Nothing tastes good. Nothing gives pleasure. The mind is dull and sluggish. The will is weak. Little things cause great irritation. What's the matter? The probabilities are that the stomach is deranged and the liver involved.

Dr. Pierce's Golden Medical Discovery makes a man who is run down and dispirited feel like a new being. It cures diseases of the stomach and other organs of digestion and nutrition, stirs the sluggish liver into action, and increases the activity of the blood-making glands, so that there is an abundant supply of pure, rich blood.

Mr. Edward Jacobs, of Marengo, Crawford Co., Indiana, writes: "After three years of suffering with liver trouble and malaria I gave up all hopes of ever getting stout again. The last chance was to try your medicine. I had tried all the home doctors and received but little relief. After taking three bottles of Dr. Pierce's Golden Medical Discovery and one trial of his 'Pleasant Pellets' I am stout and hearty. It is due entirely to your wonderful medicines."

Dr. Pierce's Common Sense Medical Adviser, containing 1008 large pages, in paper covers, is sent free on receipt of 31 one-cent stamps to pay expense of mailing and handling only. Address Dr. R. V. Pierce, Buffalo, N. Y.

THE MARKETS.

THE LOCAL MARKETS

Planet Office, Tuesday evening, July 25.

The following gossip was given to The Planet by John Waddell, of J. B. Stringer and Co's:

The grain-market can be reported in better form this week for all lines mostly. There is an abundance of receipts at present, it being the between seasons period. In the course of three or four weeks new grain is expected on the market in the usual quantities for the time of year, and prices as good or better than last year's opening are likely to be made. Wheat will be a better sample than last year; also the oats and barley, this being the general opinion. New oats may open at 25c to 26c and barley at 75c for good samples. Wheat at 60c. Demand for wheat, both the export and domestic call, is expected to be very brisk this week as also for the coarse grains. Market is sympathizing here with the activity and advance on the other side of the line.

The following are the prices:

Wheat, 63.

Mixed oats, 30c.
