When Gerald, the ten-year-old son of Thos. A. Sharkey, died, good-byes to Rev. J. C. McDevitt, previous to his departure with his parents to New York, the kind-hearted clergyman slipped three ten dollar gold pieces into the little fellow's hand. It was a gift for good-byes.

The many friends of Miss Freddie Thomas, who has been ill in St. John for some months, will regret to hear that her health has failed perceptibly of late and that at present she is in a very weak condition. Her mother was summoned to St. John this week, and is now with her.

Two soldiers named Mullin and Fitzgerald are under arrest charged with entering W. E. Snow's tailor shop Thursday night and stealing a quantity of clothing. Their room was searched and the stolen goods found in their possession. Their examination takes place before the Police Magistrate on Monday. The prisoners were first arrested at detached soldiers, or on a three months course, and have been discharged since their arrest.

Allan B. Wilnot, the only son of H. D. Wilnot, M. P. for Sunbury, has successfully passed the law examinations and been admitted an attorney. Mr. Wilnot is an industrious, popular young man, and should succeed in his chosen profession. He will practice here in partnership with C. E. A. Simonds.

W. A. Kerr, who will be remembered as a University student here some nine or ten years ago, is making a name for himself in Minneapolis. He is a lawyer, has built up a good business, and in the elections last week was elected Associate Justice of the Municipal Court. He will hold the position for six years at a salary of \$8,000 a year, and this without interfering with his other practice. Mr. Kerr had about 20,000 votes as a Republican, nearly 10,000 for his Democratic competitor. He belongs to Chatham.

DIFFICULT SURGICAL OPERATION.

Recently Performed at the Victoria Hospital.

Victoria Hospital has been unusually busy during the past month with accidents and operations. Mr. Hughes, school teacher of St. Marys, who got his face so badly lacerated by a runaway horse, some three weeks ago, is able to walk out again.

The progress he has made, has excited anything the doctors had hoped for. Dr. Dow Coburn, who accidentally shot himself this autumn, by the discharge of a heavy load of shot through his right arm is now at the hospital. About four inches of the bone of the upper arm was shattered so badly, that unless a severe operation was performed to remove those fragments, the process of healing with the expectation of getting any bony union, was deemed impossible.

Dr. G. H. Coburn, of this city, assisted by Drs. Coulthard, Crockett, McLearn and Bridges, placed the patient under ether about a week ago, and although it took about two hours, succeeded in getting away all the dead bones, and then wired the sound pieces together with silver wire. The arm is getting stronger day by day, and great hopes are entertained of the doctor retaining the use of the injured member.

A very severe and dangerous operation was performed by Dr. Bridges, assisted by Drs. McLearn, Coburn, Crockett and Coulthard. A man, by the name of Morrow, about 60 years of age, arrived from Harvey a few days ago, with a cancer of the neck and jaw. It was growing very rapidly and doubtless would have spared the victim but a few months longer to live. The patient, although aware of the seriousness of having a surgeon's knife cutting around the most dangerous bloodvessels of the throat and neck, was anxious for a chance, and submitted to having his lower jaw removed, together with the most of the side of the face and adjoining structures. The face after the removal, was repaired by stitching in the skin of the neck, and we are informed that it has begun to grow already, and the man is getting on very nicely. He has to be fed through a tube for awhile till his face is healed.

The Herald is glad to hear such good reports from our own little hospital and thinks it is quite unnecessary for patients to go to Boston, New York, Montreal and elsewhere when such good work can be done at home.

French Canadian Songs.

The third edition of M. Ernest Gagnon's book on Canadian Songs has just come from the press of C. Darveau, Quebec. This book contains a hundred of the songs popular among the French Canadians, the choice falling upon those that are best known, and those that offer a particular type. Many of the songs were brought over from France in the times of Jacques Cartier and Frontenac; some of them have died out there and only survive in French Canada. This makes the book particularly valuable and interesting. Others are of Canadian origin, the songs of the lumbermen, boatmen, cave-songs, etc. M. Gagnon is careful to give the tunes exactly as he heard them sung by the people, even where the rules of modern musical composition are transgressed. The accompanying notes give historical, musical and literary criticism in a most interesting manner. This is a valuable addition to the list of books by Canadian authors, preserving as it does in a permanent form, material of great value, and presenting the subject in a very charming way.

Chansons Populaires du Canada, recueillies et publiees avec annotations, etc., par Ernest Gagnon.

The Probate Court.

Letters of administration in the estate of the late Owen McGoldrick, of this city, were granted to his daughter, Miss Mary A. McGoldrick, Nov. 14th. The estate is sworn at \$2,500, \$2,000 of which is real, and \$4,000 personal. W. J. Barry, proctor.

Letters of administration were granted on the 15th, in the estate of the late Charles Parsons, to the widow, Rebecca Parsons, and Willard Kitchen. The estate is entered at \$3,700 real, and \$1,000 personal. Wesley VanWart, Q. C., proctor.

At the annual meeting of St. Andrew's Society at the Barker House, Monday evening, the following were elected officers for the current year: President, Walter McFarlane; first vice-president, J. L. Inches; second vice-president, Ebenezer Miller; secretary, Oswald S. Crockett; chaplain, L. W. Johnston; treasurer, Jas. Tennant; marshal, Wm. Minto; pipper, Wm. R. Dunbar; committees, to the widow, Rebecca Parsons, and Willard Kitchen. The Society will hold its usual dinner later.

The Herald congratulates A. G. Blair, jr., eldest son of Premier Blair, on his admission to the bar of New Brunswick. Mr. Blair studied in his father's office both here and in St. John, and last June graduated with honors from the Virginia law university. With his strong natural ability, his excellent education in the law, and frank, genial manners, Mr. Blair has every reason to anticipate success in his profession. He will practice with his father in St. John.

A very difficult surgical operation was performed at the Victoria Hospital Thursday afternoon. Drs. McLearn and Bridges, assisted by Drs. Coulthard, Coburn and Crockett, removed a large cancer from the lower jaw of a man named Morrow of Harvey Station. The operation, though difficult, was very successful, and the patient is resting easily.

MOSS LITTER.

A Cheap and Excellent Bedding for Horses and Cattle.

A number of gentlemen in Fredericton have commenced the use of moss litter in their stables and pronounce in an excellent manner, that it is likely to prove a most welcome substitute for straw, sawdust, etc.

Moss litter is obtained in large quantities at Musquash, St. John, and the development of the industry is in the hands of an enterprising company at St. Stephen.

A gentleman who has used the litter extensively in his stables, says that horses and cattle, when bedded upon it, can be cleaned with very much less labor, and the stalls cared for in one-fifth the time it takes when straw is used. It keeps the floor in splendid condition and is highly conducive to its quick and healthy growth. It is very cleansing to the skin, and a white or grey horse will never show a stain when bedded upon it. As a fertilizer it is unequalled, and entirely free from disagreeable odors that usually arise from concentrated manures.

Directions for Using Moss Litter. By observing implicitly the following directions for using moss litter as bedding, the best, satisfaction and economy will be found and the greatest pleasure will ensue from its use: Make the bed at least six inches deep. Scatter the droppings on the bed or four times a day by laying a basket on edge and scraping same into bucket with a shingle or other piece of light wood. This is easily and quickly done and adds very largely to the fertility of the bed. After the first two or three weeks use, when the bedding should get a little moist on top, take a three or four pronged fork every morning and rake the droppings and manure to the edge of the stall, and before the moss is returned to the stall, and plow the moss (by showing fork before one) bringing the bottom moss to the top; then, with a short handled rake, smooth the bed down and it is done for the day. If there should be a very wet spot at any place in the bedding take this out and throw in the edge of stall, in case of a box stall. But in a narrow, standing stall the wet place had better be removed entirely and a shovelful of new moss put in its place. Follow this course every morning and the bedding will last week after week and form a fine, soft bed. Close all severe bedding from all stalls when moss litter is used, as it absorbs every particle of liquid, and when used in liquid injures its fertilizing value. When used in narrow stalls use a piece of plank or deal behind to keep moss in if so desired. Should moss, when first spread, be a little dusty at any time, give it a light sprinkling for a few mornings with a watering can, and it will then wear for weeks without any further treatment in this particular. After using it can be put in any basement cellar without risk, as it never steams and will not rot the timbers or woodwork. It will last as long as a building from three to six months in a box stall according to the season of the year.

Further information may be obtained and supplies ordered from the Canadian Litter Company at St. Stephen, N. B., or on application to John A. Edwards, Queen hotel, Fredericton.

The Football League.

The University football team and the Monctons are both out of the contest for the league championship and cup, and the struggle is between St. John and Sackville. The league standing table is as follows:

Table with 5 columns: Played, Won, Lost, To play, Dr. St. John 5 3 2 1 0, Moncton 5 0 3 2 2, U. N. B. 4 0 3 2 1.

It will thus be seen that if St. John should win the game here Thursday, there will be a tie with Moncton, who has played its last game. A tie would mean playing off on some neutral ground.

The Montreal Star says that A. O. Hastings, the Maritime Province representative of the Lake of the Woods Milling Company, is laid up at his sister's residence, 57 Metcalfe street, Montreal, with a severe attack of sciatica. Mr. Hastings has lots of friends in Fredericton who will be glad to hear of his convalescence.

FROM RURAL DISTRICTS.

Middle Hainesville. Nov. 5.—The farmers in this place have got their crops all gathered in and it is the general opinion that they exceed those of last year.

The recent rains have proved very beneficial to our mill and the heavy machinery can be heard from early morn till late at night. Aaron Price is erecting a kitchen and woodshed, the work being done by Charles Higgins, of this place.

Wm. Jones has gone to the woods for Josiah Walllet, of Millville. George Brown has gone to the woods to cook for J. Grant at Deer Lake.

Mr. and Mrs. David Tucker are receiving congratulations on a certain domestic event—a boy. Price and Staples have commenced operations getting birch timber on the Keewick.

William Yerxa of Macataquack, was through here last week on a business trip. His many friends are always glad to see him.

Rev. J. H. Coy of Woodstock, passed through here last week, en route to Fredericton. Mr. Turner of Upper Keswick preached here last Monday evening.

W. B. Price has commenced lumber operations on the Macataquack getting out maple for W. McFarlane of St. Marys. Miss Hattie Price sprained her ankle quite badly but is getting around again.

Wesley Tucker has gone to Tracy to spend a few days. Hallow eve passed off quietly in this place.

LOWER PRINCE WILLIAM.

Nov. 8.—Dr. J. C. Mott has sold his farm to Dr. Gray. The doctor has been a resident of this place for over a quarter of a century, having settled here when quite a young man and by attending strictly to his practice, won the confidence and esteem of the community at large. He is retiring to Germany to study, much to the regret of his many friends in this vicinity.

Mrs. Roseborough is visiting her sister, Mrs. G. W. Burden. F. B. Burden has returned from a trip to Kingman, Maine.

On Monday the last detachment of our boys left for the woods in the employ of John Anderson, ex-M. P. P.

Rev. M. B. Whitman occupied the pulpit of the Baptist church Sunday morning. Rev. J. Nobles will preach in the F. C. Baptist church next Sunday morning.

Miss Sarah Saunders returned home last week from business trip to St. John. A severe snow storm prevailed here last Tuesday and we have had sleighing for the past few days.

Ten hogs were shipped from this place to the St. John market last Monday. Miss B. Whitehead who has been ill for a few days, has resumed charge of her school.

LADIES.

Nov. 13.—On Thursday last, the 8th inst., Walter R. Price, who was married about two months ago to Miss C. E. Fringle, of Stanley, died at the residence of Saunders Price, with whom he was working. He had had a cold for some
