It is truer economy to judiciously sow **McKenzie's Pure Seeds** and reap a Bountiful Harvest than pay the same price for inferior seed and reap a Poor Harvest.

As largest returns are of vital importance, the adaptability of **McKENZIE'S SEEDS** to this Western Country should be the convincing argument in your seed selection.

Genuine Dwarf Essex Rape

DWARF ESSEX RAPE is one of the most valuable foreign plants ever introduced. There are several varieties of Rape, but it would be a loss of time to experiment with any other than the **DWARF ESSEX**. We pay a premium to get the best, purest and cleanest seed that it is possible to obtain. **4 lbs.** postpaid, **55c.** **25 lbs.** or more f.o.b. Brandon, 8c. lb., Calgary, 9c. lb.

McKenzie's New Crop Clovers

Each season clover spreads its dominion into new fields, each year many acres are being planted in new localities with gratifying results. For pure seed you must depend upon the honesty of your seedsman. Impure seed, of which there are large quantities being offered, is worse than none. Our high grade is best suited to this Western country. Pure, clean, plump and solid. Write for special prices.

Timothy

Much Timothy is adulterated or full of cheap and dead seed. For instance, one sample analysis showed only 20.3 per cent true to name capable of germinating. At \$7.50 per 100 lbs. that sample cost at the rate of \$37.00 per 100 lbs. Our seed costs no more than cheap seed, but its exceptional purity appeals instantly.

F. o. b. Brandon per 100 lbs. \$7.50.
F. o. b. Calgary per 100 lbs. \$8.50.

Brome

Drought-defying, frost-resisting, it adapts itself to almost every condition of the soil, yielding enormous crops of splendid hay and affording early and abundant pasturage. Our seed of this magnificent grass is unequalled for purity and high germination, and less seed per acre is required than any other grade. F. o. b. Brandon \$12.50 per 100 lbs.; F. o. b. Calgary \$13 per 100 lbs.

Western Rye

It thrives on all soils, but is peculiarly adapted to our prairie lands, even when impregnated with alkali. Affords excellent pasturage, makes good hay. Resists drought and cold, and is easily grown. We are unquestionably headquarters for **Western Rye**, and owing to the purity of our stocks, sell large quantities in the States. F. o. b. Brandon or Calgary, \$11.50 per 100 lbs.
