## SUDDEN DEATH

### Unexpected Passing of Thomas McKee, of Essex—Friend of Judge Woods.

Sandwich, Ont., July 31. — Thomas McKee, the veteran clerk of the county of Essex, dropped dead of heart failure about 11 o'clock this morning on the veranda of his home on the corner of Peter and Mill Sts., Sandwich. Although the deceased had not been suffering to the extent of creating any alarm, he seemed to have had a premonition, as he requested his daughter-in-law, Mrs. Thomas A. McKee, not to leave him alone, and the latter was only a few feet away when the old gentleman fell.

Thomas McKee was born on the McKee farm at Brighton Beach, below Sandwich, in May, 1826, and is a descendant of one of the oldest families of other than French extraction, which figure in the history of the early west. His father was a member of the first Canadian parliament. The deceased was for 37 years clerk of the county and had previously acted in like capacity for the township of Sandwich. About 20 years ago he was appointed a customs officer at Sandwich and held that office until two years ago, when he was superannuated. He was a member of St. John's church choir. The deceased was a staunch Conservative, and his son, W. J. McKee, a former member of the legislative assembly, was elected on the liberal ticket.

The deceased was married three times. His first wife was a sister of Canon Johnson. She was the mother of W. J. McKee and Thomas A. McKee, a theatrical manager. Harry C. McKee, of Detroit, is a son by his second wife. His third wife passed away about two years ago.

The funeral will be held on Saturday at 3 p. m. from his late residence to St. John's church; interment in St. John's cemetery. Rural Dean Hinds will conduct the funeral services.

## Loose Leaf Blank Books

In order to keep up with the times by the introduction of time-saving machinery The Planet has commenced the manufacture of a perfect loose leaf system that is not exceeded by any other device in the market. The system consists of a series of blank and other filing devices that have been in use for some years in the United States with much success. Samples of the books can be seen at this office, where prices can be obtained.

## GRANDEURS OF PEAK AND CHASM

The natural attractions of Colorado are by no means confined to her mineral springs resorts, her splendid parks, nor to her beautiful mountain lakes. In whatever direction the traveller may choose by rail, if he go to the mountains, his journey is a succession of glorious scenery, varying in the characteristics of placid beauty, grotesque ruggedness, an awe-inspiring grandeur. Up the canyons, by heavy grades and difficult curves, are stupendous walls rising perpendicularly or gradually sloping back toward the hills, and yet again leaning forward above the chasm, as if threatening to come tumbling down, projecting rocks that hang suspended over the train as it glides smoothly by it in panorama of wonders and grandeur, such as belong only to the Rocky Mountains.

To enable persons to reach Colorado resorts the Union Pacific has placed in effect during the summer months very low rates.

## Drugging Will Not Cure Catarrh

This loathsome disease is caused by germs that invade the air passages of the head and throat and lungs, and can be cured only by inhalation of medicated air. Stomach medicines, atomizers, snuffs are ineffectual, because they fail to reach the cause of the trouble. Catarrhose is successfully because it is inhaled to every part of the breathing organs, and has power to kill the germ, heals the inflamed tissues and prevents droppings in the throat. Catarrhose cures more than one thousand feet of the mucous surface with every breath taken through the inhaler, and affords instant relief. It perfectly cures Catarrh, Asthma, and Bronchitis. Sold by Druggists. Two months' treatment. Price \$1.00. Small size 25c, or by mail from Polson & Co., Kingston, Ont.

The power that prepared the highways of life seems to have arranged that the fingerposts along the prime rose paths shall rarely point to the promised land.—Captain Blunt.
