MEMORANDUM FOR THE
PRIME MINISTER -

Attached is the acknowledgment sent
to Mr. Churchill in reply to his telegram re gold and
United States dollar accounts.

The situation is further complicated
by the French suggestion that the gold they have taken
from the Poles should be recouped out of the gold we
hold on French account.

I doubt if there has been an opportunity
for the Ministers concerned to go into the question fully,
and in any event one of the three members of the committee,
Mr. Ralston, will be away today.

*Read to War Council
with telegram attached
