

I Give My Belt Free Until I Cure You.

That's a fair and square proposition— Free Until I Cure You.
No man can make it unless he knows what he can do. I'm no novice in the business of curing men. I've been at the business 24 years, and in that time have learned that Electricity will cure hundreds of cases where nothing else will.

I know what kind of cases I can cure, and will not take a case that I can't. When I found that I could feel sure of success in certain cases, I saw then that it was possible to make this proposition—no pay unless I cure you.

There may be some people who would not pay me when I cured them. I can take chances on those, as there are very few men who, when they feel the exhilaration from my Belt, will not be glad to pay the small price it costs them.

I cure some men for \$5. My \$5 Belt cured one man of lame back who had not been able to bend over to unlace his shoes for five years.

You pay a doctor a little money every month, and a druggist some more for the stuff he sells you to dope your stomach. It's no fun to look back after you have taken this stuff for years and are just as bad off as when you started—and your stomach the worse from the poison you have put into it.

Dr. McLaughlin:
Dear Sir,—I have worn your Belt for two months steady, and must say that it has done me an awful lot of good. I am well satisfied with the Belt, and I have found what you said about your Belt to be true. I will give your Belt all the praise that it deserves. Wishing you every success, I remain,
Yours very truly,
WILLIAM BYERS.

Hallville, Ont.

Dear Sir,—I am well pleased with your Belt; it has done its work perfectly. The losses are stopped; my stomach is better, and I feel better in every way. I no longer have those despondent spells, and life is a pleasure. I wish to thank you for what your Belt has done, and your honest dealing with me.
Yours truly,
JAMES BROWN.

Dr. McLaughlin:
Dear Sir,—I have been greatly benefited by the Belt I purchased from you some time ago. My heart is much better, and the rheumatism in my arm has all left. I feel improved in every respect. It has done all you claim for it. Thanking you for the interest you have taken in my case, I remain,
Yours truly,
THOMAS BRIDGES.

Ashdod, Ont.

I have been telling the readers of this paper what my Belt will do. If you don't believe me, write to me. I will furnish you with the names of thousands of people, old men, who, out of gratitude, will write you. They will tell you just what they have told me. It has no equal. They feel as hearty and as youthful as they did at eighteen.

How often that is said by men who have been cured of Nervous Debility by the Dr. McLaughlin Electric Belt! They say it every day. Men who have been weak, gloomy, irresolute, and who had no confidence in themselves at all are now holding up their heads in pride, with the knowledge that perfect strength is restored; that they are as good as any man that walks, and better than any man of their size. You know you are weak now, and wish you could say that you were as good as any man of your size. You can if you will use this grand invigorator. The proposition I make is a fair one, and should remove all doubt as to its ability to cure all forms of weakness in men and women.

Dr. McLaughlin:
Dear Sir,—I now write to you to tell you about the Belt I received from you. I have given it a fair trial, and find it to be more than what it was described to be. My wife has been completely cured, her back is as strong as ever it was, she is more cheerful, and the forgetfulness she had has now all vanished. I have told my friends about your Belt, and they all seem glad that it has effected a cure. Some laughed at me when I first told them about it, but they don't laugh now—they see what it has done for my wife. Dr. McLaughlin, you can publish this statement if you wish, thanking you for the Belt. I would have written before, but I thought I would make sure before writing. Your Belt is worth its weight in gold. I have worn the Belt myself, and found it all right.
I remain,
Yours very truly,
JOHN HENRY JONES, Halifax, N. S.

Dr. McLaughlin:
Dear Sir,—This is to testify that I have used Dr. McLaughlin's Electric Belt and found it to do me more good than the best doctor I ever consulted could with drugs, as one told me drugs could do me no good. I also found Dr. McLaughlin an honorable man to deal with, as his advice to me, after he had my money, proved him to be so.
Yours truly,
MRS. SAMUEL DOWN.

Talbotville, Ont.

A scientific man noted the world over—Prof. Loeb, of California University—makes the assertion that "Electricity is the basis of human vitality." Coming from him, you believe it. I've been saying that for the past twenty years. Some believed me. Some didn't. I say this now. Electricity is the power that drives every wheel in your body machinery, that enables you to talk, to walk, run, think, eat and everything else you do. To you it's like the steam in an engine. When you have enough you are strong—not enough, then you need my Belt. Maybe you believe that—or not. You will some day.

Anyhow, I am ready to back up everything I say, and all I ask you to spend is your time. And as you wear my belt while you sleep, I don't use much of that.

Some of the things I can cure are: Debility of any organ of the body, decay of youthful vigor and every evidence of it; weakness of kidneys, stomach, liver, rheumatic pains, poor circulation, constipation and general ill-health.

I can give you the name of a man in your town that I have cured. I don't care where you are. Tell me and I'll give you his name, and you can ask him about me.

Now let's get together. If you would like to be a stronger, younger man than you are, come to me. Call and I'll give you all the satisfaction you want. If you can't call, send this coupon, and I'll send you, sealed, free, a book that will tell you how I do these things and of men who have been cured by my Belt.

Office Hours, 9 a.m. to 6 p.m. Wednesday and Saturday till 9 p.m. Consultation free.

When Writing Please Mention this Paper

As the years go by, customers find our reputation dependable. Reference to Dominion Swine Records in sales of Berkshires in Ontario, finds me on the front bench with the fellows who "do the big shows." Our guaranteeing to replace non-breeders is novel, and rarely put into practice. We do this. At present, some very choice things of various ages are yours for the price.

GOSSIP.

Geo. Rice, proprietor of Annandale Stock Farm, Tillsonburg, Ont., writes, under recent date: "Among recent sales, I should mention the sale of Combination Calamity Posch to Mr. W. R. Shearer, Villa Nova. He is the owner of three cheese factories, and believes that it is very important that patrons should have a better lot of cows. An examination of the cows in this herd convinced him that we have 'a very superior lot of cows.' The young bull he is getting is sired by the great bull, Prince Posch Calamity. Particulars as to record are in my advertisement. The dam of the young bull is Calamity Jane 2nd's Posch. As a two-year-old, in official test, she gave 50 lbs. milk in one day, 329.9 in seven days, and 13 lbs. butter, and I believe she will make a cow worthy of her great ancestors. Her dam is Calamity Jane 2nd, 19 lbs. butter at three years old, her dam, again, being Calamity Jane, 25.1 lbs. butter in seven days, and winner of the dairy test for four years. Messrs. T. B. Carlaw & Son, Warkworth, Ont., purchased a young bull, Prince Posch Calamity 2nd, a 'chip off the old block.' His sire, Prince Posch Calamity, dam and sire's dam average over 26 lbs. butter in seven days. His dam, Calamity Jane 2nd; test at three years old of 19 lbs., at five years old of 20 lbs. butter in seven days, her dam, again, being Calamity Jane, 25.1 lbs. butter in seven days. His four nearest female relatives average over 24 lbs. butter a week, and he should prove a very prepotent sire, because he is very strongly bred in performing lines. Messrs. Carlaw have a good herd of Holsteins, and, of course, want something extra in the way of a herd-header."

J. WATT & SON'S SHORTHORNS.

Mr. John Watt, of Salem, Ont., is probably one of the oldest importers and breeders of Shorthorn cattle in this country. His long and honorable career as an importer and breeder, and the high esteem in which he is held by his conferees in the breeding business, are well worthy the ambition of the younger men in the business. With the son now in active charge, the herd of about 35 are in splendid shape. Comfortably housed in their new and elegant stables, they present a picture pleasing indeed to the eye of lovers of Shorthorns, representing such exceptionally choice strains as the English Ladys, a better strain than which is not in existence, and the bulk of the herd belong to that strain; Crimson Flowers, Mysies, Miss Ramdens, Duchesses and Strathallans, several of which are imported; an exceptionally thick, heavy-fleshed, straight-lined lot, weighing up to 1,700 lbs., at the head of which is the richly-bred Kiblean Beauty-bred bull, Heatherman, bred by Cargill, sired by the Missie bull, Imp. Merchantman, and out of an Imp. Kiblean Beauty cow. His calves, now coming, give promise of great things. All old enough are in calf to him, or have calves at foot. His predecessor, and the sire of most of the youngsters was Duke of Richmond, by Royal Archer (imp.), dam Duchess 42nd (imp.), by Village Archer. A great many of the females of the herd are the get of Bampton Hero and Imp. Royal Sailor, two of the greatest stock bulls ever in use in Canada. With bulls like these, coupled with such extra good strains as are in this herd, the result was bound to be what it is—a grand, thick, good lot of cows. There are only two young bulls left, one a red yearling Crimson Flower, by the Strathallan bull, Royal Star, the other, a ten-months-old roan English Lady, by the same sire. In heifers, there are a number from ten months to three years, the get of Imp. Good Morning, Imp. Prince Louis, Imp. Viceroy, Coming Star (a Crimson Flower), and Royal Star (a Strathallan). Among these heifers are several high-class show animals; any of them for sale. Mr. Watt reports the demand and the number of sales during the last year as decidedly the best in his experience, which goes to show that the people are looking for a better class of stock, and the Watt herd is one of the very best in breeding and individuality. Salem is only about 15 miles north of Guelph, easily visited while attending Guelph Winter Fair.
