

## Let the Babcock Test Put You Right

**S**UPPOSE a tax collector came along and demanded from you a tax of about \$4.00 on every thousand pounds of milk skimmed! That is the penalty you are paying by operating an ordinary separator that loses so much butter fat per 1000 lbs. skimmed that you would be astounded could you see it piled up in pound prints. Don't feed costly butter fat to pigs—save that needless tax on profits by getting the Renfrew.

Let the Babcock test put you right. It is an eye-opener for users of ordinary separators. Send a sample of your skimmed milk to one of the Government Dairy Schools. Then compare the result with the Government Dairy Schools' tests of Renfrew skimming on page eleven of our catalogue. How long will it take the saving of butter fat, with your output of milk, to pay for a Renfrew? We will tell you.

# Renfrew

Send us the result of your independent Babcock test and your total amount of milk skimmed per year. We will, without obligation on your part, tell you how long it will take to pay for a new Renfrew out of savings. Is it good business to go along working in the dark? Investigate now—it may eventually mean hundreds of dollars to you!

MADE IN CANADA

Write for the Renfrew illustrated catalogue describing many exclusive up-to-date Renfrew features, including the curved wings, the automatic oiling system; the easy-running and easy-to-clean features are a revelation. Write to-day—and accept our Babcock test suggestion if you really want to save money.

## Have You Lost Money?

**I**F so, it can be replaced in time by hard work and economy, but—

If a human life is lost it cannot be restored. "The place that knew it shall know it no more forever."

It is this hard fact that makes life insurance a supreme necessity in every home.

When the husband and father is taken there is an irreparable loss, because the source of income is stopped for all time.

"Is my life insured? If so, is my insurance sufficient? Am I carrying as much as I can reasonably afford?"

These questions confront us in tragic days of war and pestilence like the present. It will greatly help you to face the dark days with courage if you know that your duty has been done.
