

THRESHERS' SUPPLIES.

We call attention of Threshers throughout Canada, who are close SPOT CASH buyers, to the following list of supplies. The rubber goods which we offer below are made by the well-known Canadian Rubber Co., of Montreal and Toronto. They need no recommendation from us as their goods are first-class in every respect. We give prices right here. Our terms are very simple. We send no goods unless the money is sent with the order. Send money by registered letter or P. O. order. Our system of doing business is very exact, but our prices are correspondingly low.

Rubber Drive Belts.

40½ Kinz st., W., Toronto.

ADVANTAGES OF USING THE

LOADER.

No fixed number of persons is required to operate the Loader, but it may be handled by one, two or three, to suit the circumstances. If a man is without help, he can load with the machine as fast as if he had a man pitching on by hand. If he had a boy to drive, he can load as fast as if three men were pitching on. If a third person is at hand, two men on the wagon can (with the machine) load a ton in five minutes. In fact, the speed of the Loader is only limited by the ability of the men on the wagon to place the hay.

HAY TEDDER

Prof. Shaw, of the Ontario Agricultural College, says:—

"That with a small boy and a horse, his Tedder would do the work of ten men turning by hand."

After the Tedder has gone over the few mown grass, it leaves it in such a position as to catch every passing breeze to aid in drying it.

Hay cured by the sun is bleached, and is little, if any, better than over ripe hay.

Hay cured by a Tedder (from its fresh green color) will sell from \$1.00 to \$1.50 more than that which is left to cure in the sun, and is worth to the farmer that much more for feeding purposes.

Write to us for our article on Hay Making.
