**The Most
Durable Statuary**

for outdoor display is that made of sheet
zinc or copper.

In view of the intention of many towns
and cities in Canada to erect a statue in
loving memory of the late Queen Vic-
toria, we are ready to submit prices and
designs upon request.

Our facilities enable us to turn out the
highest grade of workmanship.

Skilled artisans and draftsmen are alone
employed, each individual being an au-
thority in his line.

Our embossed steel ceiling and wall panels
for church interiors lend a degree of beauty
to their surroundings which cannot be ob-
tained by any other decoration.

They can be placed in position over plaster,
or can be attached to the joist of new build-
ings.

The cost does not exceed that of good
plaster or wood ceiling.

Our catalogue of 220 pages will be sent
to contractors, architects and other re-
sponsible individuals on demand.

MISSOURI COLLEGE OF AGRICULTURE.
Columbia, Mo., Oct. 30, 1901.

The machine (U.S.) did excellent
work, and, as a rule, I believe it
skimmed a little closer than the
others we had in use. The record
was invariably .02 of 1 per cent.
or lower, sometimes a mere trace
of fat in the skimmilk.

Instructor.

ILLINOIS COLLEGE OF AGRICULTURE.

Enclosed find records of work
done with your 3 cream separators
(U.S.) at the Dairy School. These
are very creditable records, and we
think any cream separator company
can feel proud of them. Your
machines have not given us the
slightest trouble during the semester.

Prof. Dairy Husbandry.

RECORD AT THE PAN-AMERICAN MODEL DAIRY

DeLaval average skimmilk test	.0172	buttermilk test	.121
United States " " "	.0138	" " "	.109
Gain of U.S. over DeLaval	.0034		.012

The above shows that the DeLaval Separator left 25 per cent.
more butter fat in the skimmilk than the United States. An im-
mense waste that amounts to a very large sum of money upon
the dairy products of the world. Enough to pay for a United
States Separator to replace every DeLaval Separator now in use.

I Will Cure You of
Rheumatism
No pay until you know it.

After 2,000 experiments, I have
learned how to cure rheumatism. Not
to turn bony joints into flesh again;
that is impossible. But I can cure the
disease always, at any stage, and for-
ever.

I ask for no money. Simply write me
a postal and I will send you an order
on your nearest druggist for six bottles
of Dr. Shoop's Rheumatic Cure, for
every druggist keeps it. Use it for a
month, and if it does what I claim, pay
your druggist \$5.50 for it. If it doesn't,
I will pay him myself.

I have no samples. Any medicine that
can affect Rheumatism with but a few
doses must be drugged to the verge of
danger. I use no such drugs. It is
folly to take them. You must get the
disease out of the blood.

My remedy does that, even in the
most difficult, obstinate cases. No mat-
ter how impossible this seems to you, I
know it and I take the risk. I have cured
tens of thousands of cases in this
way, and my records show that 39 out
of 40 who get those six bottles pay,
and pay gladly. I have learned that
people in general are honest with a phy-
sician who cures them. That is all I
ask. If I fail I don't expect a penny
from you.

Simply write me a postal card or let-
ter. Let me send you an order for the
medicine. Take it for a month, for it
won't harm you anyway. If it cures,
pay \$5.50. I leave that entirely to you.
I will mail you a book that tells how I
do it.

Simply state which book
you want and name of
your dealer, and address
Dr. SHOOP, Box 52,
Racine, Wis.

Book No. 1, on Dyspepsia.
Book No. 2, on the Heart.
Book No. 3, on the Kidneys.
