PATENTED - - - 1-870.

THIS is one of the most useful Spinning Wheel, invested. It is Quill Wheel, clock Reel, Spinning Wheel, and Swifts, all combined. By means of a clamp, it can be attached to a table or stand, and be used in either a standing or sitting posture. It is quite an ornamental piece of furniture, but when not in use, if desired, can be folded up and laid away in a Barcau drawer. It spins faster and better than any of the old wheels now in use, and with one half the labor.
