BACK FROM CLEAR CREEK.

Wm. Finnie and H. L. Kagel Tell a Good

About the Stampede - Forty Men Staked the Whole Country First, But Left Alternates Open.

Wm. Finne and H. L. Kagel, two what seems should take another name F. Wood and Mrs. S. Wall. by reason of its remoteness from Stewart river, arrived last evening after a o'clock last night with 70 tons of very hard trip of 11 days. They are freight. She unloaded at the Yukon stopping at the Yukon hotel, and this dock and is billed to sail early today. morning gave a brief account of their

Mr. Finne had been over the ground between here and the recently stampeded district in '98, and so, when the and the following passengers: J. the overland route with horses, knowing it to be the shortest and although it lacks much of being a good road, they A. Trobald, Mrs. R. C. Kirk, Mrs. H. believe it is easier than the way up the T. Faulkner, Mrs. Sullivan, Mrs. Yukon to the mouth of Stewart, up that Thomas, T. Lloyd, H. Lloyd, V. C. stream to mouth of Clear creek, and Garst, F. Burkhard, Rachel Byelland, then 140 miles up stream to the scene Aug. Bay, H. Sopper, T. Lelande, J of the present strike.

By the overland route the distance is Wm. Ward, Geo. Murphy, Mrs. Anderabout 125 miles all told - The men are son, W. C. Fitzsimmon, Mrs. A. They describe the lay of the land there as being something like that at the forks of Eldorado and Bonanza here, and say that holes sunk back in the flat, which is covered with from three to four feet of gravel, produce even better prospects than what are found on the rim. From 75 to 80 cents have been taking temporary possession of the boat found in the gravel on the flat, which owing to three cases of whisky being chine Sergeant Wilson's position would the bed of the creek.

That a great many people have gone into the country is shown by what the ing the numbers they met as they were coming out.

the Klondike they met one party of 40 ish bottom. It cost her owner, Capt. as far as could be seen.

"When the stampede started," said there were only about 40 men in the country, but when we got there it was all staked just the same, and if it had not been for the fact that the 40 active stakers were in ignorance of the fact that crown claims were open for location, we should not have been able to find anything worth locating.

"As it was they left every alternate ten claims for the crown, and we got in in consequence. Even that ground is all located now.

"It is the best ground sluicing proposition I ever saw, because there is so much fall to the creek. It is summer diggings and there is nothing to be gained by going back there this winter, so we will return in the spring.

"Evidently the fact that there is gold on Clear creek has been known for a long time, as we found where sluicing had been done a long time ago. The only way I can account for the claims having been worked and abandoned is by the supposition that when the last workers were there, transportation facilities were not nearly so good as now, and the ground was not considered rich enough to pay under the then existing conditions.

The men had a hard trip coming back, as they came through a wide belt of burned timber which was disastrous to their clothing, tearing pretty nearly all they had on to shreds. They lost their horses which they did not recover, and as a result walked steadily all one day and night and well into the next

WAS LUCKY

The Story of a Man Who Had Good Day All Around,

"Talking about luck," said A S. Levine of the Star Clothing House, "make me think of a young fellow who called here the other day to buy some small necessity. He was what is cal ed among the gang 'strictly the hog.' A more dilapidate and impoverished looking you could not find in all thete ritory.

"What attracted my attention was his pricing some swell overcoats, fur lined, which I had just unpacked. He did not buy, however, but a few days later in h came and ordered not only the coat but a complete outfit, including the finest fur garments i town.

"It seems he had salvaged raft which was floating down stream without a soul aboard and for his trouble got paid \$90.0 That same afternoon he stopp a runaway horse and got anothe \$20,00, and that night was paid \$450.00 by a man he had staked in '97 and who had just sold! claim in Forty-mile district and returned to Dawson on the Tyr

"Now, that man was lucky all round, and, if I do say it, he was lucky in coming to the Sta Clothing House, for he not only saved a considerable amount of his outfit, but he has got the finest goods obtainable in Daw son.

"I might add,"_continued M Levine, "that we are now prepared to sell all lines of goods applicable for the winter months including Fur Coats, Caps and Gloves, Felt Shoes and Heary Finely Woven Socks, as well as Underwear in all sizes and man ufacture.
