

## FEVER IS LEADING RAPIDLY

Shore is Greatly and Board of Health is Active

St. John, N. B., Sept. 23.—There is a widespread prevalence of fever in the town, and the board of health is active in its efforts to control it. The fever is of a malarial type, and is caused by the bite of a mosquito. The board of health has issued orders for the destruction of all standing water, and for the use of mosquito nets. Mr. O'Regan, just let me say that this point has been settled by the magistrate, and in fact Mr. O'Regan admits that he is not in sympathy with these prosecutions, for on every side I have been encouraged to proceed with these cases. I know there is liquor coming from other places besides St. John, and these Montreal shippers will find that they can't violate the law with impunity. I am advised by my counsel that liquor shippers in Montreal may be brought here for trial, and I will undoubtedly proceed against anyone or everyone I find breaking the law. I cordially agree with Mr. O'Regan's statements regarding the quality of liquor that comes to Scott Act counties, and sincerely hope license communities get better brands. I believe the new amendments to the Scott Act will have the effect of making it extremely difficult to get liquor into Scott Act counties, and I hope what Mr. O'Regan is saying regarding other Scott Act counties following in our footsteps may prove correct.

## TEMPERANCE PEOPLE REGARD THE OUTCOME OF WOODSTOCK CASES AS A SIGNAL VICTORY FOR SCOTT ACT

That the Scott Act could be enforced almost to the letter was the opinion of a local temperance worker who discussed with The Sun the remarks of a wholesale liquor dealer which appeared in yesterday's issue of this paper. Regarding the statement that the business would simply be transferred from St. John to Montreal firms, he said that now that they had succeeded in convincing the St. John firms that they could not do business in Scott Act counties, they did not despair of being able to prevent the outside firms also. Under the present law when liquor is taken into these counties there must be several accomplices and with reasonable precaution the business could be kept out of the county at any stage of its progress.

Another gentleman spoke of the matter as a signal victory for the temperance cause. He was glad that the men of St. John recognize the law and wished the Quebec associates would take the same patriotic view of the situation. Whether or not the outside parties could get liquor into the Scott Act counties the recent decision rendered it harder for them to do so.

### REV. MR. COLPITTS TALKS.

WOODSTOCK, N. B., Sept. 23.—Your correspondent interviewed Rev. Barnfield Colpitts, Scott Act inspector, tonight regarding the interview with John O'Regan, which appeared in The Sun today.

Mr. Colpitts was found at his comfortable home busily engaged, but in answer to a query as to whether he had read what Mr. O'Regan had said, he answered: "Oh, yes; I am really delighted with almost everything in the article. I am sure I am happy to learn that he will stop shipping liquor into this county and I sincerely hope what he says of the other dealers doing the same is correct. I am sure all temperance people here know I took proceedings against the St. John wholesalers not through ill-feeling, but simply because I obtained the information and felt it my duty to proceed against them or anyone who violates the Canadian Temperance Act. It makes no difference to me whether it is the rich wholesaler or the lowly street vendor. As to whether these St. John wholesalers have really violated the act, which seems to be a matter of doubt with

## LARGE FRESHMAN CLASS AT U. N. B.

University Enters Upon What is Likely to be Most Prosperous Year

FREDERICTON, Sept. 23.—The old University of New Brunswick this morning entered upon what is likely to be one of the most prosperous years in its history. Already forty-five new students have been enrolled, and the indications are that the number will reach fifty before the end of the week. A few students have dropped out since the close of the term, but the total attendance will be over the one hundred and fifty mark.

Lectures were resumed this morning, with all the members of the faculty in attendance. Rev. Dr. Kierstead is the new professor of economics. Prof. Stone has charge of the engineering department, and Prof. Miller the newly organized forestry department. Two students have entered for the forestry course and five others will be transferred from other departments in the engineering department. Six of the new students have taken the senior matriculation, and the remainder join the freshman class. There are twenty-one new students enrolled in the engineering department. Following is a list of the new students already enrolled.

SENIOR MATRICULANTS.  
Arthur E. Floyd, Titusville, Kings, Methodist, arts.  
Marvin W. Maxwell, St. Stephen, C. of E., engineering.

SUSSEX, Sept. 24.—Sussex Liberals opened their campaign tonight with a splendid meeting in their committee rooms, which was largely attended. The Liberal organizer, E. S. Carter, opened the meeting. Arthur Keith was elected president of the Liberal Club and Reginald Arnold secretary. A nominating committee, consisting of W. H. Culbert, Jas. R. McLean, C. H. Perry, W. H. Plummer and William Howard, was chosen to select ward vice-presidents, and an executive to be submitted to the next general meeting of the club Monday evening.

Dr. McAlister, the Liberal candidate, was present and made a rousing speech, which was enthusiastically received. He spoke convincingly of the great gains made by the Liberal party in all parts of the constituency of Kings-Albert and the general feeling of satisfaction with the present Conservative government. He was chosen to select ward vice-presidents, and an executive to be submitted to the next general meeting of the club Monday evening.

Mr. O'Regan, just let me say that this point has been settled by the magistrate, and in fact Mr. O'Regan admits that he is not in sympathy with these prosecutions, for on every side I have been encouraged to proceed with these cases. I know there is liquor coming from other places besides St. John, and these Montreal shippers will find that they can't violate the law with impunity. I am advised by my counsel that liquor shippers in Montreal may be brought here for trial, and I will undoubtedly proceed against anyone or everyone I find breaking the law. I cordially agree with Mr. O'Regan's statements regarding the quality of liquor that comes to Scott Act counties, and sincerely hope license communities get better brands. I believe the new amendments to the Scott Act will have the effect of making it extremely difficult to get liquor into Scott Act counties, and I hope what Mr. O'Regan is saying regarding other Scott Act counties following in our footsteps may prove correct.

## To Cure That Pain in the Back

Be warned in time. Don't neglect that biting backache—those sudden twinges of pain in the back—dizzy spells—and trouble with the bladder and urine. They all tell their own story—of weak, irritated or diseased kidneys. Surely you know the danger of neglecting the kidneys. Diabetes, Dropsy and Bright's Disease usually follow neglected kidney trouble. That pain in the back proves that your kidneys are affected. Now—right now—is the time to take Gin Pills.

Being a sufferer from my kidneys and subject to fits of dizziness in my head for some time, I did not seem able to get anything that would do me any good. I saw in the paper something relating to Gin Pills so I got a sample box and they benefited me so much that I bought some and am taking them regularly. They have worked wonders in my case and I can conscientiously recommend them to any sufferer from kidney trouble. Yours truly,

34 John St., Hamilton, May 4th.

Sgd. GEO. A. BROWN.
