HEMMING THEM IN

Lord Roberts is Making a Concentric Movement

Which Will Result in Either the Capture of All the Boers or Their Flight into Portuguese Territory.

London, Sept. 14.—News from the seat of war in South Africa is indecisive, but it is clear that Roberts is making a concentric movement on Komatipoort, and has left Pretoria to direct it personally. Ian Hamilton is returning to the railway from Lydenburg. Pole-Carew is pushing towards Nelspruit; French is making for Barberton and Bulwer has divided. Both's forces and cut off a portion of them from communication with the commandos between Nelspruit and Komatipoort. Lydenburg, apparently, was abandoned as soon as it was captured, and the British forces are in hot pursuit of the remnant of the Boer army and driving it eastward to the Portuguese frontier.

These tactics are bold, but in accord with Robert's strategy since February. Komatipoort is the new objective point, and when it is captured Roberts will be credited with having taken possession of the last Dutch railway line and closed the door into neutral territory. The work of pacification will not have been thoroughly worked out, but the main object will have been secured, as was done when Bloemfontein and Pretoria were occupied.

The Mail's correspondent in Lorenzo Marquez learns that Kruger has resigned the presidency of the Transvaal, but remains a member of the executive. Gen. Botha is said to have been so incensed at the cowardly conduct of his forces that he has resigned the supreme command, and Viljoen is now commandant-general.

According to a Lisbon message to the Express Kruger proposes to set up the seat of his government at Mozambique.

OOM PAUL'S GAME

Of Using Lorenzo Marquez For a Base of Operations

Has Been Stopped by the Portuguese Authorities—He is Virtually a Prisoner.

London, Sept. 15.—According to the Daily Telegraph Mr. Kruger is virtually a prisoner in the residence of the District British Consul at the Cape of Good Hope. Kruger using Portuguese territory as a base for directing his executive. The French consul has been forbidden access to Mr. Kruger, as have also the latter's own secretary, Mr. Pott, the Netherlands consul, that (Pott), who has acted as the Boer consul agent at Lorenzo Marquez, can no longer be recognized as a representative of the Transvaal, which is now British territory. "I have had an interview with the American attaché, who is somewhat bound," says the correspondent, "and he is of the opinion that hostilities may drag on for a considerable time as the Boers in their despair, threaten to fight to the death. Acting President Schalk Burger arrived here today (Friday) to confer with Mr. Kruger, but he was not permitted to see him and he returned immediately to the Transvaal."

Cures Weak Men Free

A most successful remedy has been found for sexual weakness, such as impotency, varicocele, shrunken organs, nervous debility, lost manhood, night emissions, premature discharge and all other results of self-abuse or excesses. It cures any case of the difficulty, never fails to restore the organs to full natural strength and vigor. The Doctor who made this wonderful discovery wants to let every man know about it. He will therefore send the receipt giving the various ingredients to be used so that all men at a trifling expense can cure themselves. He sends the receipt free, and all the reader need do is to send his name and address to L. W. Knapp, M. D., 1710, Huron Blvd., Detroit, Mich., requesting the free receipt as reported in this paper. It is a generous offer and all men ought to be glad to have such an opportunity.

Boys' Tweed Suits

We consider the boy a most important customer. We are looking for years of trade with him. Therefore if for no other reason, we should take the greatest possible pains in the manufacture of clothing for boys and we do.

These prices are factory prices and can't be met. Bring the boy to the store, or let him come alone,—there's but one price and he will get it. Send the goods back if not right.

GALVESTON DEAD

New Said to Exceed Five Thousand in Number.

Hundreds of Them Buried Without any Attempt at Identification.

Houston, Texas, Sept. 15.—The Post to-day prints a list of 2,701 names of the Galveston dead, compiled from various sources, and believed to be authentic. There were hundreds of bodies buried at sea and in the sand, of which no identification was possible. There were other hundreds buried on the beach of the mainland. There are many bodies still in the ruins of Galveston and scattered along the beach of the mainland and in the marshes where they were thrown by the water. Some of these bodies have been sent twenty miles inland along small water courses by the rush of big waters. Taking all things into consideration, there seems no longer any doubt that the number of dead will reach beyond the estimate of 5,000 by Mayor Jones and other reliable citizens of Galveston. About 1,300 people arrived here from Galveston last night. Four buildings have been set apart for the benefit of refugees, but of the 3,500 who have reached here so far, not more than 800 remain in the public charge, the remainder having gone to the homes of relatives and friends. The Western Union, and the Postal Company expect to have a direct communication with Galveston in a few days.

WHISKEY MEDICINES.

The temperance press is emphasizing the danger to the home in the use of "medicines" which are loaded with whiskey or alcohol. In this respect, Dr. Pierce's Golden Medical Discovery and "Favorite Prescription" contain no alcohol, whiskey or other intoxicant, and are equally free from opium, cocaine and other narcotics. Every family should have a copy of the People's Common Sense Medical Adviser, sent absolutely free, on receipt of stamps to pay expense of mailing and customs. Send 31 one-cent stamps for the book in paper covers, or 50 stamps for cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

HIGHLY SPOKEN OF.

The Saginaw Evening News of Sept. 6 says regarding next Tuesday's attraction of the Grand Opera House: "Fitz & Webster's farce comedy, 'A Breezy Time,' at the Academy last evening was a thoroughly enjoyable entertainment and deserved a much larger audience. While none of the cast were slow it was so warm that they could not create sufficient 'breezes' to prevent the audience from sweating. The entertainment, however, was lively all the way through and filled with amusing situations and good jokes and specialties. The cast is a good one throughout and the costumes are natty and new. 'A Breezy Time' will be repeated this evening. The specialties will be new and there should be a crowded house."
