I greatly appreciate Farm and Dairy, especially the stand you take in relation to reci-procity. I hope we will yet procity. I hope we will yet live to see free trade with the United tSates. The reduction in the tariff on raw materials for manufacturers is a farce so far as we farmers are concern-ed. What benefit will it be to ed. What benent will it be to us? We are kept down by combines, high tariff and grasp-ing politicians. Long may you prosper in your good work.— Geo. E. Ford, Mississquoi Co., Que.

and, useful, portage in printing Dist. In the summer with the purchased for the head of Holsteins at an auction such heid on the Exhibition Grounds at Winnipeer. Four of them were two-year-olds and one fouryear-old. All were said to be in all, We have just two calves from the lot, and they are from our own built. The four-pre have not been able to get her in calf again. Two of the heifers proved to be not in calf, and is is from them we have the two calves. Another heifer has abort-ed twice, the last time a month after be-lag herd. Another heifer public to be the number of the heifers in the sale. These cattle were picked up by dealers in Ontario and brought west. I may say we have not had a case of abortion autong our other cattle for many years.

PNEUMATIC SYSTEMS.—The pneumatic method of elevating water is the popular method greiting water to bathrooms in farm houses and wiburban homes. A neat little catalogue dealing with pneu-matic pressure tanks for this purpose has been issued by the Oritario Wind, Ragine and Pump Co., of Toronto, Ont., which itrm will be gladder of Farm and Dairy who writes for the same.
