HILTON'S NEW
Patent Washing Machine.

WHAT IS CLAIMED FOR IT:
1st.—It is the best ever offered to the public for
the following reasons, viz: It will do its work
quicker, easier, and better than any other machine,
cleaning effectually and perfectly, no hand rub-
bing being necessary, and without the slightest in-
jury to any article submitted to its operation, nei-
ther breaking nor misplacing buttons or other fast-
enings.
2nd.—Its range or scope of action is greater, act-
ing singly upon a lace or linen collar, and accom-
modates itself to the heaviest article of bedding
without change or adjustment of the machine.
3rd.—It is durable, not likely to get out of order,
and when so, easily repaired, being constructed in
such a manner that any of its parts can be supplied
by the manufacturer without the presence of the
machine, and adjusted to its place by any person,
which is evident at first sight of the machine.

In witness of the above read the following:
We, the undersigned, having used Mr. Hilton's Pa-
tent Washing Machine one year, can fully endorse
