Ayer's For restoring to Gray Hair its

gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are determed at the dealer than the same of the same the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formascalp arrests and prevents the forma-tion of daudruff, which is often so an-cleanly and offensive. Free from those deleterious substances which make some preparations dangerous and inju-rious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING nothing else can be found so desirable. Containing neither oil nor dye, it does

not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume. Prepared by Dr. J. C. Ayer & Co., LOWELL, MASS.
