This Year Own These Haying Helpers

Publications Branch.

Decide that you'll no longer labor under a handicap at haying time. Secure the services of these

Frost & Wood Haying Helpers—Giant 8 Mower and Tiger Auto Dump Rake. For twenty years and more these efficient haying implements have saved time, money, labor and horseflesh for thousands of progressive Canadian Farmers. Think of the next score or more haying seasons.

Frost & Wood Giant 8 Mower Tiger Rake

The Frost & Wood Giant 8 Mower is not merely a "fair-weather" machine. It's right there with the power and cutting ability when other mowers are apt to fall down. Put it to work in a heavy or tangled crop and watch how easily it handles the job. You can start it anywhere in the field and the knives will begin cutting the instant the horses move forward. "Flying starts" are not necessary.

The Giant 8 has great driving power because of the simple and compact arrangement of the gears. Smooth-running and light draft are assured by a plentiful supply of large roller bearings. The cutter bar is protected against wear by steel plates. Large bearings—not pins—are used for the connection between cutter bar and main frame.

At every point, in its construction, is put the skill

and knowledge gained in over 70 years' experience in building farm machinery to meet Canadian conditions.

The Tiger Automatic Dump Rake is the best sulky rake made. It has given satisfaction for many haying seasons. The teeth are shaped to do the most efficient work. They are made of a special grade of steel, that has proven by test, the best adapted to withstand heavy work and severe usage.

Strongly constructed throughout, is the Tiger Automatic Dump Rake. It is a rake that will pay you large dividends of satisfaction at haying time. When you require anything in the way of farm equipment remember our agents can supply your wants. We have catalogs describing and illustrating the different lines; they are cheerfully mailed free for asking. Let us send you one to-day.
