

From Weak Eyes To Strong Eyes

From discomfort to pleasure—is the work that glasses do—when the proper glasses are properly fitted. Before you can procure the proper glasses, you must have the defect of your eyes examined by an optician—with those delicate mechanical appliances which determine with unflinching accuracy the extent of the error. Then the lenses for your glasses must be so made that they will correct the defect.

We will do all this for you and charge only for the glasses.

MOTOR CARS WIN.

One of the fastest games of baseball that has been played on the local diamond this year was the one yesterday between the Motor Car team and the Wagon Works team. A large crowd was present and the game from start to finish was very interesting.

The game started out lively and the Wagon Works scored three runs in the first innings. Depew was in the box for the Motor Car team, and after the third inning he pitched a good game of ball. He fooled the various batters all through the game and was very effective when men were on bases. His support played well on their positions and no stealing was allowed throughout the game. Snell officiated behind the bat and was good with the exception that he was weak when it came to throwing to second base. "Joker" Hicks made a wild throw over to second base, thus letting Head score, and Cook made two overthrows to first base, thus allowing two men to make bases. Those are the plays that lost the game for the Wagon Works. Cook said that he felt too strong yesterday to play ball and could not help throwing so wild. He was good at the bat, nevertheless, and made two good hits, one a three bagger and the other a two base hit. Wilson at second for the Wagon Works played well, as did also Herd for the Motor Car team. Smith and Grandbois for the Wagon Works made several nice catches, and were also good at the bat. At the last half of the ninth innings the score stood 6 to 4 in favor of the Motor Car team. The Wagon Works got a couple of bases and Grandbois, with a long fly, managed to score a man. Wilson made a hit to short and was thrown out at first, Hicks going to second on the throw and in trying to make third he over-aid the base and was caught out, thus leaving the score six to five in favor of the Motor Car players. The line-up was as follows:

Motor Car—Snell c., Depew p., Elliott 1, Davis 2, Somers s.s., Brundage 3, Herd c.f., Head l.f., Poole r.f. Wagon Works—Hicks c., Westfall p., Page 1, Wilson 2, Kennedy s.s., Cook 3, Horn c.f., Grandbois l.f., Smith r.f.

CHATHAM BOYS' WON.

The Chatham Junior Baseball team went out to Wallaceburg on Wednesday, where they trimmed the "Burg" junior team to the score of 10 to 8 runs. The line-ups were as follows:

Chatham—Lister, Eagan, Glasford, Keats, White, Montgomery, Elliott, R. Montgomery and Cunningham.

Wallaceburg—Rankin, Young, Milson, Delarm, Overy, Martin, Hodge, Clatterland and Trave.

Japanese Peasants Rendered Homeless and Destitute

Entire Town Submerged—Many Persons Are Missing

Tokio, Aug. 30.—In Tokio alone 79,664 persons, rendered homeless by the recent floods, are being cared for by public relief. About the same number are being cared for in the prefecture of Saitama. There is no doubt there are thousands of others homeless elsewhere. The entire towns of Fukuohiyama, near Kioto, was submerged. Many persons are missing. Floods continue to be received. A number of railway tunnels have collapsed and many bridges have been damaged. Several days must elapse before traffic is restored to normal conditions. The route of Tokio's food supply is obstructed by water, and the fish supply is almost stopped. The sanitary authorities of the central Government are already busy with precautionary measures to prevent the outbreak of epidemics of cholera, dysentery and fever in the inundated regions, which cover an extensive area of central Japan. Thousands of peasants and laborers are starving in the central provinces of Japan. The price of rice is higher than ever before, and the rice famine is widespread.

15,000 HOUSES BURNED.

Tremendous Conflagration Almost Wipes Out Japanese City.

Yokohama, Aug. 30.—Advices received from the American consulate at Hakodate, places the loss caused by the conflagration there at \$15,000,000.

About 15,000 houses, varying in value, were burned, and 60,000 persons rendered homeless. Former estimates are regarded as having been too low.

Hakodate is a city of 80,000 inhabitants, located on the northern side of the Tsugai Straits, which lies between the two largest islands of Japan, and through which the Russian Vladivostok fleet steamed on two or three occasions during the war.

PAVEMENT WORK STOPPED

Bligh & Fielder's workmen were called off the work on the Thames street pavement yesterday afternoon.

The receipt of a message received by the first from the city of McKendrie of the Warren Bituminous Company, of Toronto. No reason was given for the issuance of this order.

Mayor Stone, on being informed of this state of affairs, at once tried to get into communication with Mr. McKendrie, to discover what his reasons were for wanting the paving of this street delayed. Up till noon to-day, he had been unsuccessful.

"There should be no delay with this work now," said His Worship this morning. "It is getting too late in the season to take any chances, and I cannot understand what reasons Mr. McKendrie can have for wishing to stop the work."
