

NEW ADVERTISEMENTS

CARVELL BROS. H. A. Seamanship Co. Steamship Bros. J. Hayes Wake Up.

LOCAL AND OTHER ITEMS

The Provincial Legislature will likely convene to-morrow. The Stanley did not leave for Plover yesterday owing to the snow storm.

The steamer St. Olaf arrived at Georgetown from Plover on her first trip of the season on Friday.

A bill to suppress gaming and mining work competitions has been introduced into the Nova Scotia Legislature.

Market reports say local changes in bags and bulk bring 60c per bush with very few offerings. Eggs bring 17c per dozen.

The steamer Northumberland made her first trip of the season between Plover and Georgetown on Thursday. She returned the following day.

Scrimshaw harbor is reported clear of ice, and the Northumberland is expected to begin work on the route between here and Point du Chene at the end of this week.

The steamer Carroll and Worcester will again this coming summer ply between this port and Boston. One of the steamers will leave Boston for here, on the first trip, on the 30th inst.

The schooner Reahly, Capt. Miller, sailed Thursday from Charlottetown for Plover with 400 bags of potatoes for the Boston market. Messrs. B. Rogers and Woodman Bros. were the shippers.

Immigrants all immigrants landing at Halifax shall be furnished. Hitherto only the immigrants landing at Halifax for the Boston market. Messrs. B. Rogers and Woodman Bros. were the shippers.

The Windsor & Annapolis railway has purchased the Western Counties railway, and will now control the whole line from Halifax to Yarmouth. A change in name has also been made, and the new line will be known as the Dominion Atlantic railway.

The city assessors have handed over their books to the city clerk. They show an income of \$35,000 and a surplus of \$30,000 in general property. The decrease is due to recent fires and to several firms having gone out of business.

A Bradford, Ont., man recently saw an advertisement in a United States paper offering to send a fine gravestone to the heirs of a certain family. He sent along the money and received one of the new 2c Columbian postage stamps, bearing the name referred to.

Reginald de Koven's new waltz, which one hour played on so many piano novelties, has proved so popular that the April Ladies Home Journal, containing the music, has been found necessary, the first edition of the Magazine consisting of 700,000 copies.

Immigrants have made their appearance somewhat earlier than usual this season. Mr. John McLaughlin, of Boston, had six hundred for sale in the market on Friday. They brought 25 cents per dozen. Catches have also been made at Georgetown and other places.

An Aronstock Me, man is using a razor which is 125 years old. It is one which his grandfather owned, and he has shaved with it every day since he was a boy. He says how many bootlegs it has shaved in its dull days in that period. But the imagination of the hair dresser will not be able to fill the gap.

JAMES McCAUGHEY, aged 16, eldest son of Mr. John McLaughlin, of Boston, was drowned in the harbor on the evening of the 10th inst. In company with another boy he had shot a duck in the pond. To get the bird they constructed a raft, but it went to pieces and McLaughlin was unable to swim and sank almost immediately.

A heavy snow storm arrived at the port office last night by way of the steamer. There are many post office stamps on it. By these it is seen that the half hour was started in San Francisco March 2nd last, and since then he has been through Washington Territory, Columbia, Texas and various other states of the union. The clerks in the Halifax post office put a stamp in it and sent it by the steamer and Annapolis line. It will return here in time to go by the mail to England.—H. Herald.
