WHY NOT BE PERFECTLY WELL

OXYDONOR, the wonderful invention of Dr. Hercules Sanche, strengthens the forces of nature that ward off and drive out disease, and helps to maintain perfect heatlh.

Applied at home, while you sleep, it creates in the body a powerful affinity for Oxygen, which is absorbed freely from the air. This abundance of Oxygen-Nature's life-giver-drives out whatever disease may exist in the system and fortifies Herenles Danche. it against further attacks.

No matter what disease you may suffer from unless you are already dying, Oxydonor will help and probably cure you. Read what it has done for others: Home of Our Blessed Lady of Victory, West Seneca, N. Y.

I cannot tell you how much good Oxydonor has done us. We have five in constant use in this institution, and in every case it has done all you claim and more for us. May God blesss you and your works. Yours truly,

A MOTOR CARRIAGE FOR \$550.

In view of the prices charged for the conventional ype of automobile, it seems hardly possible for a thoroughly satisfactory automobile to be sold at Yet the Tudhope-McIntyre Co., of Orillia, Ont. have succeeded in doing it by making a new type

have succeeded in doing it by making a new type of machine.
Discarding altogether the low wheels with their costly and troublesome pneumatic tires, and the heavy construction of the ordinary auto, they have followed the lines of the universally popular buggy with its smooth-riding high wheels, puncture and trouble-proof solid rubber tyres, resilient full ellipti-cal springs and light weight.

Christian Science.

Christian Science.

Editor of The Catholic Record.

Dear Sit:—Your issue of the 19th inst. contains the statement that Mrs. Eddy, on hearing of a certain criticism of Christian Science, "telegraphed at once to her followers, commanding them, on pain of excommunication, not to read it." This statement is entirely incorrect. Mrs. Eddy has never at any time sent out such an edict regarding any criticism of Christian Science. Christian Scientists are perfectly free to read what they like, and their freedom has never been interfered with by Mrs. Eddy.

Yours very truly.

C. R. Munro.
