the jacket. Remember - keep smiling!

Dear Blabby,

I have a deep secret I've never told anyone in my life! I'm going to tell you because I just HAVE to tell someone. My parents adopted me when I was six. They think I'm a boy but I'm really a girl! Now that I've told you, promise

you'll never tell!

Mixed-Up

Dear Mix--

I won't tell but I can't say the same for my 50 million readers!

Remember When

Ivan Brackenbubalov, a virtual unknown in the international weight-lifting circles, pulled off a stunning upset victory in the jerk-and-pull competitions in the 1922 Olympics.

At the end of the second lift, Brackenbubalov was lagging behind his main competitor, Harry Jackson (USA) by 130 lbs. Jackson got his third lift of 380 lbs. Brackenbubalov, an upstart from Russia came from out of nowhere to become Olympic Jerk-And-Pull Champion for 1922.

Stars For The Week

1. Danny Grant for his outstanding performance in the game against Montreal, in which he broke 7 sticks and set a new NHL record by collecting 14 minor penalties in one game.

2. Jean Beliveau-for his usually great performance in scoring 48 goals in one game. Incidentally, that too is a new NHL record.

3. Gump Worsley-for setting another NHL first in collecting 12 assists in one game.

CURB BOWEL

CRAMPING & GAS PAINS

Spastic colitis (wild flailing of the arms and legs) may make you suffer from dull cramping, aches or burning pains in the side, gas acidity, impotency, heartburn, broken arms, biliousness, bad breath, B.O., curly hair, straight hair, and disturb sleep. If you suffer from spastic Colitis, avoid rough scratchy women, and take a special medication like Dr. Funk's Recto Lube (No. 10 for cold weather, No. 30 for warm weather or special 10-20-30 all weather Super Lube) to relieve cramping rectal muscles, soothe sore mucus membranes, and check acidity. Not a laxative or enema. Get Dr. Funk's Recto Lube at drug store or CLEANER Office and see how fast it relieves colon and stomach discomfort.
