## Hr. Grace Notes.

The train with the Shamrock Excursion Party arrived here at 11.40 this morning. A few of the party detrained here, but Carbonear is headquarters to-day. The attraction being Father McCarthy's Garden Party. The day is most suitable for the event and all who fail to have a good time, will have themselves to blame.

Miss Bride Dicks after a very enjoyable visit to friends in St. John's, returned home by the excursion train this forenoon.

The entertainment in the Academy Hall last night given by a St. John's company for the benefit of the Marine Disaster Fund was well patronized and a decided success. It will be repeated in Carbonear to-night.

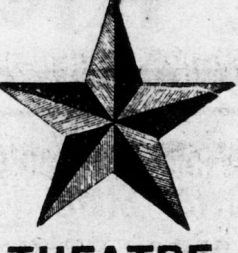

The Veedee Demonstrators are holding forth to-night in the Academy

Hall, and giving free treatment to sufferers from various afflictions. Rheumatism and all such ills will be forced to go hence and be no more seen, or we should say felt.

A large Lunenburg banker with her cargo of fish was taken up on the dock yesterday for painting. The dock works splendidly, and when its advantages become well known will be a profitable concern to the shareholders, and a great benefit to the town.

Mr. James Gould died yesterday at the residence of his son-in-law, Constable Dooley, LeMerchant Street, after a short illness. Mr. Gould was a native of Carbonear, and had passed the four score years allotted to man. He was a man well known and much respected in this town and Carbonear and his death is regretted. To his sorrowing relatives we tender our sympathy. His funeral takes place to-morrow afternoon.

**ROSSLEY**

**THEATRE.**

Thursday, Friday and Saturday another Grand change of Programme.

High Class and Up-to-Date Vaudeville

Songs, Dances, Sketches, Comedies, Farces, Acts, Fun without vulgarity.

Matinee Saturday—Special Act for the Little Ones.

Look out for **SENOIRABEGORRA.**

Mr. James Cody, of Harvey Street, has some very fine early potatoes on the market. They are of the early rose species, and are particularly good for this season. Mr. Cody is a farmer and he knows just when, where and how to plant his seeds.

The Carbonear correspondent of the Daily News in Tuesday's issue insinuates some unkind things of our Regatta Committee. We have not been asked to refer to it, but we think it only fair to say that the committee took every precaution to have all the rules adhered to. Certificates of birth were demanded from Harbor Grace juveniles, as well as Carbonear juveniles. In fact all our citizens are on one mind that the committee has nothing to lay to its charge, and the sword-thrust of the "News" Correspondent will do about as much harm as water on a duck's back.

The race for the Shamrock Cup takes place on the harbor this afternoon.

**Baseball.**

The return game between the Baseball teams of the Nova Scotia mines and the Imperial Tobacco Company took place yesterday at Stancombe's field and was enjoyed by about 400 "fans." The game was close throughout, and intense excitement prevailed when in the last innings with the score 16 to 13 in favor of the Wabana team, the Tobacco Factory managed to put over more runs.

The boys from Bell Island took their defeat very gracefully, and won the favor of the crowd by their exhibition of true sportsmanship.

It was gratifying indeed to see such a large crowd attend, and that it was thoroughly enjoyed was evident by their staying until the last man was out. With the interest now being taken in this new sport, it is safe to assume that within a short time Baseball will become one of the pastimes of this sport-loving community.

The line up and score follow:

Tobacco Factory	Wabana Team	
Duff	Catcher	Ireland
Brown	Pitcher	Proudfoot
Morris	Pitcher	Proudfoot
Hilts	1st Base	Blackwood
McDonald	2nd Base	McKenzie
Ford	3rd Base	Cavanagh
Hartnett	S. Stop	Noonan
Rice	L. Field	Burroughs
Carman	R. Field	Seabourne
McCrindle	C. Field	Pierce

Score: 17-16 in favor of Tobacco Factory; Umpire: Mr. Wyley.

After the game the teams adjourned to Wood's West End Restaurant where an excellent dinner was served, after which speeches and a general good time were indulged in, to the enjoyment of all present.

There passed away on Wednesday morning, after a very tedious illness, Mr. Simeon Sparks, leaving a wife and four sons, Dr. John in Mexico, Robert, at the Reid Newfoundland Electrical Department, Allan in Winnipeg, Thomas, at the King George the Fifth Seamen's Institute, and one daughter, Marie, to mourn the loss of a kind and affectionate father.

## The Shamrock Excursion.

The annual excursion of the Shamrock Club held yesterday was just as successful as ever. At 8 a.m. the train bringing a party of 500 left the station for Carbonear, calling at Brigus, Bay Roberts and Harbor Grace en route. In the afternoon the visitors attended the Garden Party held at Carbonear by Father McCarthy and co-workers. At night a dance was held in St. Patrick's Hall for which the music was supplied by Gunnersen's orchestra, which accompanied the excursionists from the city. Return to town was made at 7 o'clock this morning.

## City Council Appointments.

A special meeting of the Council Board took place on Tuesday evening when the Mayor and all the Councilors were present. The object of the session was to have the position made vacant by the retirement of Mr. Greene filled. The recommendations made at a previous meeting by the Finance Committee, viz., that Accountant Greene be pensioned; Mr. Mahoney succeed him; Mr. Larkin to be second accountant and Mr. Hynes to be collector, were endorsed by four of the Councilors and objected by two. The majority of the Board being in favour of the motion it was carried.

## Yesterday's Holiday.

Yesterday being a general holiday the streets were practically deserted. Some thousands of people spent the day out of town, while all available spots in the suburbs were occupied by picnickers. Notwithstanding this it was a busy day at a few premises along the waterfront, as it was an ideal day for drying fish, and some thousands of quintals were handled.

The contest commences on August 24th and closes September 9th. Crowds of people including His Excellency the Governor went to see the lads off, and as the train pulled out of the station three hearty cheers were given for Lieut. Rendell and squad which were responded to.

Morley, W. S. Wilkinson and 10 in steerage.

## Capt. Lewis Here

The banking sch. Metamora, Capt. John Lewis, came into port yesterday for supplies. She came from Holyrood where the vessel landed 700 quintals of fish which was taken off the Flemish Cap with the last caplin baiting. Capt. Lewis is now looking for squid and reports that the "school" have not yet made their appearance around Holyrood. Capt. "John" is one of the veteran fish killers and will rank foremost among our high liners on the Banks this year.

## At the Butts.

The W. D. Reid cup, the McGregor Challenge medal and the McNab and McNeil prizes were competed for at the Rifle Range yesterday. The shoot over the 200, 500 and 600 ranges in the forenoon resulted in Mr. N. Rice carrying off the McNab handicap prize with a score of 92, closely followed by Messrs. W. J. Higgins, J. W. Morris and L. C. Mews, who each made 89.

In the afternoon the McGregor medal was won by Mr. L. C. Mews, the McNeil handicap prize went to Mr. P. M. Ruggles and the W. D. Reid cup was won by Mr. L. C. Mews who has now captured it three consecutive seasons.

## Missionaries Off.

Rev. S. H. and Mrs. Soper left by Tuesday's express. After a three weeks sojourn in Canada they will go to China where they have been appointed to carry on Missionary work. Mr. Soper is a St. John's man, has always taken an active part in church work in this city and outports and his career so far has been a successful one. A great many people were at the railway station to say good-bye to the missionaries.

## Makes Hair Grow

McMurdo & Co. have an invigorator that will grow hair or money back. The time to take care of your hair is when you have hair to take care of. If your hair is getting thin, gradually falling out, it cannot be long before the spot appears. The greatest remedy to stop the hair from falling is SALVIA, the Great American Hair Grower, first discovered in England. SALVIA furnishes nourishment to the hair roots and acts so quickly that people are amazed.

## A Little Child to Love.

When there's a little child to love the world's a sweeter place, With more of resurrection in the wild old daily race; So many things to think about you never knew before. And one more life to love, my dear —thank God for one life more. When there's a little child to love the weary way turns sweet, With blossoms where we used to find rough rocks beneath our feet; A little child to love and care and pity and behold — Thank God for one more life, my dear, with all its dreams of gold!

## Bruce Passengers.

The S. S. Bruce arrived at Port aux Basques at 6.25 a.m. yesterday with—F. W. and Mrs. Pearce, J. Dexter, W. S. and Mrs. Burnett, J. W. Wallace, A. Davis, H. Kennedy, M. Funnell, Dr. W. M. Grosvenor, M. Halfyard, Rev. W. F. Weir, C. S. Beer, R. McEachren, Miss B. Leaman, Mrs. M. McGregor, Miss M. McGregor, P. Downey and A. E. March.

## Are Tea and Coffee Against You?

They contain *caffeine*—a subtle, habit-forming drug which sooner or later shows in weak heart, short breath, stomach trouble, headache, sleeplessness, rheumatic pains, etc.

Why trifle with such beverages when there's health and comfort in well-made
