Pittsburg, Sept. 27.—At least 50 persons were more or less seriously injured and several are believed to have met death shortly before noon to-day, when an explosion occurred in the offices of the Columbia Film Exchange rooms, 411 and 415 Ferguson building, running from Third to Fourth avenues, between Smith and Wood streets.

The walls of the building, an eight-story structure, are bulging, while not an office escaped without damage. Windows were blown out and partitions blown down. Several hundred firemen and policemen are now searching the ruins for injured and dead. The cause of the explosion is not known at present. In some manner the inflammable films were ignited, and the next moment a terrific explosion took place. The detonation could be heard for blocks.

Throughout the entire eight-story building the rescuers encountered men, women, boys and girls who were either burned or injured by flying debris.

One Criminal Case to Come Up This Week.

It was reported this morning that the Assizes would open this afternoon at 2:30. Justice Meredith is the presiding judge, and was expected to arrive in the city on the 2:15 train.

Many cases have been laid over until the next Assizes. The lawyers, it is said, on the side, do a little scheming to bring this about because his Lordship is credited with laying technicalities aside and making the lawyers to the mark. There are now only eight non-jury cases and six jury.

The Women's Art Association met for the first time this season, on Saturday morning, in the Board of Trade rooms. Mrs. Calder, President, was in the chair.

In the absence of Miss Rioch, who has not returned from British Columbia, Mrs. J. Mackenzie Gow acted as secretary. The principal business was a discussion regarding the desirability of securing a permanent art studio and commencing an art gallery.

Mrs. Calder and Mrs. Symington were appointed to look at some of the locations proposed and see if they are suitable for the purpose, and on certain terms they can be secured. It has been Mrs. Calder's great desire for many years to see Hamilton have a fine art gallery, and what she undertakes she always carries through successfully. The meeting adjourned to meet again when their report is ready.

On Saturday at noon the employees of The John McPherson Co., office and warehouse staff, assembled to say farewell to one of their fellow-workers, Mr. Robert Foster, who is leaving to pursue his art studies in New York city.

Mr. T. Smith, in a neat and impressive address, in behalf of the employees, conveyed to Mr. Foster the good wishes of his fellows, and sincerely regretted parting, after which he presented him with a purse of gold as a slight recognition of the esteem in which he is held.

Mr. Foster has the enviable distinction of having won the Hamilton Art School scholarship, also of having occupied the position of newspaper artist for some time.

\$25,000 Will be Raised For Y. W. C. A. and Y. M. C. A. A well attended meeting of the Building Committee and trustees of the Young Women's Christian Association, with members of the Central Committee of the Y. M. C. A., was held at the residence of Mr. J. Orr Callaghan on Friday evening, when a full discussion was held regarding the coming campaign to complete the building funds of both institutions. The Y. W. C. A. requires \$15,000, and owing to the plans of the boys' building being larger than was at first contemplated the Y. M. C. A. will require \$10,000. An appeal will be made to the general public for both sums, giving prominence and first place to the effort for the ladies. The teams are being organized, and bright hopes are entertained that both sums will be cheerfully contributed.

WILL GIVE ANSWER SOON. James Street Baptists Will Know Dr. Mill's Decision This Week.

James Street Baptist Church people are not to be kept waiting long for an answer from Rev. Dr. Mills, of Marietta, Ohio, to the call extended to him last week. Dr. Mills is to meet the congregation here next Wednesday evening, and the Marietta papers say he will give his decision this week. The Daily Journal, of that city, says: "The city of Hamilton, to which Rev. Mills is called, contains about 75,000 inhabitants, and is situated at the foot of the mountain range which engirds the famous Niagara fruit belt. It is located on Burlington Bay, at the head of Lake Ontario, and is 40 miles from the city of Toronto and the same distance from Niagara Falls. As a home the city is ideal and presents many advantages. The James Street Church is one of the most beautiful in the city, being of fine Gothic style."

In speaking of the call this morning, Rev. Mills stated that, coming as it did, he considers it a duty to investigate the conditions, and expects to go to Hamilton next week to look over the church and the constituency and to ascertain whether it presents a larger field for aggressive evangelistic work and growth than the present charge. Rev. Mills said: "I consider that the opportunity for a forward movement in Marietta was never brighter than at the present time, and in view of the union evangelistic campaign which is to begin Nov. 3, from which large results are expected, the situation will be one very difficult to decide. The loyalty and self-sacrifice of the church during the past five years have bound the pastor very closely to his flock."

Rev. Mills' decision in the matter will probably be made some time next week, and this will be awaited with the greatest interest by the members of his church and congregation, to whom he has greatly endeared himself by his sturdy devotion to his work and to every cause which seemed to him to be right. Rev. Mills in this city has been much maligned and a much lauded man. But through adverse sentiment and applause he has gone on with his work without wavering in the least and has won a large place in the public estimation as a man of sturdy principles and the courage to fight for them. In case he decides that it is for the best to leave the local church and accept the call to Hamilton, a vacancy will be left which will be hard to fill. The Baptist congregation unanimously hope that the public will refrain from any ill-will, but will give the call and remain in Marietta.

AUTO UPSET. Woman Badly Injured and Others Hurt Near Kingston.

Kingston, Ont., Sept. 26.—While a party was autoing from Yarker to Kingston yesterday afternoon, a serious accident happened near to Cataract, when a tire burst, and the auto swerved and upset. Mrs. F. Benjamin, of Yarker, had her leg fractured, and Miss Benjamin and Mrs. Connolly were bruised and cut about the head and arms. Mr. Benjamin, who was driving the car, was cut about the head. The ladies were taken to the General Hospital, where their wounds were dressed.

NO BY-LAW. To Keep Hamilton Carters Out of Barton Township.

The Barton Township Council held a meeting in Reeve Gage's office on Saturday night. The only question of importance discussed was the passing of a by-law prohibiting city carters from carrying on business the township. This question was brought up at the last meeting of the Council, and it was expected that the township men to supply the needs. In East Hamilton, he said, there were not two carters, and over the mountain there were none, and he could not see how these two could handle all the work. When the Council saw things in this light they decided to lay the question on the table and consider it later. There is a prevailing opinion, however, that the Council would pass the law to keep carters out of the township, but until the township men can satisfy the Council that they are capable of meeting the needs of the people it is unlikely that any steps will be taken to bar the city men.

StOLE GOLD. Police Headquarters Will be Moved From City Hall.

The Markets Committee this afternoon will meet to deal with the question of enlarging old No. 3 police station. Chairman Gardner, Chief Smith and Mayor McLaren had a conference at noon, and it was practically agreed that the best thing to do was to make an addition to the present station, extending it to Mary street. The intention is to move police headquarters from the City Hall to the new addition when it is completed. The Mayor said that if the scheme was carried into effect he could not say what the old police offices in the City Hall would be used for.

MINISTERIAL. Farewell to President and Welcome to New Members.

The Hamilton Ministerial Association met this morning in the board room of Centenary Church, with the Rev. W. H. Sedgewick presiding. The only business conducted was the farewell address to the Rev. J. C. Sycamore, the late president, and the address of welcome to their new president, Rev. Hugh McDermid, of Herkimer Street Baptist Church.

The following resolution, moved by the Rev. D. R. Drummond, and seconded by Dr. Towell, was passed, "The Hamilton Ministerial Association in parting with their president desire to record their deep sense of loss. They recall the delightful fellowship of the six years past, the wise counsel, the readiness for service, the fine Christian manliness and courtesy with firmness of conviction of their esteemed and well-beloved brother. They rejoice in the part he played as a public spirited citizen and leader in all moral reform, and pray for him all happiness and good success in his new field of labor."

In reply, Rev. Mr. Sycamore said he had enjoyed the fellowship of the other ministers and that nowhere had he seen such Christian feeling prevail as he had since he became connected with the Association. He was indeed sorry to leave, but he felt that he must obey the new call to service. His connection with the Association would always be a comforting recollection.

The address of welcome to their new president read, "We are confident that his own church will be greatly advanced through his leadership and service, and that all the churches will find in him a brother worthy of confidence."

The following new members were introduced: Dr. J. V. Smith, Rev. E. B. Laneley, Rev. A. H. Going, Rev. W. J. Smith, Rev. C. S. Applegath, Rev. F. W. K. Harris.

WHERE THEY GROW APPLES. A Glimpse of the Annapolis Valley, Pride of Nova Scotia.

Everyone has seen an apple tree. But how many have seen that paradise of apple trees, the Annapolis valley? If all the other fruit districts of this country, Kootenay included, were boiled down and a new one created having the excellencies of all, it is doubtful if it could compare for real beauty with that magnificent sweep of country which rolls up to the horizon and laughs at the September sun. The Annapolis valley in apple time is a sight for the gods. The horn of plenty is filled there, and the people of the Annapolis valley have had opinions ever since the time of Evangeline. They know a good thing when they see it, therefore they are proud of their apples and of their country. But it seems also as if they are willing to include amongst the objects which induce satisfaction the Goulay piano. For some months past the sales of the Goulay piano in this part of Canada have been growing enormously. The instrument has so many charms, not only of tone and touch, but of case. The designs are most artistic. One does not see in them the solecism of confusing the various Louis types or making a cross between a Sheraton and a Chippendale. When a Goulay piano is made after an excellent drawing model it conforms to the general lines of the period. Perhaps this is one reason why the cultured and tasteful people of the Annapolis valley find satisfying qualities in this, the best instrument, it is claimed, produced in Canada to-day.

NEW STATION. Police Headquarters Will be Moved From City Hall.

The Markets Committee this afternoon will meet to deal with the question of enlarging old No. 3 police station. Chairman Gardner, Chief Smith and Mayor McLaren had a conference at noon, and it was practically agreed that the best thing to do was to make an addition to the present station, extending it to Mary street. The intention is to move police headquarters from the City Hall to the new addition when it is completed. The Mayor said that if the scheme was carried into effect he could not say what the old police offices in the City Hall would be used for.

RACE FOLLOWER ARRESTED. It is alleged that John Bayles, a colored man, stole two overcoats from a wagon in the Jockey Club grounds this morning from William Jones. After the alleged theft he made off up town. A description of the man was given to P. C. Hay, who was on his beat on James street north, and a few minutes after the officer had the man. He was taken to the City Hall and identified by the complainant. Bayles came from Montreal yesterday. He is now in custody.
