The first remedy to cure Lump Jaw was

### Fleming's Lump Jaw Cure

and it remains today the standard treatment, with years of success back of it. Don't experiment with substitutes or imitations. Use it, no matter how old or bad the case or what else you may have tried—your money back if Fleming's Lump Jaw Cure ever fails. Our fair plan of selling, together with exhaustive information on Lump Jaw and its treatment, is given in Fleming's Vest-Pocket Veterinary Adviser.

During the delivery of an after-dinner speech to a gathering of lawyers at Washington, Joseph H. Choate told of a unique sentence once imposed by a Scotch judge. When this sentence had been pronounced, his honor offered the following remarks:

"Ye did not only kill and murder the man, and thereby take away his valuable life, but ye did push, thrust, or impel the lethal weapon through the band of his regimental trousers, which were the property of his majesty."

## Western Fair Prize List.

The two hundred and fifty dollars added to the Western Fair horse prize list for 1910, has been assigned principally to the harness sections. The high-stepping class was made an open one this year, allowing horses exhibited in any other class to be shown in this, on condition of an extra entry fee. A section has been added for stallions in harness. Some offers of specials were received and accepted by the Horse Committee, including two medals from the American Hackney Horse Society, for best Hackney stallion and best Hackney mare.

Both the Horse and Cattle Committees are asking the Executive to withdraw the rule from the prize list which withholds a third prize where there is no competition. We understand this will be done.

The cattle prizes were increased as follows: Shorthorns, \$35; Jerseys, \$25; Ayrshires, \$25; Holsteins, \$30; Herefords, \$25; Aberdeen-Angus, \$20. The Dominion Shorthorn Breeders' and the Canadian Hereford Breeders' Associations, offered the same grants as last year. The Holstein-Friesian Association offered \$100 if the Exhibition Association would duplicate it, and raise their prize list to the level of that for the other dairy breeds. The Exhibition Association were not prepared to go so far as that, but decided to scale up the prize list to the level of the other dairy breeds, and duplicate \$50.

Two hundred and fifty dollars has been added to the poultry prize list. Fifty cents has been added to the first prize all the way through the list. This, we are informed, brings the Western Fair poultry prize list up to that of Toronto, save in respect to the third prize.

Dairymen will learn with much satisfaction that a cold-storage system is to be installed to accommodate the cheese exhibit.

In the agricultural department, a sheep exhibit is provided for, not confined to the standing field-crop competitors, but open to anybody. There are five sections, to wit: wheat, white oats, black oats, barley and corn, three sheaves of each to be exhibited. Some minor additions are made to the prize list in various sections.

In horticulture, a section has been added in both apples and peaches, for the best display of fruit, set up in ornamental and artistic designs. Silver and bronze medals will be given by the Fair Association as first and second prizes in each section.

## GOSSIP.

Farmers or others intending to build house, barn, or silo, may do well to look up in this paper the advertisement of John B. Smith & Sons, Toronto, who are prepared to supply lumber, shingles, doors, etc., at short notice, and of best quality.

The first selection in seed grain is always the best. Wm. Barnett & Sons, Living Springs P. O., Ont., write that they are having good demand for their seed grain. The improved Ligowa oats advertised, have been grown from seed that was selected by hand for five years, under the rules of the Canadian Seed-growers' Association, Ottawa. The Mandeschuri barley is a pure, bright sample, free from weeds. Those who want good, reliable seed, at moderate rates, should write for prices and samples, and order early while the supply lasts.

T. D. Elliott, of Bolton, Ont., reports an active demand for Clydesdale stallions and fillies of the right size and quality. His last fall's large importation finding a ready sale, which speaks well for Mr. Elliott's selections. He has still on hand four Clydesdale stallions and one Percheron stallion. The Clydesdales are one rising five years, two rising three years, and one rising two years; big, thick horses, that are needed in plenty of districts in Ontario this coming spring, for there never were better prospects ahead of stallion owners in Canada than now, and it is going to continue. The Percheron stallion is a black, rising four years, a big, massive horse, on the best of bone, ankles and feet. All these horses are for sale, at right prices, and on terms to suit.

# STRENGTH

## FREE TO MEN

## How to Regain It Without Cost Until Cured

Strength of body—strength of mind. Who would not possess it if he could? It is nature's greatest gift—our most valuable possession. Without this strength, life is a failure, with it everything is possible. Almost every man was made strong, but few have been taught how to preserve this strength. Many, through ignorance, have wasted it recklessly, or used it up excessively, leaving the body exhausted, the nerves shaky, the eyes dull, and the mind slow to act. There are thousands of these weak, puny, broken-down men, dragging on from day to day, who might be as strong and vigorous as ever they were if they would only turn to the right source. Electricity cures these weaknesses. It gives you back the very element you have lost.

It puts new life into the veins and renews the vigor of youth. For 40 years I have been curing men, and so certain am I now of what my method will do, that I will give to any man who needs it, my world-famed **DR. SANDEN ELECTRIC BELT AND SUSPENSORY, FREE, UNTIL CURED.** You pay nothing down, you deposit nothing, you risk nothing; but, upon request, I will furnish you with the Belt to use, and, if it cures, you pay me my price. If you are not cured, or satisfied, return the Belt to me, and that ends it.

As I am the originator of this method of treatment, and have made it a great success, there are many imitations of my Belt; but my great knowledge, based on 40 years' experience, is mine alone. My advice is given free with the Belt.

This offer is made especially to men who lack strength and vitality, who have nervousness, lost vigor, varicose, etc., but I also give my Belt on the same terms to sufferers from Rheumatism, Lame Back, Sciatica, Kidney, Liver and Stomach Troubles.

Write for a Belt to-day, or, if you want to look into the matter further, I have two of the best books ever written on Electricity and its medical uses, which I send free, sealed, by mail.
