ARTHUR LYNCH  
UNDER ARREST

Continued From First Page.  
searched, nothing but a small sum of money was found on his person.  
The Irish Nationalists, in the House of Commons to-day, heckled the Minister on the subject of the arrest of Colonel Lynch. They wanted to know why the Colonel had not the same right to surrender as other burglars. The government leader, A. J. Balfour, replied tersely: "He is not a burglar." John Redmond, the Irish leader, and J. G. MacNeill, Nationalist, then turned to the Secretary of State for Home Affairs, Mr. Ritchie, and asked him why he had not fulfilled his ministerial duty in informing the House of Col. Lynch's arrest on the charge of high treason.  
Mr. Ritchie denied that it was his duty to so inform the House, but when the Irish members appealed to the Speaker, William Court Gully, the latter upheld the Nationalist contention that the usual practice was to inform the House of Commons of such an incident through the Speaker.  
Further questions were ruled out of order, and the subject was dropped.  
Lieut.-Col. John Philip Nolan, Nationalist, applied this afternoon for the release of Col. Lynch on bail, but the magistrate said he had no power to grant the request.

Nearly a dozen styles are here at a quarter and as many at 50c. To-day we note a few of the finer straws—all with fine silk bands and good leather sweatbands:—
