much mistaken, Union Blend Teas

today. Is there a person anywhere

Government Baking Powder Tests

The Royal Baking Powder is an
old candidate for favor with the house-
keepers of the Dominion. Its patrons
will be pleased to know that the re-
cent Government report giving the
analyses of baking powder sold in the
Dominion show the Royal to be the
purest of cream of tartar powders,
the most healthful in character, and
of greatest leavening strength.

It is shown that the art in baking-
powder making is to give a pure and
healthful powder, which will keep in-
definitely without losing its strength.
These two qualifications—effec-
tiveness and highest strength—it is
impossible to combine in a powder
except with the use of chemically
pure ingredients. The report states
that the only entirely cream of tartar
powders which came up to this stand-
ard were the Royal and Cleveland's.
